Report on Compliance with Sentencing Guidelines 2014 Court Data

[This Page Intentionally Left Blank]

Introduction

The Arkansas Sentencing Standards, as defined in Act 532 and 550 of 1993, serve the purpose of equity in sentencing. They were established for crimes committed January 1, 1994 and thereafter. Although voluntary, these standards seek to encourage that sanctions imposed following conviction are proportional to the seriousness of the offense of conviction and the extent of the offender's criminal history. This allows for proportionality in sentencing by creating a balanced correctional system with a continuum of sanctions that reserves the most serious sanctions for the most serious offenders.

The sentencing standards structure is manifested in the Arkansas Sentencing Standards Grid (the Grid), which has been adopted by the Arkansas Sentencing Commission (ASC) pursuant to legislative authority and the Administrative Procedures Act. Determining the sentence that is recommended by the Grid, or the "presumptive sentence," is a starting point for the sentencing process. A presumptive sentence for a typical case is determined on the Grid by comparing offense seriousness and criminal history. The presumptive sentence is not intended to be the sentence in a particular case unless, in the judgment of the prosecutor, the defense attorney, and/or the judge, the offense represents a typical case based upon their experience and knowledge. If the case is atypical, the procedure is defined for departing from the presumption. When there is a departure from the presumptive sentence, written reasons must be provided by the parties to the court. Departure criteria and procedures are determined by statute.

The Report and the Public Safety Improvement Act

In 2011, the Arkansas Legislature mandated that the ASC produce annual reports regarding compliance with the sentencing guidelines including the application of the voluntary presumptive standards and departures from the standards. This Report is a result of that mandate. In four parts, this Report provides both a county-by-county and statewide accounting of the results of sentences to the Department of Correction and Arkansas Community Correction. Part I of the Report describes the methodology used to collect and analyze the data from cases disposed in the State's circuit courts during CY 2014. Part II provides information on these cases from a statewide level. Part III compares data collected in CY 2014 to data collected in CY 2012 and CY 2013 to provide an easier comparison of trends in sentencing. Part IV reports this information on a county-by-county level. The Report also provides information on the average sentence length for sentences by offense type and severity level according to the sentencing guidelines, the percentage of sentences that are an upward departure from the sentencing guidelines, and the average number of months above the sentences recommended by the sentencing guidelines.

The ASC conducts annual continuing legal education seminars regarding the sentencing guidelines for judges, prosecuting attorneys and their deputies, and public defenders and their deputies. These seminars are certified by the Arkansas Continuing Legal Education Board and cover such topics as the sentencing guidelines, Arkansas Department of Correction time computation and parole eligibility status, Parole Board policies, Arkansas Community Correction programs and policies, the Sealing of Records, and Sentencing Order preparation. Individualized training on the sentencing guidelines and the Sentencing Order is also available for prosecutors and their staff at the Sentencing Commission offices. The ASC has trained over 500 criminal justice practitioners, including judges, prosecuting attorneys, defense attorneys, and their staffs.

Data for this report was collected from the Sentencing Order in an electronic data entry tool and database developed by JFA Associates, Denver, CO. The Prosecutor Coordinator's Office (PCO) provided installation of this database and created a "bridge" program that would allow the PCO Case Management System and the database to work together. We would like to take this opportunity to express our appreciation to PCO, Prosecuting Attorneys, Circuit Clerks, Judges, the Administrative Office of the Courts, and their staffs for their assistance in this data collection effort.

PART I. METHODOLOGY

The report that follows was prepared from a database created with the Arkansas Sentencing Commission. Following the passage of Act 570, in 2011 the Arkansas Sentencing Commission (ASC) embarked on a statewide project to create an electronic data entry tool, called the ASC Database, to collect information provided on the newly created Sentencing Order Form. The ASC Database program was created by JFA Associates, an outside contractor, and statewide installation began in January of 2012. The ASC standalone program allows prosecutors to create and print a Sentencing Order via an easy-to-use Windows based interface. It was built with mandatory fields and safeguards to ensure appropriate sentencing and departure information is provided for collection and reporting purposes. Users are also able to recall and amend previously entered orders with updated sentencing information. Information is stored in a Microsoft Access database and submitted to the ASC for use within this report.

Installation of the ASC Database was provided by the Prosecutor Coordinator’s Office (PCO) and was offered to each county. PCO provided further assistance and resources by creating a “bridge” program, called the PCO Bridge, which would allow prosecutors working on the PCO Case Management System to auto-fill information into the ASC standalone program. This provides ease-of-use and removes redundancy of data entry. Once installation was offered, counties fell into three categories: 1. Counties using the PCO Bridge to generate the information entered into the ASC Database; 2. Counties solely using the ASC standalone program; and 3. Counties not using the ASC Database and sending paper forms to the ASC. Table A shows each county and their data submission category.

TABLE A

County	PCO Bridge	ASC Standalone Program	Paper Forms

Washington			X
White			X
Woodruff			X
Yell	X		X

As seen in Table A, 37 counties are using the PCO Bridge, 10 counties are using the Standalone Program, and 65 counties are using paper forms. Every paper form not created using the PCO Bridge or the Standalone Program was hand entered by the staff at the ASC. It should be noted this was a large, time-consuming task for the ASC that can hopefully be avoided in future years.

Once all of the data was collected, a data cleaning and merging process was conducted. First and foremost, data was limited to Sentencing Orders with a CY 2014 court date received by the ASC that were submitted to the circuit judge for signature and filed in the Office of the Circuit Clerk. District court cases, including those originally charged as a felony and disposed of as a misdemeanor, are NOT included in this report. Therefore, this report should not be used in determining overall caseload for any specific county. Table B summarizes the additional cleaning process of the data analyzed in this report.

TABLE B

Total Number of Offenses	63,691
Average Number of Offenses Per Case	3.0
Total Number of Cases	29,609
Total Nolle Prossed/Dismissed/Acquitted	2,851
Total Misdemeanors	2,063
Total County Jail	151
Total Cases Eliminated	5,065
Total Number of Most Serious Offenses Per Case	24,544
No Case Number and/or Name	52
Non 2014 Court Date	0
Missing Criminal History Score	1,083
Cannot Determine Imposed Location	62
No Offender Sentence	82
Total Number of Case-Offenders Included in Analysis	23,265

The data that comprises this report was extracted from all Sentencing Order forms submitted. The total number of offenses submitted was 63,691 with an average number of offenses per case per offender of 3.0. From this universe of cases and offenses per offender, 2,851 nolle prossed/dismissed/acquitted cases were eliminated first. From the remainder, 2,063 misdemeanor cases and 151 county jail cases were eliminated.

From there an offense hierarchy was applied to determine the most serious offense per case per offender (case-offender). Thereby, each felony sentencing event, per case and per offender, is recorded in the data presented. For example, if an offender had multiple cases in the year, the offender was recorded multiple times in the data presented – once for each case. Similarly, if one case has multiple offenders, each offender’s felony sentencing event was recorded in the data present.

Hierarchy of Most Serious Offense Determination (Ranked highest to lowest)

- I. Capital Murder, § A.C.A. 5-10-101, which is not an attempt, solicitation, or conspiracy. This offense is excluded from the guidelines and will not have a seriousness level. Sort by the following sentence order:
 - A. Death
 - B. Life without parole
- II. Seriousness level as determined by the guidelines (10 – 1)
- III. Felony Class – Y, A, B, C, D, and U
- IV. The most serious sentence type in the following order:
 - A. ADC – use the offense with the longest imposed sentence,
 - B. Judicial Transfer – use the offense with the longest imposed sentence,
 - C. Probation – use the offense with the longest sentence, and
 - D. Suspended Imposition of Sentence (SIS) – use the offense with the longest sentence.
- V. If there are still duplicates, choose the first offense listed for the case which meets the above criteria.

Following the application of the most serious offense hierarchy, a total of 24,544 felony sentencing events was established as the N of cases for CY 2014. Of these, 1,083 cases were missing a criminal history score, 52 had no case number or name, and 82 did not have a sentence. Additionally, 62 cases were eliminated from further analysis because the imposed location could not be determined.

At the conclusion of the data analysis and editing process, a total of 23,265 cases were available for analysis for this report.

PART II: STATEWIDE ANALYSIS

STATEWIDE DEPARTURES

Table 1 provides the number of cases for all counties, including information regarding departures. Specifically, this table provides the number of cases with a “Yes” departure, the number of cases with a “No” departure, and the number of cases to which the guidelines are not applicable (“N/A”) such as jury trials and probation revocations. This information was gathered from all Sentencing Orders with a court date in CY 2014 which were entered into the ASC Database by a prosecutor’s office or by Sentencing Commission staff. Departure status is determined by the criminal history score and seriousness level of the offense reported on the Sentencing Order. Statewide totals at the bottom of the table serve as the baseline by which county statistics are compared. The overall departure rate is calculated by dividing the “Yes” departures (6,584) by the total number of cases minus the number of “Not Applicable” cases (23,265 – 4,805). To assist persons who are reading this report for the first time in glean information from the data provided, an example of how to read each table will be provided.

Example for Table 1:

In Table 1, 147 cases from Arkansas County were examined. These cases represent the most serious offense for each offender per case. These 147 cases represent 1 percent of all cases examined statewide. 26 (or 18 percent) of these 147 cases had a “Yes” departure, 102 (or 69 percent) of these 147 cases had “No” departure, and 19 (or 13 percent) of these 147 cases were not applicable to departure analysis.

Significant Statistics:

- Excluding non-applicable cases, the statewide departure rate in 2014 was 35 percent. This is on-par with the rate in 2012 of 36 percent and 37 percent in 2013.
- 21 percent of cases in 2014 had offenses not applicable to departure parameters.

TABLE 1
STATEWIDE CASE DEPARTURES BY COUNTY 2014

County	Number of Cases	Percent Total Cases	Departures					
			Yes Departure	Percent County	No Departure	Percent County	Not Applicable	Percent County

Source: Arkansas Sentencing Order Form

DEPARTURE TYPE

Table 2 provides the number of cases for all counties by departure type. This information was gathered from all Sentencing Orders with a court date in CY 2014 which were entered into the ASC Database by a prosecutor's office or by Sentencing Commission staff. Departure status is determined by the criminal history score and seriousness level of the offense reported on the Sentencing Order.

A durational departure occurs when the sentence an offender receives for a case's most serious offense is higher or lower than the presumptive sentence established in the Arkansas sentencing guidelines. Specifically, this is when an offender is sentenced to a greater or lesser amount of months to the Arkansas Department of Correction (ADC).

A dispositional departure occurs when the location of an offender's sentence differs from the presumptive sentence established in the Arkansas sentencing guidelines. "Location" refers to one of the following options for placement of the offender after sentencing: prison, judicial transfer to a community corrections center (CCC), probation, suspended imposition of sentence (SIS) or other alternative sanctions (AS).

If both a durational and dispositional departure occurs, the offender's departure is classified as "both."

"No" indicates that no departure occurred.

To read Table 2: Statewide totals at the bottom of the table are a baseline by which county statistics can be compared. Table 2 presents departures as either "Upward" or "Downward." Upward departures include all durational departures with months above the presumptive sentence, dispositional departures with a presumptive sentence of CCC/AS and an imposed sentence of ADC, a dispositional departure with a presumptive sentence of AS and an imposed sentence of ADC or a Judicial transfer to CCC, and all both departures with a sentence above the presumptive sentence. Downward departures include all durational departures with months below the presumptive sentence, dispositional departures with a presumptive sentence of ADC only and any other imposed sentence, and all both departures with imposed sentence below the presumptive sentence. "No" still indicates that there was no departure from the Arkansas sentencing guidelines.

Example from Table 2:

In Faulkner County 392 cases (or 68 percent) of the total Faulkner County applicable cases had "No" departure, 168 cases (or 29 percent) of the total Faulkner County applicable cases) had an upward departure, 18 cases (or 3 percent) of the total Faulkner County applicable cases) had a downward departure.

Significant Statistics:

- Excluding non-applicable cases, 29 percent of all cases statewide in 2014 received an upward departure. This is on-par with the 2013 rate of 30 percent and the 2012 rate of 28 percent.
- Excluding non-applicable cases, 7 percent of all cases in 2014 received a downward departure. This is identical to the rate in 2013 of 7 percent of all cases and on par with the rate in 2012 of 8 percent of all cases.

DURATIONAL DEPARTURES

Table 3 provides the number of cases for all counties by type of durational departure and the average number of months the imposed sentence was above or below the presumptive sentence. This information was gathered from all Sentencing Orders with a court date in CY 2014 which were entered into the ASC Database by a prosecutor's office or by Sentencing Commission staff. Departure status is determined by the criminal history score and seriousness level of the offense reported on the Sentencing Order.

To read Table 3: Statewide totals at the bottom of the table serve as a baseline by which county statistics are compared. County names are listed in the first column. The second column lists the number of cases with a durational departure below the presumptive sentence. The third column lists the percentage of the county's total cases with a durational departure below the presumptive sentence. These percentages are calculated based on the total number of applicable cases. The fourth column lists the average number of months below the presumptive sentence. The following three columns list the same information for durational departures above the presumptive sentence.

Example from Table 3:

In Lafayette County 3 cases (or 10 percent) of the total Lafayette County applicable cases had a downward durational departure. Of these 3 cases, the average months below the presumptive sentence was 22 months. In Lafayette County 14 cases (or 45 percent) of the total Lafayette County applicable cases had an upward durational departure. Of these 14 cases, the average months above the presumptive sentence was 49 months.

Significant Statistics:

- 8 percent of statewide applicable cases in 2014 had a durational departure below the presumptive sentence. This is identical to 8 percent of statewide applicable cases in 2013, and on par with 6 percent of statewide applicable cases in 2012.
- Of the cases with a sentence below the presumptive, the average number of months below the presumptive was 56 months.
- 19 percent of statewide applicable cases in 2014 had a durational departure above the presumptive sentence. This is on-par with the 20 percent of statewide applicable cases in 2013 and 2012.
- Of the cases with a sentence above the presumptive, the average number of months above the presumptive was 58 months.

DEPARTURE BY ASSIGNED LOCATION

Table 4 provides a comparison of statewide departure types by initial assigned location after sentencing for offenders. Assigned location is the initial assignment after sentencing of the offender within the Arkansas criminal justice system. Initial assignment after sentencing can be: prison or ADC, a Community Corrections Center (CCC) via judicial transfer, probation or SIS (PROB/SIS), or special conditions. “Special conditions” refers to all other sentencing options including but not limited to: fines, court costs, and community service.

Departure types have been separated into groups to present greater detail. Cases not applicable to the guidelines have been excluded from this table. “No” still indicates that there was no departure from the Arkansas sentencing guidelines. “Yes” indicates that there was a departure from the Arkansas sentencing guidelines.

“Durational Up” refers to a durational departure where the imposed sentence was higher than the presumptive sentence. “Durational Down” refers to a durational departure where the imposed sentence was lower than the presumptive sentence.

“Dispositional Up” refers to a dispositional departure where the initial assigned location for an offender to serve his or her sentence is considered of higher security than the location prescribed by the presumptive sentence. “Dispositional Down” refers to a dispositional departure where the initial assigned location for an offender to serve his or her sentence is considered of lower security than the location prescribed by the presumptive sentence. The order of location from highest security to lowest is as follows:

1. ADC
2. CCC via judicial transfer
3. PROB/SIS
4. SPECIAL CONDITIONS

“Both Dispositional & Durational” refers to a departure that is both durational and dispositional. This occurs when ADC time is the only recommended sentence, but the offender is sentenced to more or less ADC time than what is recommended in addition to a period of suspended imposition of sentence. For example, if the presumptive sentence is 120 months ADC, a dispositional and durational departure occurs if the offender is sentenced to 60 months ADC time followed by 60 months of suspended imposition of sentence.

Example from Table 4:

Of the total 18,460 applicable cases examined statewide, 7,563 cases had an assigned location after sentencing to the ADC. Of these 7,563 cases, 16 percent had a “No” departure while 84 percent had a “Yes” departure. Of these 7,563 cases, 45 percent had a durational up departure, 14 percent had a durational down departure, 20 percent had a dispositional up departure, 0 percent had a dispositional down departure and 5 percent had both a dispositional and durational departure.

Significant Statistics:

- 98 percent of cases with an assignment of probation/SIS had no departures.
- 16 percent of cases with an assignment of prison (ADC) had no departures.
- 45 percent of cases with an assignment of prison (ADC) had a durational up departure.
- 14 percent of cases with an assignment of prison (ADC) had a durational downward departure.
- 4 percent of cases with an assignment of a Community Corrections Center (CCC) had a departure.

TABLE 4
STATEWIDE COMPARISON OF DEPARTURES WITH OFFENDER'S ASSIGNED LOCATION
2014

[▲] Durational = Length of Sentence

[■] Dispositional = Assigned Location

DEPARTURES BY SERIOUSNESS LEVEL

Table 5 provides statewide departure types (excluding non-applicable cases) for each possible outcome of the Arkansas Sentencing Standards Grid (the Grid) adopted by the Arkansas Sentencing Commission (ASC). The Grid is used to determine the presumptive sentence for an offender.

“Criminal History Score” refers to an offender’s criminal history score which is determined for each offender by filling out the Criminal History Worksheet. The worksheet itself and instructions for completing it are available at <http://www.arkansas.gov/asc/forms.html>.

“Offense Seriousness Level” refers to the seriousness ranking for an offense as determined by the ASC. Seriousness level is determined by the ASC after careful consideration of the statutory definition and felony class of the offense. Detailed listings of offense seriousness levels can be found at www.arkansas.gov/asc.

To read Table 5: The numbers listed on the left hand side of the table indicate the offense seriousness level. Within each seriousness level, each departure type (including “No” departure) is provided. Each cell indicates the percentage of cases by departure type, seriousness level, and criminal history score. Also, for each seriousness level and criminal history score, the average durational departure is indicated in terms of the number of months above and below the presumptive sentence.

Example from Table 5:

For all applicable cases statewide with an offense seriousness level of 8 and a criminal history score of 0, 31 percent had “No Departure”; 15 percent had a durational up departure; 4 percent had a durational down departure; 0 percent had a dispositional up departure; 29 percent had a dispositional down departure; and 21 percent had both a dispositional and durational departure. For all cases statewide with an offense seriousness level of 8 and a criminal history score of 0, the average durational departure below the presumptive sentence was 54 months and the average durational departure above the presumptive sentence was 104 months.

Significant Statistics:

- Cases with a criminal history score of 0 had the highest rate of non-departures across the grid.
- Most cases with an offense at seriousness level 9 and 10 and a criminal history score above 0 received a departure.
- The average length of durational departures, both upward and downward, increases with higher seriousness levels and criminal history scores.

AVERAGE SENTENCE LENGTH BY CRIME

Table 6 provides the average sentence length statewide by offense. The “imposed average” is the average length of commitment to the Department of Corrections or a Department of Community Corrections facility via judicial transfer. All criminal history scores are represented within these averages. This “imposed average” does not include any consecutive suspended sentence (SIS) which may accompany the imposed portion of the sentence. For example: if a defendant was sentenced to ADC for 60 months with a consecutive 48 months suspended, the imposed average on Tables D and 7 would include only the 60 month ADC sentence. Further, this “imposed average” is for *all occurrences* of the crime that are subject to the guidelines, not just the most serious offenses for a case, as are considered for other tables in this report.

The crimes included in Table 6 are the “common offenses” listed for each seriousness level in the Arkansas Sentencing Commission, Sentencing Standards Grid, Offense Seriousness Rankings and Related Material Manual (November 2013). The selected offenses are intended to represent the most common offenses for each seriousness level.

To read Table 6: The numbers listed above each crime grouping indicate the offense seriousness level. The statute number is listed in column one, the offense classification is listed in column two and the crime name is listed in column three. Column four provides the average imposed sentence for the most common crimes within that seriousness level for which a conviction was handed down in 2014.

Example from Table 6:

For all applicable crimes statewide with an offense classification of B and a statute number of 5-39-201 (Residential Burglary, a common crime in seriousness level 6), the average imposed sentence was 97.8 months.

TABLE 6
STATEWIDE AVERAGE IMPOSED SENTENCE LENGTH BY MOST COMMON CRIMES 2014

Statute Number	Class	Name of Crime	Average Imposed Sentence (mos.)
Seriousness Level 10			
5-10-102	Y	Murder I	416.1

DEPARTURE REASONS

Table 7 provides a brief summary of aggravating and mitigating departure reasons provided on the Sentencing Order form. These departure reasons serve as standardized reasons for departing from the presumptive sentence established both by statute and the Arkansas Sentencing Commission. Note: Multiple departure reasons may be used per offense and per case.

Example from Table 7:

The number of applicable cases statewide with an aggravating reason required was 5,256. Of those 5,256 cases, 6,087 aggravating reasons were given. Therefore, the average number of aggravating reasons given was 1.2.

Significant Statistics:

- 28 percent of cases required an aggravating departure reason while 7 percent of cases required a mitigating departure reason.

TABLE 7
STATEWIDE AGGRAVATING AND MITIGATING DEPARTURE REASONS 2014

Cases examined	18,460	100%
Cases without a Departure	11,876	64%
Cases w/ Aggravating Reasons Required	5,256	29%
Total Aggravating Reasons Given	6,087	-
Average Aggravating Reasons per Case	1.2	
Cases w/ Mitigating Reasons Required	1,328	7%
Total Mitigating Reasons Given	1,338	-
Average Mitigating Reasons per Case	1.0

AGGRAVATING DEPARTURE REASONS

Tables 8 and 9 provide a summary of aggravating reasons given for the statewide cohort used for analyzing 2014 sentencing practices in Arkansas. Reasons 1 through 15 are standardized. Reason 16 requires additional explanation.

The aggravating departure reasons are as follows:

1. Offender's conduct manifested extreme cruelty during commission of current offense.
2. Offender knew victim vulnerable due to extreme youth, advanced age, disability or ill health.
3. Offense was major economic offense established by one of the following criteria: (a) multiple victims/incidents, (b) monetary loss substantially greater than typical, (c) degree of sophistication or time, (d) misuse of fiduciary duty, or (e) other similar conduct.
4. Offense was major controlled substance offense if two or more of the following are present: (a) Three or more separate transactions involve sale, transfer or possession with intent; (b) Amounts substantially larger than the statutory minimums which define the offense; (c) Offense involved a high degree of planning or lengthy period or broad geographic area; (d) Offender occupied a high position in the drug distribution hierarchy; (e) Offender misused position of trust or status or fiduciary duty to facilitate commission; (f) Offender has received substantial income or resources from drug trafficking.
5. Offender employed firearm in furtherance or flight unless such use is element of offense.
6. Offense was sexual offense and part of pattern with the same or different victims under eighteen.
7. Policy on multiple offenses in a single course of conduct in offender's prior criminal history results in a sentence that is clearly too lenient.
8. Offense was committed in manner that exposed risk of injury to others.
9. Offense was a violent or sexual offense committed in victim's zone of privacy.
10. Offender attempted to cover offense by intimidation of witnesses, tampering of evidence, or misleading authorities.
11. Offense committed to avoid arrest or effect escape.
12. Offender lacks minimum insurance in a vehicular homicide.
13. Statutory minimum sentence overrides the presumptive sentence.
14. Multiple concurrent sentences being entered at this time require a higher sentence.
15. Sentence is higher as a result of other charges being dropped or merged.
16. Other

Example from Table 8:

The number of aggravating reasons given for all applicable cases examined in 2014 was 6,087. Of these 6,087 aggravating reasons, 316 (or 5 percent of all aggravating reasons given) were aggravating reason number 7: Policy on multiple offenses in a single course of conduct in offender's prior criminal history results in a sentence that is clearly too lenient.

Source: Arkansas Sentencing Order Form

Table 9 provides a summary of the top explanations for aggravating departure reason “Other” which requires additional information. This data was gleaned from the Sentencing Order forms for the statewide cohort used for analyzing 2014 sentencing practices in Arkansas.

While only the top five reasons are explicitly provided in Table 10, other reasons may appear in the county by county section of this report.

Example from Table 9:

Statewide, the number of cases where an aggravating factor of “Other” was required numbered 1,730. Of these 1,730 cases, 1,064 (or 62 percent) had an explanation of “Negotiated Plea” provided to explain the use of “Other.” This was the most common explanation for the aggravating reason of “Other.”

MITIGATING DEPARTURE REASONS

Tables 10 and 11 provide a summary of mitigating reasons given for the statewide cohort used for analyzing 2014 sentencing practices in Arkansas. Reasons 1 through 9 are standardized. Reason 10 requires additional explanation.

The mitigating departure reasons are as follows:

1. Victim played an aggressive role or provoked the incident or was a willing participant.
2. Offender lacked capacity of judgment due to mental or physical impairment.
3. Offender played a minor or passive role in crime.
4. Offender compensated/made effort to compensate for damage or injury before detection.
5. Offender was lesser participant showing caution/concern for safety or well-being of victim.
6. Offender acted in response to continuing physical/sexual abuse by victim.
7. Policy on multiple offenses in single course of conduct in offender’s prior criminal history results in sentence which is excessive for this offense.
8. Offender voluntarily admitted sexual offense and sought treatment before detection.
9. Offender made effort to provide assistance in investigation or prosecution of another as indicated by motion of state (can weigh timeliness of assistance, nature and extent of assistance, and truthfulness, completeness, and demonstrable reliability of info or testimony).
10. Other

Example from Table 10:

The number of mitigating reasons given for all cases examined in 2014 was 1,338. Of these 1,338 mitigating reasons, 20 (or 1 percent of all mitigating reasons) were mitigating reason number 1: Victim played an aggressive role or provoked the incident or was a willing participant.

Source: Arkansas Sentencing Order Form

Table 11 provides a summary of the top explanations for mitigating departure reason “Other” which requires additional information. This data was gleaned from the Sentencing Order forms for the statewide cohort used for analyzing 2014 sentencing practices in Arkansas.

While only the top five reasons are explicitly provided in Table 12, other reasons may appear in the county by county section of this report.

Example from Table 11:

The number of cases statewide where a mitigating reason of “Other” was required numbered 371. Of these 371 cases, 187 (or 50 percent) had an explanation of “Negotiated Plea” provided to explain the use of “Other.” This was the most common explanation for the mitigating reason of “Other.”

TABLE 11
MITIGATING DEPARTURE REASONS REQUIRING EXPLANATION 2014

MOST COMMON EXPLANATIONS FOR “OTHER” DEPARTURE REASON 2014

This is a list of the most common explanations given when the departure reason indicated is “Other” and additional information is required. This data was gleaned from the Sentencing Order forms for the statewide cohort used for analyzing 2014 sentencing in Arkansas. This list includes both aggravating and mitigating reasons. These have been compressed into groups of similar explanations to ease analysis.

1. “On supervision” - The explanation indicated that a departure was necessary because the defendant was on some sort of supervision (parole, probation, SIS) when the current offense was committed.
2. “Restitution/victim related” - The explanation indicated that the victim requested clemency and/or the defendant had performed some form of restitution.
3. “Age of offender” - The explanation indicated that the offender’s age influenced the reason to depart from the presumptive sentence.
4. “Habitual offender” - The explanation indicated the departure was based on the fact that the defendant has been classified as a habitual offender.
5. “Sex offender” - The explanation indicated the departure was based on the offender’s history as a sex offender.
6. “Negotiated plea” - The explanation indicated the departure was arrived at due to a Negotiated plea with the defendant.
7. “Prior criminal history” - The explanation indicated that the defendant’s prior criminal history was severe enough to warrant a departure.
8. “Court imposed” - The explanation indicated the sentence was imposed by the court.
9. “Nature of offense” - The explanation indicated the nature of the current offense was heinous enough to warrant a departure.
10. “Concurrent/Consecutive” - The explanation indicated that concurrent and/or consecutive sentencing for multiple offenses warrants a departure from the most serious offense sentencing.
11. “Defendant cooperative” - The explanation indicated that due to the defendant’s cooperation with law enforcement and/or the prosecution a departure was warranted.
12. “Failed drug court” - The explanation indicated that the defendant had failed drug court supervision and thus a departure was warranted.
13. “FTA” - The explanation indicated that the defendant had a failure to appear in court.
14. “Docket congestion” - The explanation indicated that due to docket congestion a departure was warranted.
15. “Prior criminal history – good” - The explanation indicated that the defendant’s prior criminal history was favorable and thus a departure was warranted.

[This Page Intentionally Left Blank]

PART III. COMPARISON OF DATA BY YEAR: 2012 - 2014

This section of the report compares key indicators of sentencing in the state of Arkansas and draws some conclusions on the two year stability or emerging trends in these areas.

**TABLE I
STATEWIDE DATA COMPARISON BY YEAR**

Year by Year Comparison of Section I Table B	Year		
	2014	2013	2012
Total Number of Offenses	63,691	60,752	46,046
Average Number of Offenses Per Case	3.0	5.0	4.6
Total Number of Cases	29,609	29,868	24,336
Total Nolle Prossed/Dismissed/Acquitted	2,851	2,739	2,110
Total Misdemeanors	2,063	2,384	2,081
Total County Jail	151	198	171
Total Cases Eliminated	5,065	5,321	4,362
Total Number of Most Serious Offenses Per Case	24,544	24,547	19,974
No Case Number and/or Name	52	92	156
Court Date not Within Current Year	0	1,177	N/A
Missing Criminal History Score	1,083	771	924
Cannot determine imposed location	62	58	0
No Offender Sentence	82	147	91
Total Number of Case-Offenders Included in Analysis	23,265	22,302	18,803

- Comparing keys statistics in Table I show an increase in both the number of offenses processed as well as the number of total crimes represented by those cases between 2012 and 2013. In 2014, case numbers mirrored the higher amounts of cases of 2013.

**TABLE II
STATEWIDE CASES BY DEPARTURE TYPE BY YEAR**

Year by Year Comparison of Totals from Section II Table 2							
Year	Number of Applicable Cases	Departure Type					
		No Departure	Percent County Applicable Cases	Upward Departure	Percent County Applicable Cases	Downward Departure	Percent County Applicable Cases
2012	14,609	9,283	64%	4,110	28%	1,216	8%
2013	17,326	10,870	63%	5,164	30%	1,292	7%
2014	18,460	11,876	64%	5,256	29%	1,328	7%

Source: Arkansas Sentencing Order Form

- Similar to the overall departure rate yearly comparison, departures by type are also consistent over the three year time period.

- Table III-A provides the percentage of applicable cases with no departures rates for individual counties from 2012 - 2014. Note that Sentencing Orders received from Washington County in 2012 only include dispositions where the offender received a term of confinement. It also should be noted that, in 2013, the Sentencing Commission did not receive all Sentencing Orders from Ashley County in time for inclusion of the data in this report.

- Table III-B provides both the upward and downward departure rates for individual counties from 2012 - 2014. Note that Sentencing Orders received from Washington County in 2012 only include dispositions where the offender received a term of confinement. It also should be noted that, in 2013, the Sentencing Commission did not receive all Sentencing Orders from Ashley County in time for inclusion of the data in this report.

**TABLE IV
STATEWIDE DURATIONAL DEPARTURES BY YEAR**

Year by Year Comparison of Totals from Section II Table 3						
Year	Durational v. Presumptive Sentence					
	Number of Cases Below	Percent County Applicable Cases	Avg. Months Below	Number of Cases Above	Percent County Applicable Cases	Avg. Months Above
2012	849	6%	50	2,955	20%	62
2013	1,319	8%	61	3,536	20%	59
2014	1,394	8%	56	3,487	19%	58

Source: Arkansas Sentencing Order Form

- Although the volume of both upward and downward departures has changed from the first year of analysis, the rate of rate of upward and downward, durational or dispositional departure remains stable. Also, the amount of time (months) over and under the guidelines recommended range also remains stable.

▲ Durational = Length of Sentence

■ Dispositional = Assigned Location

- When looking at departure rates by type and offender placement over the three year period, a similar picture of consistency emerges. Very little to no variance exists when examining upward and downward durational and dispositional departures when examined by final assigned location.

Source: Arkansas Sentencing Order Form

- Aggravating and mitigating rates of departure remain constant over the three year period. Looking more closely at the aggravating and mitigating reasons for departure, the most common aggravating reasons remains “multiple concurrent sentences require a higher sentence” while most mitigating departures have no reason given.

PART IV: COUNTY BY COUNTY ANALYSIS

Part IV of this report provides a county-by-county analysis of the results of sentences to the Department of Correction and the Department of Community Correction. The data that comprises this report was extracted from all Sentencing Order forms with a CY 2014 court date received by the ASC that were submitted to the circuit judge for signature and filed in the Office of the Circuit Clerk. District court cases, including those originally charged as a felony and disposed of as a misdemeanor, are NOT included in this report. Therefore, this report should not be used in determining overall caseload for any specific county.

The total number of offenses submitted in 2014 was 63,691 with an average number of offenses per case per offender of 3.0. From this universe of cases the following cases were eliminated: 2,851 nolle prossed/dismitted/acquitted cases; 2,063 misdemeanor cases; 151 county jail cases; 1,083 cases with no criminal history score; 52 with no case number and/or name; 82 cases with no offender sentence; 62 cases in which the imposed location could not be determined; and 4,805 cases that were not applicable to the guidelines, such as jury trials and probation revocations. The total number of applicable cases included in Part IV is 18,460. The total number of cases applicable to the guidelines for each county appears under the name of the county on the following pages.

Table A provides a comparison of departure types by initial assigned location after sentencing for offenders. Assigned location is the initial assignment after sentencing of the offender within the Arkansas criminal justice system. A durational departure occurs when an offender is sentenced to the Arkansas Department of Correction (ADC) for a greater or lesser amount of months than the presumptive sentence. A dispositional departure occurs when the assigned location of an offender's sentence differs from the presumptive sentence established in the Arkansas sentencing guidelines.

Table B provides departure types for each possible outcome of the Arkansas Sentencing Standards Grid ("The Grid") adopted by the Arkansas Sentencing Commission. The Grid compares criminal history score and offense seriousness level to determine the presumptive sentence for an offender.

Table C provides the average sentence length statewide by offense. The "imposed average" is the average length of commitment to the Department of Corrections or a Department of Community Corrections facility via judicial transfer. This "imposed average" does not include any consecutive suspended sentence (SIS) which may accompany the imposed portion of the sentence. Further, this "imposed average" is for *all occurrences* of the crime that are subject to the guidelines, not just the most serious offenses for a case, as are considered for other tables in this report. For example: if a defendant was sentenced to ADC for 60 months with a consecutive 48 months suspended, the imposed average on Tables D and 7 would include only the 60 month ADC sentence. The averages also include all criminal history scores. The crimes included in Table C are the "common offenses" listed for each seriousness level in the Arkansas Sentencing Commission, Sentencing Standards Grid, Offense Seriousness Rankings and Related Material Report (November 2013). The selected offenses are intended to represent the most common offenses for each seriousness level.

Table D provides a brief summary of aggravating and mitigating departure reasons provided on the Sentencing Order form. These departure reasons serve as standardized reasons for departing from the presumptive sentence established both by statute and the Arkansas Sentencing Commission.

Table E provides a summary of aggravating reasons given on a county-by-county basis. Reasons 1 through 15 are standardized. Reason 16, “Other,” requires additional explanation. See Part II of this Report for a description of the standardized aggravating departure reasons.

Table F provides a summary of the top explanations for aggravating departure reason “Other”, which requires additional information.

Table G provides a summary of mitigating reasons given on a county-by-county basis. Reasons 1 through 9 are standardized. Reason 10, “Other,” requires additional explanation. See Part II of this Report for a description of the standardized mitigating departure reasons.

Table H provides a summary of the top explanations for mitigating departure reason “Other”, which requires additional information.
