## January Highlights

- School and CTE staff returned to the units on 1/3/2022. AMI packets were provided to students due to lock-downs.
- Dr. Glover attended the Joint Budget Committee—Pre-Fiscal Session Budget Hearings on 1/12.
- Tracy Dowell and Richard Meeks, ADC Maintenance Coordinator, met at the Grimes Unit to discuss construction needs for the Barber School on 1/13.
- Bill Glover visited the Cummins Farm on 1/18.
- Tracy Dowell and Tonya Wilkerson attended (virtually) the Advisory Council for the Education of Children with Disabilities on 1/18.
- Tracy Dowell attended the ARES Teacher Center Committee Meeting on 1/18.
- Dr. Glover participated in the ARES Board meeting on 1/20.
- Bill Glover, Tracy Dowell, and Andre Rogers met virtually with Co-Founder of Persevere, Zach Hosman, on 1/24. Persevere provides coding instruction to incarcerated individuals.
- Dr. Glover and Tracy Dowell participated in Lean Six Sigma orientation on 1/25.

ACSD's AMI plan is to provide a bi-weekly packet to each student. The 32-35 page packets include a daily lesson in math, language arts, science and social studies. Teachers include additional instructions and examples when appropriate. After the student completes the packet, the packet is returned to their teacher for grading. The teacher scores the lessons, provides correct responses, and gives comments. The packet is then returned to the student with a new packet for the student to complete.

History 2021 Due to the extraordinary measures being taken to prevent the spread of COVID, we will not be having school and AMI completion after this week!

There are school packets at your feet and need to be completed between now and 1/26/22. On 1/26/22 there will be another packet with more information.

If there are any questions that you have about what is included in the packet, bring this packet back with you the next time you are released.

We will miss each of you! Stay healthy and we see you again.

Ms. Jackson  
Mrs. Deppa  
Mrs. Wingo  
Mrs. Walker

*I did the best I could. I do have a learning disability, ADD. But I have trouble seeing with these glasses. I would be better if I had a report. I did know a few things I did from, it was very interesting. Thank you, Dawnetha*

*Thank you for doing what you could on this packet. It do understand the challenges with having to do school this way. Hopefully we can get back to regular school soon.*

### Billings Math Week 1 - Day 1

**Decimals**  
Place Value

Always use the number and zero. Use the place to the right of the decimal point for tenths. Use the place to the right of the tenths place for hundredths. Use the place to the right of the hundredths place for thousandths. Use the place to the right of the thousandths place for ten thousandths. Use the place to the right of the ten thousandths place for hundred thousandths. Use the place to the right of the hundred thousandths place for millionths.

Write a number in the space provided.

Round each number to the nearest whole number.

Round each number to the nearest tenth.

Round each number to the nearest hundredth.

Round each number to the nearest thousandth.

### Rounding Decimals

Round each number to the nearest whole number.

Round each number to the nearest tenth.

Round each number to the nearest hundredth.

Round each number to the nearest thousandth.

**More About Hemispheres**

The Earth is divided into Northern and Southern Hemispheres. It is also divided in a way that the Earth is divided into Eastern and Western Hemispheres. These hemispheres are called the Eastern and Western Hemispheres. Use the map below to answer the questions.

**Western Hemisphere** **Eastern Hemisphere**

1. Europe is in which two hemispheres?  
Northern Hemisphere, Eastern Hemisphere

2. South America is in how many hemispheres? **Two!**  
Northern Hemisphere, Southern Hemisphere

3. Which two continents are completely in the Southern Hemisphere?  
Antarctica, Australia

4. In which two hemispheres do you live?  
Northern Hemisphere, Western Hemisphere

5. What are all of the continents in the Southern Hemisphere?  
South America, Africa, Antarctica, Australia

6. Which continent is completely in the Northern and Western Hemispheres?  
North America

1-653

**Grammar: Suffixes**

A suffix is added to the end of a root word to change the meaning of the word.

Draw a line from the suffix to its meaning. **Hint:** If you're stuck, think of a word you know that ends with that suffix.

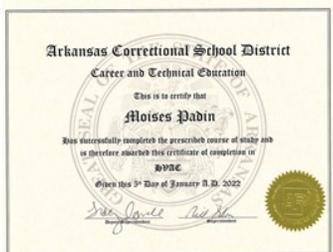

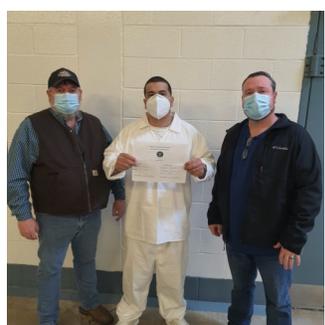

Root words	Suffixes
most	-ful
art	-est
beauty	-ly
cost	-ness

very pretty beautifully a person who makes art artist  
expensive expensively almost totally completely

Circle the words with suffixes in the paragraph below.

You don't have to be a gardener to grow your own food. The warmest time of year is best for planting some seeds, while others can only grow when the temperature is just right. Some plants, like tomatoes, become droopy if you don't water them daily. You must make sure the soil has just the right amount of moisture for each type of plant. Gardening can be difficult, but the right knowledge can make it easier.

Inmate Moises Padin enrolled in Varner's HVAC program in February of 2019. Padin completed HVAC's competencies and was nearing the required 1440 hours when Covid disrupted life in March of 2020. A few months later, Padin received a major DR that landed him in segregation. To further complicate matters, Inmate Padin had a detainee. Since Career Tech at Varner is outside the fence, Padin was not allowed to reenroll and complete his hours. With Warden Gibson's permission, Inmate Padin received AMI packets and completed 50 hours of Workplace Human Relations and Financial Literacy. Moises Padin received a certificate of completion in HVAC on January 5, 2022.
