

Title: Senior Construction Project Coordinator	Effective Date: June 14, 2025	Grade: XVI	Job Category: Professional
Prior Title: Initial Distribution	Prior Effective Date:	Grade:	Page: 1 of 2

CHARACTERISTICS OF WORK

Under the direction of the Resident Engineer, this position is responsible for the oversight and monitoring of construction project(s) to ensure adherence to the plans and specifications and for assisting in overall operation of the office.

EXAMPLES OF WORK

The following examples are intended only as illustrations of various types of work performed. No attempt is made to be exhaustive. Related, similar, or other logical duties are performed as assigned. The Department may require employees to perform functions beyond those contained in job descriptions. The Department may modify job descriptions based on Department needs. The Arkansas Department of Transportation is an "at will" employer.

- Assure without immediate direct supervision the effective and complete adherence to approved plans and specifications to result in correct construction of projects.
- Oversee and coordinate Inspectors and Construction Aides to assure adherence to specifications.
- Coordinate the maintenance of records to ensure proper estimate payments in accordance with Department policies.
- Oversee and perform analysis, planning and recommendation of needed changes so that projects will be correctly constructed.
- Oversee and assist in preparation of final estimates.
- Maintain professional human relations with contractor and public to facilitate cooperation and coordination of the project.
- Employee is required to frequently drive a Department vehicle to various locations within the District.
- Assist in the guidance and training of office and field personnel.
- Act for, and in the name of, the Resident Engineer in that person's absence if there is not an Assistant Resident Engineer assigned to the office.
