

ARKANSAS DEPARTMENT OF AGRICULTURE

LAND USE CONTRACT

I, _____ (Landowner), agree to allow _____
(Name of Landowner) (Must match application and Sec. of State)

(Applicator) to land apply _____ waste from the Applicator's operation located in
(Type of Waste)

_____ County, Arkansas, to _____ acres of my property located in
(County of Operation) (Total Acreage Available)

_____ County, Arkansas.
(County of Application Site)

A description of the areas to be used as waste application sites are as follows:

Site No.	Latitude	Longitude	Available Acreage

*Available acreage is the total acreage minus buffer zone areas.

I am aware that the Applicator or the owner of the operation is to apply waste according to the management plan developed and submitted by the Natural Resource Conservation Service or a registered professional engineer, certified nutrient management planner, and in accordance with the guidelines and conditions set forth by the Arkansas Department of Agriculture (Department). In addition to these guidelines, the following requirements must also be satisfied when applying waste to my land:

I agree to provide or allow the Applicator or owner of the operation to conduct soil analysis prior to land application, as required by the Department for each field listed in this contract. I, further, agree and acknowledge that I may terminate this contract by providing advance written notice to the Applicator.
