This guidance provides information about important changes that the U.S. Department of Transportation (“Department” or “DOT”) is requiring recipients of financial assistance from the Department to make with respect to the Disadvantaged Business Enterprise (“DBE”) and the Airport Concession Disadvantaged Business Enterprise (“ACDBE”) programs.

Background

Recipients of highway, transit, and airport funding distributed by DOT are subject to the requirements of the DBE program, under which they must set goals for participation by small businesses owned and controlled by “socially and economically disadvantaged” individuals.¹ Recipients of airport funding are also subject to the requirements of the ACDBE program, which requires them to set similar goals with respect to airport concessionaires.²

Unfortunately, not all individuals have been treated equally under this program. Instead, Congress has mandated that DOT treat certain individuals—women and members of certain racial and ethnic groups—as “presumed” to be disadvantaged.³ Other individuals do not benefit from that presumption. This means that two similarly situated small business owners may face different standards for entering the program, based solely on their race, ethnicity, or sex.

On September 23, 2024, the U.S. District Court for the Eastern District of Kentucky determined that the DBE program’s use of race- and sex-based presumptions likely does not comply with the Constitution’s promise of equal protection under the law.⁴ Accordingly, the Court issued a

¹ See Infrastructure Investment and Jobs Act (“IIJA”) § 11101(e), Pub. L. No. 117-58 (2021) (reauthorizing DBE program with respect to highway and transit funding); 49 U.S.C. § 47113(b) (DBE program for airport funding); 49 CFR part 26 (DOT implementing regulations).

² See 49 U.S.C. § 47107(e); 49 CFR part 23.

³ Congress has provided that: (1) “women shall be presumed to be socially and economically disadvantaged individuals”; and (2) the term “socially and economically disadvantaged individuals” should otherwise be given the meaning given by section 8(d) of the Small Business Act and its implementing regulations. See IIJA § 11101(e)(2) (B); 49 U.S.C. §§ 47107(e)(1), 47113(a)(2). Section 8(d) of the Small Business Act and its implementing regulations create a rebuttable presumption that “Black Americans,” “Hispanic Americans,” “Native Americans,” “Asian Pacific Americans,” and “Subcontinent Asian Americans” are disadvantaged. See 15 U.S.C. § 637(d)(3); 13 CFR 124.103(b)(1).
