ADAMS NAMED ASSISTANT CHIEF ENGINEER FOR PROGRAM DELIVERY

Erica Adams was named Assistant Chief Engineer for Program Delivery, effective July 25, 2026.

Adams began with ARDOT as an Engineering Intern prior to being hired as a Civil Engineer in Roadway Design in August 2002. In February 2003, she transferred to the Program Management Division where she continued to advance along the engineering career path. She was promoted to Assistant Division Head of the Program Management Division in May 2021 and then to Division Head in May 2023. In January 2025, she was named Assistant Chief Engineer for Planning.

Adams has a bachelor's degree in civil engineering from the University of Arkansas. She is a Registered Professional Engineer. ♦

BAKER NAMED STAFF DESIGN ENGINEER, ROADWAY DESIGN

Jocie Baker was named Staff Design Engineer for the Roadway Design Division in Northeast Arkansas, effective April 18, 2026.

Baker began her career at ARDOT as an Engineer in June 2022. She followed the engineering career path and was promoted to Senior Design Engineer in November 2025.

Baker has a master's degree in civil engineering and a bachelor's degree in civil engineering from the University of Arkansas. She also has a bachelor's degree in physics and math from St. Olaf College. She is a Registered Professional Engineer. ♦

BROOKS NAMED ASSISTANT CHIEF ENGINEER FOR PLANNING

Travis Brooks was named Assistant Chief Engineer for Planning, effective July 25, 2026.

Prior to joining the Department, Brooks worked as a Transportation Planner with the Jonesboro Metropolitan Planning Organization. He began his career at ARDOT in August 2015 as an Engineer in the Transportation Planning and Policy Division. Brooks continued along the engineering career path, where he advanced to Assistant Division Head in September 2023 and Division Head of Planning and Research in July 2024.

Brooks holds a bachelor's degree in civil engineering and a master's degree in public administration from Arkansas State University. He also has a master's degree in philosophy from Indiana University. He is a Registered Professional Engineer. ♦

CALLICOTT NAMED DISTRICT CONSTRUCTION ENGINEER, DISTRICT 7

Cannon Callicott was named District Construction Engineer in District 7, effective April 18, 2026.

Callicott began his career with ARDOT as an intern before being hired as a Civil Engineer II at the Resident Engineer Office in Hope in October 1996. He followed the engineering career path and was promoted to District Engineer in District 1 in March 2019. Callicott has taken the opportunity to move back home to be close to his family and brings extensive experience and leadership to the District Construction Engineer position.

Callicott has a bachelor's degree in civil engineering from Louisiana Tech University. He is a Registered Professional Engineer. ♦

EMBERTON NAMED DISTRICT ENGINEER, DISTRICT 1

Matthew Emberton was named District Engineer in District 1, effective April 18, 2026.

Emberton began his career with ARDOT as a Civil Engineer at the Resident Engineer Office in Hope in January 2008. He followed the engineering career path and was promoted to District Maintenance Engineer in District 1 in July 2015.

Emberton has a bachelor's degree in civil engineering from Arkansas State University. He is a Registered Professional Engineer. ♦

JONES NAMED CHIEF ENGINEER

Jessie Jones was named Chief Engineer, effective July 25, 2026.

Jones began with ARDOT as a Civil Engineer in the Bridge Division in December 2002.

Following the engineering career path, she advanced to Consultant Coordinator in October 2008, Assistant Division Head of Transportation Planning and Policy in February 2011, and Division Head in October 2013. She transferred to the Program Management Division in March 2020, was promoted to Assistant Chief Engineer for Planning in April 2023 and Chief Engineer for Preconstruction in January 2025.

Jones has a bachelor's degree in civil engineering from Arkansas State University and master's degree in civil engineering from the University of Arkansas. She is a Registered Professional Engineer. ♦

KEY NAMED ASSISTANT CHIEF OF FINANCE

Corey Key was named Assistant Chief of Finance, effective July 25, 2026.

Key began with ARDOT as an Auditor in the Internal Audit Division in November 2001 and advanced to Senior Internal Auditor in November 2003. He moved to Fiscal Services as a Senior Accountant in July 2007 where his title changed to Budget and Expenditure Controller in May 2011. Key transferred to Program Management in May 2014 as a Programs and Contracts Specialist II and advanced to the position of Section Head of Program Funding in April 2020 and Assistant Division Head of Equipment and Procurement in July 2023.

Key has a bachelor's degree in accounting from Henderson State University. ♦

MARTIN NAMED STOREROOM SUPERVISOR, DISTRICT 3

Aaron Martin was named Storeroom Supervisor for District 3, effective April 18, 2026.

Martin began his career with ARDOT as a seasonal employee before being hired as a General Laborer in March 2013. He advanced to Single Axle Truck Driver in August 2013, then promoted to Maintenance Aide II in February 2014. He became Area Headquarters Attendant in August 2020 and promoted to Advanced Area Headquarters Attendant in October 2025. ♦

NICKELL NAMED RESIDENT ENGINEER, RE OFFICE #41

Stephen Nickell was named Resident Engineer for Resident Engineer Office #41 in Waldron, effective April 4, 2026.

Nickell began his career with ARDOT as an intern before being hired as an Engineer in the Waldron Resident Engineer Office in January 2011. He followed the engineering career path and was promoted to Assistant Resident Engineer in December 2016.

Nickell has a bachelor's degree in civil engineering from the University of Arkansas. He is a Registered Professional Engineer. ♦

SMITH NAMED MAJOR, ARKANSAS HIGHWAY POLICE

Jeffrey Smith was named Major for the Arkansas Highway Police (AHP) effective June 13, 2026.

Smith began his career with ARDOT in October 2004 as an AHP Patrol Officer. Following the law enforcement path, he advanced to Captain for AHP District 5 in April 2022.

Smith has a bachelor's degree in interdisciplinary studies from Arkansas State University. ♦

STORMENT NAMED RESIDENT ENGINEER, RE OFFICE #62

Jeffrey Storment was named Resident Engineer for Resident Engineer Office #62 in Little Rock, effective April 18, 2026.

Storment began his career with ARDOT as an intern before being hired as an Engineer in the Little Rock Resident Engineer Office in May 2021. He followed the engineering career path and was promoted to Assistant Resident Engineer in August 2025.

Storment has a bachelor's degree in civil engineering from the University of Arkansas at Little Rock. He is a Registered Professional Engineer. ♦

WOODS NAMED CHIEF OF ADMINISTRATION

Crystal Woods was named Chief of Administration, effective July 25, 2026.

Woods began her career with the Department as a seasonal employee in the Personnel Section of the Human Resources Division in May 1990 and continued part-time until completing college in 1993. Upon graduation, she began working as a General Clerk in the Training and Safety Section. In January 1995, she became the Administrative Assistant to the Chief of Administration and Public Affairs. In February 1996, Woods returned to Training and Safety as a Training Specialist. In March 2000, she was promoted to Section Head of Training and Safety and one month later, she obtained the position of Human Resources Officer. She was promoted to Division Head of Human Resources in 2004 and became Assistant Chief of Administration in April 2023.

Woods has a bachelor's degree in business administration with an emphasis in human resources from the University of Arkansas at Little Rock. ♦

WYLIE NAMED ASSISTANT CHIEF ENGINEER FOR DESIGN

Keli Wylie was named Assistant Chief Engineer for Design, effective July 25, 2026.

Wylie began her career with ARDOT as a Civil Engineer in the Roadway Design Division in March 2002. She continued on the engineering career path and advanced to Assistant Division Head of Roadway Design in October 2012. Wylie was appointed as the Connecting Arkansas Program Administrator in December 2012 and was named Alternative Project Delivery Administrator in December 2019. She was promoted to Assistant Chief Engineer for Program Delivery in April 2023.

Wylie has a bachelor's degree in civil engineering from Louisiana Tech University. She is a Registered Professional Engineer. ♦

ARDOT COST OF LIVING ADJUSTMENT & PERFORMANCE-BASED PAY INCREASES

This year, each ARDOT employee received a 2.5% Cost of Living Adjustment (COLA). In addition to this, performance-based pay increases ranged from 0% to 2.5%. Total raises for all employees ranged between 2.5% and 5.0%. The performance-based pay matrix is shown below. The updated salary schedules are located [here](#). These pay raises were reflected on the first paycheck in July. ♦

PERFORMANCE BASED PAY MATRIX

Score Range	6.00 - 5.28	5.27 - 4.86	4.85 - 4.44	4.43 - 4.02	4.01 - 3.59	3.58 - 3.17	3.16 - 2.75	2.74 - 2.33	2.32 - 1.91	1.90 - 1.00

BOARD MEMBER ELECTION RESULTS

BY EMMA GOAD

The Arkansas State Highway Employee's Retirement System (ASHERS) plays a vital role in managing ARDOT's retirement system, ensuring its long-term success. Elections for a new Active Employee Representative to the Board of Trustees was held in June 2026.

Deric Wyatt, Maintenance Division Head, was elected as the new Active Employee Representative and will serve for the period of July 1, 2026 through June 30, 2028. Wyatt replaces Jeff Kaiser whose term expired June 30, 2026.

The ASHERS Board of Trustees meets quarterly to review investment and economic reports, vote on key issues, and discuss changes to ensure the retirement system remains strong and sustainable. ♦

ASHERS **2.57%** COLA (Cost of Living Adjustment) for Fiscal Year 2027 will be awarded with the July annuity payment.

If you have questions, contact the Retirement Section at 501-569-2411.

NOMINATIONS ARE NOW OPEN FOR THE 2026

DIRECTOR'S DIAMOND AWARD FOR OUTSTANDING PUBLIC SERVICE

WHO TO NOMINATE

An ARDOT employee whose actions exhibit long-term excellence while consistently demonstrating our core values year after year.

HOW TO NOMINATE

Click the link below or send a request for a paper form to Jazmine Kumpe at Employee.Relations@ardot.gov or (501) 263-7621.

DEADLINE

Nominations must be received no later than July 24, 2026.

The nomination period for the 2026 Director's Diamond Award for Outstanding Public Service is **NOW OPEN!**

The Director's Diamond Award honors employees who exhibit **LONG-TERM EXCELLENCE** in performance, professionalism, integrity, and teamwork, while consistently demonstrating ARDOT's core values year after year.

This award is not intended for exceptional one-time acts or short-term contributions. It is reserved

for sustained contributions over time that inspire others and advance ARDOT's mission.

As of this year, nominations may be submitted online. Paper nomination forms are still available as well.

**CLICK HERE
TO NOMINATE A COWORKER**

Please submit all paper nomination forms to [Jazmine Kumpe](#) in Human Resources by July 24, 2026. ♦

ARDOT LEAVE POLICIES

Several updates to ARDOT's Leave Policy were announced in Director Jared Wiley's February 2026 video. These changes affect paternity leave, bereavement leave, and the leave year, which impacts catastrophic leave eligibility and donation requirements.

For complete policy details, please refer to the [Personnel Manual](#). Employees with questions regarding leave policies should email Human Resources at personnel@ardot.gov or call (501)569-2454.

PATERNITY LEAVE

What's Changing? For births, adoptions, or foster placements occurring January 1, 2027, or later, paid paternity leave will be reduced from 12 weeks to 4 weeks.

Important Dates:

- Births through 12/31/2026 – Up to 12 weeks of paid paternity leave
- Births on or after 01/01/2027 – Up to 4 weeks of paid paternity leave.

Eligibility Requirements:

- Employees must meet standard catastrophic leave donation requirements outlined in the chart on this page.
- Paternity leave hours will count toward the employee's lifetime catastrophic leave limit of 2,080 hours.
- Paternity leave granted before the February 2026 policy change will not count toward the lifetime limit.

Quick Tip: Maternity leave remains the only catastrophic leave benefit that does not require a donation for eligibility. No changes were made to the maternity leave policy.

BEREAVEMENT LEAVE

What is it? Bereavement leave allows eligible employees to receive catastrophic leave following the death of an immediate family member without first exhausting accrued sick and annual leave.

Eligibility Requirements:

- Employees must meet standard catastrophic leave donation requirements.
- Leave taken will count toward the employee's 2,080-hour lifetime catastrophic leave limit.
- An application and supporting documentation must be submitted.

Quick Tip: Bereavement leave must be used within the four weeks immediately following the date of death of an eligible immediate family member. Employees may use up to 40 hours of bereavement leave per leave year, regardless of the number of qualifying deaths that occur during that year.

LEAVE YEAR

What's Changing? ARDOT's leave year is transitioning from April 1 – March 31 to the calendar year January 1 – December 31.

Leave Year Schedule

Leave Year	Dates
LY2026-1	Ended 03/31/2026
LY2026-2 (Transition Year)	04/01/2026 – 12/31/2026
LY2027	01/01/2027 – 12/31/2027

Why it Matters: The leave year affects catastrophic leave donation timing and catastrophic leave eligibility.

Catastrophic Leave Donation Requirements

Donation Period	Hours	Eligibility Period
04/01/2025 – 03/31/2026	8	04/01/2026 – 12/31/2026
04/01/2026 – 12/31/2026	4*	01/01/2027 – 12/31/2027
01/01/2027 – 12/31/2027	8	01/01/2028 – 12/31/2028

* Employees may donate 8 hours during the transition period, but only 4 hours are required to maintain eligibility for the following leave year. ♦

NEW SAFETY MEASURES AND TRAINING COMING SOON

BY RUTHIE BERRYHILL

ARDOT has always taken safety seriously – it is included in our mission and is one of our core values. As part of continuing safety efforts, ARDOT is installing new security technology at all our facilities statewide. In addition, the Arkansas Highway Police (AHP) will facilitate new active shooter response training for employees.

Over the next several months, ARDOT will upgrade camera systems at all Department facilities, with additional cameras in some areas. AHP will have oversight over the camera recordings. The upgrades to the system will occur in phases, with work expected to be completed in most areas by fall 2026.

As part of this upgrade, all facilities will be on the same access control system. This means that all facilities will have the same type of badge-in entry (or access) points.

AHP instructors will provide new in-person active shooter training with a complementary online portion. This training is different from what most current employees have had previously and will provide updated content with an emphasis on what to do during an active shooter incident, what to expect from a law enforcement response, and how to help after an incident. The new training will be rolled out in late 2026 or early 2027. ♦

KEEP ARKANSAS BEAUTIFUL MOVES TO ARDOT

BY LACEY KANIPE-MARSH

During this year's Fiscal Session, the Arkansas State Legislature voted to transfer the Keep Arkansas Beautiful Commission from the Department of Parks, Heritage, and Tourism to ARDOT. The Keep Arkansas Beautiful staff transferred to ARDOT's Communications Division and

is operating as the Office of Keep Arkansas Beautiful, helping ARDOT support our mission of reducing litter and maintaining clean roadways in Arkansas. This transfer took effect at the beginning of the new fiscal year, which began July 1. ♦

FORMER ECONO LODGE SERVES AS SWING SPACE DURING REMODELS

BY RUTHIE BERRYHILL

On November 7, 2025, ARDOT purchased the Econo Lodge property adjacent to the Central Office Tower building in Little Rock for additional office and parking space at the Central Office Campus. Built in 2009, the hotel is currently being used as a “swing space” to temporarily house offices while the main building is being renovated.

“The advantage of us working in the hotel as opposed to being remote is that we still have the physical proximity to each other,” David Baker, Roadway Design Division Head, said. “Staff can come down the hall and ask questions.”

Thirty-three rooms were converted into office space, with each room capable of accommodating two to three employees. Prior to moving ARDOT staff to the property, new paint, lighting, and flooring were installed, conduit and fiber cables were placed underground to connect

the hotel to the main network, a portion of the lobby was converted into a conference room, and security cameras and badge scanners were installed. A gate and fence encompass the grounds with badge access for employees.

“The best part is the really close parking – it’s like 10 steps out the door to where I parked as opposed to all the way across the campus,” Jonathan Gentry, Advanced Structural Engineer, said.

The fifth and sixth floors of Central Office, encompassing Bridge, State Aid, and Roadway Design divisions, moved into the new swing space the first week of May – the first group to be housed there. Central Office renovations for the affected floors are expected to take four to five months, with completion expected in the fall.

Long-term use of the property has not been determined, but several options are being considered. ♦

ON THE DOT: AN ARDOT PODCAST

BY RUTHIE BERRYHILL

ARDOT is launching a new podcast, "On The DOT: An ARDOT Podcast." The podcast will cover all things ARDOT and will be available on YouTube and major streaming sites like Spotify, Apple, and Audible.

The first episode, "More Than Potholes: An Intro to ARDOT" gives an overview of the Department, helping people understand who ARDOT is and the many things we do.

"We'll start by introducing ourselves and telling a little about our history," ARDOT Director Jared Wiley said. "We hope to get the word out about what we're working on and why we're doing it and highlight some of the success stories you might not hear about otherwise."

Other episodes will take a more in-depth look at topics like Department history and districts, and delve deeper into more specific subjects, like bridge demolition. Hosts and guests will vary, based on the topic of the episode.

The podcast is produced by the Communications Division and filmed in a studio at ARDOT's workspace in the former Econo Lodge across from the Central Office Tower building in Little Rock. Be on the lookout for an announcement of its launch date. ♦

ARDOT CELEBRATES MENTAL HEALTH AWARENESS MONTH IN MAY

BY RUTHIE BERRYHILL

In May, ARDOT celebrated Mental Health Awareness Month with activities that promoted employee wellness and building healthy habits together. Employees could participate in a group walking challenge initiative, attend Lunch and Learns, and take part in a Paws for a Purpose outreach visit.

“Laughter is the best medicine and honestly, that’s what stood out to me the most about everything we did – I didn’t see anybody that wasn’t smiling at any of these events,” Alicia Hunt, Human Resources Division Head, said.

More than 40 employees signed up for the walking challenge and were divided into nine walking teams. Participants were asked to complete two 15-minute walks each day, indoors or outdoors, take a weekly photo, and log their walks in a spreadsheet maintained by Human Resources. The initiative’s goal was to boost employee health, increase energy, and build stronger connections through group walking. The walking challenge participants walked a total of 369 miles in May.

Two Lunch and Learn sessions were offered to employees on topics related to mental health. The first session, “Why Zebras Don’t Get Ulcers (Stress Management for Humans)” was held May 12 with host Dr. Elisabeth Sherwin, Professor of Psychology and Chair of the Department of Psychological Science at the

University of Arkansas at Little Rock. Eighty employees attended the session and learned about managing stress, improving communication, strengthening resilience, and making more informed decisions.

The second session was held as a virtual meeting on May 28 with Morgan Rost, a representative from the Lucet Employee Assistance Program, with a presentation about benefits available to staff through the program. Fifty-four people logged in during the virtual session, gaining knowledge about the resources available to them and their families.

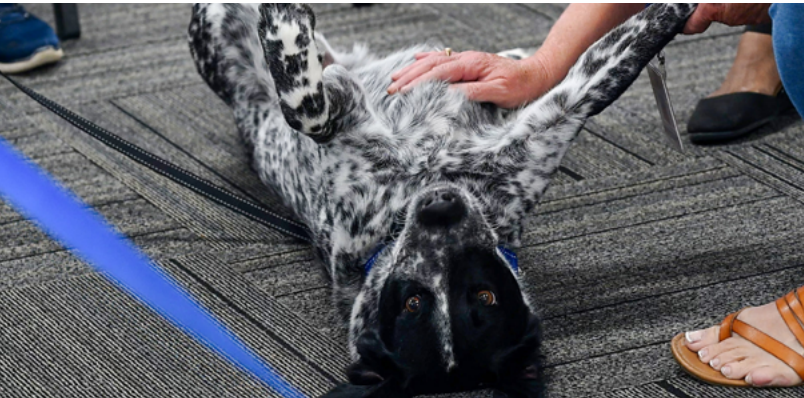

On May 19, employees took part in a Paws for a Purpose outreach visit in the auditorium of the Central Office. Staff signed up in advance for a 15-minute group session with handlers and therapy dogs, Stella and Billie Joe. The dogs and handlers are part of Central Arkansas Pet Partners (CAPP), a local nonprofit that focuses on animal-assisted therapy and community outreach. Seventy staff members stopped by for a tail-wagging time. Learn more about the visit on page 17.

“We all have lives outside of ARDOT,” Hunt said. “We have stress, challenges, relationships, and responsibilities and that’s just part of who we are. Being able to look at the whole person and having mental health awareness be part of the conversation is part of building ARDOT’s culture.” ♦

THERAPY DOGS

Visit Central Office for Mental Health Awareness Month

BY RUTHIE BERRYHILL

In observance of Mental Health Awareness Month, ARDOT Central Office staff had a special visit from some furry friends on May 19. Central Arkansas Pet Partners (CAPP), a nonprofit organization based in Little Rock, brought two therapy dogs to visit with staff and provide a chance for them to recharge, relax, and enjoy some pet therapy during ARDOT's Paws for a Cause event.

CAPP focuses on animal-assisted therapy and community outreach and works to provide comfort, emotional support, and stress relief through interactions with animals. According to CAPP, studies have shown that spending time with animals reduces cortisol levels and supports overall well-being.

Staff reserved an appointment time to participate in small group visits with the CAPP animals and their

handlers in the ARDOT auditorium. Appointments were offered in 15-minute increments to allow as many staff members to participate as possible.

Billy Joe, an English pointer, and Stella, an English retriever, charmed the crowd and many employees left with smiles on their faces. Billy Joe is a high-energy dog who enjoyed performing tricks and getting pets. Stella is a mellow, patient dog who enjoyed sitting in a chair and letting people come up to pet her.

"The Paws for a Cause event was a great reprieve from the day-to-day work routine," Dixon Deering, Communications Publications Specialist, said. "Whoever decided to have both a high-energy dog and a mellow dog at the event needs to know that it was a fantastic idea. I hope the success of this event sparks opportunities for more events like this at ARDOT." ♦

A LIFE IN SERVICE: MAJOR ROSS BATSON RETIRES

BY EMMA GOAD

Major Ross Batson (center) celebrates his retirement with family, friends, and colleagues following a distinguished career of service with the Arkansas Highway Police.

(L. to R.) Major Ross Batson and Chief Jeff Holmes

Some people are built for public service. Major Ross Batson is one of those people.

Batson grew up in Arkadelphia watching his father, a World War II veteran, climb telephone poles for the electric company, and his mother nurse patients before becoming a nursing professor at Henderson State University. It was never a question of whether he would serve, only how.

By 1979 he was a certified EMT, sleeping nights at the ambulance service and rushing to the Emergency Room between college classes. Then came the Army, then the National Guard, then a sheriff's deputy badge slid across a counter on his 21st birthday.

He arrived at a brand-new Springdale Arkansas Highway Police (AHP) station in 1986 and never looked back.

What followed was a majorly decorated career with the AHP. Batson became one of only nine certified truck

inspection instructors in the entire nation, traveling the country teaching other agencies the craft. He built Field Training Officer (FTO) programs, launched statewide audit initiatives, commanded special operations, and spent countless nights protecting highway workers in construction zones.

"People do not realize the knowledge that the Highway Police have," Batson said.

His favorite part of the job is teaching the next generation. "It's fun to show them what's going on and explain the importance of the Highway Police."

Now it's time for travel, hobbies, and the family he built, including his wife of 36 years, who he met working in the office.

"It's hard to leave," he said. "That's how you know it was good."

His legacy rides on with every officer he ever taught. ♦

BY RUTHIE BERRYHILL

ARDOT employees, families, and friends gathered in Little Rock on June 11 for the 35th Annual Equipment Operators Rodeo Finals. One thing was different this year – the finals were held at the Arkansas State Fairgrounds, the first time at this location and the first time the state finals have been held at a non-ARDOT facility.

"As our event has grown, we reached a point where we can be more accommodating to our competitors, judges, staff, family members, and visitors by moving off-site, especially in regard to parking, amenities, and better course layouts," Danny Keene, Equipment and Procurement Division Head and Rodeo Official, said.

Every year, employees around the state meet in Little Rock to compete in the Rodeo Finals, an event that allows them to show off their skills, participate in friendly competition, and share knowledge with each other. The Rodeo builds on skills they use every day in their work with ARDOT.

"The dedication our employees have for their work proves they are truly professionals and masters of their

trade," ARDOT Director Jared Wiley said. "I'm thankful to all who participated in this year's state finals – the real winners from your talents are the citizens of Arkansas that we serve."

This year, employees competed for the top spot in each of these categories: Single Axle Dump Truck, Tandem Axle Dump Truck, Tractor Trailer/Lowboy, Tractor/Mower, Backhoe, Motor Patrol, and Skid Steer. An overall team winner was also chosen. The top three competitors in each category were awarded on stage, as well as this year's winning team, District 8.

The two highest performers for each category will travel to Hampton, Virginia in October for the regional competition.

Check out the video to see the competition in action. ♦

The Motor Grader competition during the State Rodeo showcases precision, skill, and control.

STATE ROADEO TEAM CHAMPIONS - DISTRICT 8

(L. to R.) Equipment & Procurement Division Head Danny Keene, Joe Knight, Allen James, Jacob McWilliam, Jacob Chronister, Colt Holland, JD Oels, Tommy Bull, Thomas Brannen, Sherman Goates, Darrell Carter, District Engineer David Ross, Director Jared Wiley

(L. to R.) First Place: Nick Epps, District 6; Second Place: Jacob McWilliam, District 8; Third Place: Harrison Gabbard, District 4
