<b>Facility AUDIT FINDINGS</b>	
<b>Summary of Audit Findings</b>	
<p>The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.</p> <p>Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.</p>

<b>INTERVIEWS</b>	
<b>Inmate/Resident/Detainee Interviews</b>	
<b>Random Inmate/Resident/Detainee Interviews</b>	
<b>34. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:</b>	21
<b>35. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)</b>	<input checked="" type="checkbox"/> Age <input checked="" type="checkbox"/> Race <input checked="" type="checkbox"/> Ethnicity (e.g., Hispanic, Non-Hispanic) <input checked="" type="checkbox"/> Length of time in the facility <input checked="" type="checkbox"/> Housing assignment <input checked="" type="checkbox"/> Gender <input checked="" type="checkbox"/> Other <input type="checkbox"/> None
<b>If "Other," describe:</b>	This auditor attempted to identify and interview CACCC residents who fit the targeted group per the PREA Auditor's Handbook.

<p><b>36. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?</b></p>	<p>This auditor requested to view the Master Population Roster, which contains resident demographic and ethnic information. This auditor also conversed and reviewed medical documentation to identify targeted groups and establish a diverse sample of random resident interviews.</p>
<p><b>37. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?</b></p>	<p><input checked="" type="radio"/> Yes <input type="radio"/> No</p>
<p><b>38. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):</b></p>	<p>No text provided.</p>
<p><b>Targeted Inmate/Resident/Detainee Interviews</b></p>	
<p><b>39. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</b></p>	<p>15</p>
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
<p><b>40. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</b></p>	<p>3</p>

<b>41. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:</b>	1
<b>42. Enter the total number of interviews conducted with inmates/residents/detainees who are Blind or have low vision (i.e., visually impaired) using the "Disabled and Limited English Proficient Inmates" protocol:</b>	1
<b>43. Enter the total number of interviews conducted with inmates/residents/detainees who are Deaf or hard-of-hearing using the "Disabled and Limited English Proficient Inmates" protocol:</b>	1
<b>44. Enter the total number of interviews conducted with inmates/residents/detainees who are Limited English Proficient (LEP) using the "Disabled and Limited English Proficient Inmates" protocol:</b>	2
<b>45. Enter the total number of interviews conducted with inmates/residents/detainees who identify as lesbian, gay, or bisexual using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:</b>	3
<b>46. Enter the total number of interviews conducted with inmates/residents/detainees who identify as transgender or intersex using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:</b>	0

<p><b>46. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</b></p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>
<p><b>46. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</b></p>	<p>This auditor requested to view the Master Population Roster, which contains resident demographic and ethnic information. This auditor also conversed and reviewed medical documentation to identify targeted groups and establish a diverse sample of random resident interviews. There were no residents residing at CACCC fitting this targeted population criteria. This was confirmed when this auditor interviewed a selection of random CACCC residents and asked if there were current residents who fit any of the targeted categories.</p>
<p><b>47. Enter the total number of interviews conducted with inmates/residents/detainees who reported sexual abuse in this facility using the "Inmates who Reported a Sexual Abuse" protocol:</b></p>	<p>1</p>
<p><b>48. Enter the total number of interviews conducted with inmates/residents/detainees who disclosed prior sexual victimization during risk screening using the "Inmates who Disclosed Sexual Victimization during Risk Screening" protocol:</b></p>	<p>1</p>
<p><b>49. Enter the total number of interviews conducted with inmates/residents/detainees who are or were ever placed in segregated housing/isolation for risk of sexual victimization using the "Inmates Placed in Segregated Housing (for Risk of Sexual Victimization/Who Alleged to have Suffered Sexual Abuse)" protocol:</b></p>	<p>2</p>

<p><b>50. Provide any additional comments regarding selecting or interviewing targeted inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews):</b></p>	<p>No text provided.</p>
<p><b>Staff, Volunteer, and Contractor Interviews</b></p>	
<p><b>Random Staff Interviews</b></p>	
<p><b>51. Enter the total number of RANDOM STAFF who were interviewed:</b></p>	<p>19</p>
<p><b>52. Select which characteristics you considered when you selected RANDOM STAFF interviewees: (select all that apply)</b></p>	<p><input checked="" type="checkbox"/> Length of tenure in the facility</p> <p><input checked="" type="checkbox"/> Shift assignment</p> <p><input checked="" type="checkbox"/> Work assignment</p> <p><input checked="" type="checkbox"/> Rank (or equivalent)</p> <p><input checked="" type="checkbox"/> Other (e.g., gender, race, ethnicity, languages spoken)</p> <p><input type="checkbox"/> None</p>
<p><b>If "Other," describe:</b></p>	<p>I also interviewed based on the required specialized staff criteria per the PREA Auditor's Handbook. These 19 interviewed staff include specialized staff, contracted medical, and mental health professional staff.</p>
<p><b>53. Were you able to conduct the minimum number of RANDOM STAFF interviews?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p><b>54. Provide any additional comments regarding selecting or interviewing random staff (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):</b></p>	<p>No text provided.</p>

**Specialized Staff, Volunteers, and Contractor Interviews**

Staff in some facilities may be responsible for more than one of the specialized staff duties. Therefore, more than one interview protocol may apply to an interview with a single staff member and that information would satisfy multiple specialized staff interview requirements.

<b>55. Enter the total number of staff in a SPECIALIZED STAFF role who were interviewed (excluding volunteers and contractors):</b>	8
<b>56. Were you able to interview the Agency Head?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>57. Were you able to interview the Warden/Facility Director/Superintendent or their designee?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>58. Were you able to interview the PREA Coordinator?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>59. Were you able to interview the PREA Compliance Manager?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> NA (NA if the agency is a single facility agency or is otherwise not required to have a PREA Compliance Manager per the Standards)

**60. Select which SPECIALIZED STAFF roles were interviewed as part of this audit from the list below: (select all that apply)**

- Agency contract administrator
- Intermediate or higher-level facility staff responsible for conducting and documenting unannounced rounds to identify and deter staff sexual abuse and sexual harassment
- Line staff who supervise youthful inmates (if applicable)
- Education and program staff who work with youthful inmates (if applicable)
- Medical staff
- Mental health staff
- Non-medical staff involved in cross-gender strip or visual searches
- Administrative (human resources) staff
- Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) staff
- Investigative staff responsible for conducting administrative investigations
- Investigative staff responsible for conducting criminal investigations
- Staff who perform screening for risk of victimization and abusiveness
- Staff who supervise inmates in segregated housing/residents in isolation
- Staff on the sexual abuse incident review team
- Designated staff member charged with monitoring retaliation
- First responders, both security and non-security staff

## SITE REVIEW AND DOCUMENTATION SAMPLING

### Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

<b>64. Did you have access to all areas of the facility?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>Was the site review an active, inquiring process that included the following:</b>	
<b>65. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>66. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>67. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No
<b>68. Informal conversations with staff during the site review (encouraged, not required)?</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No

<p><b>69. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</b></p>	<p>While onsite, I requested my own samples of documents, reviewed files while onsite, and other verification to determine compliance. This auditor also tested the PREA Internal Hotline to ensure confidential reporting. This auditor also contacted C.L.E.S.T. (Commission on Law Enforcement Standards Training) to verify them as external confidential reporting resource for CACCC.</p>
--	---

**Documentation Sampling**

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<p><b>70. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</b></p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
--	---

<p><b>71. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).</b></p>	<p>While onsite, I requested my own samples of documents, reviewed files while onsite, and other verification to determine compliance. This auditor also tested the PREA Internal Hotline to ensure confidential reporting. This auditor also contacted C.L.E.S.T. (Commission on Law Enforcement Standards Training) to verify them as external confidential reporting resource for CACCC.</p>

**SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY**

**Sexual Abuse and Sexual Harassment Allegations and Investigations Overview**

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

**72. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
<b>Inmate-on-inmate sexual abuse</b>	2	0	2	0
<b>Staff-on-inmate sexual abuse</b>	0	0	0	0
<b>Total</b>	2	0	2	0

**73. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
<b>Inmate-on-inmate sexual harassment</b>	1	0	0	0
<b>Staff-on-inmate sexual harassment</b>	0	0	0	0
<b>Total</b>	1	0	0	0

## Sexual Abuse and Sexual Harassment Investigation Outcomes

### Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

#### 74. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
<b>Inmate-on-inmate sexual abuse</b>	0	0	0	0	0
<b>Staff-on-inmate sexual abuse</b>	0	0	0	0	0
<b>Total</b>	0	0	0	0	0

#### 75. Administrative SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

<b>Inmate-on-inmate sexual abuse</b>	0	0	0	1
<b>Staff-on-inmate sexual abuse</b>	0	1	0	0
<b>Total</b>	0	1	0	1

### Sexual Harassment Investigation Outcomes

Note: these counts should reflect where the investigation is currently. Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual harassment investigation files, as applicable to the facility type being audited.

**76. Criminal SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:**

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
<b>Inmate-on-inmate sexual harassment</b>	0	0	0	0	0
<b>Staff-on-inmate sexual harassment</b>	0	0	0	0	0

<b>115.211</b>	<b>Zero tolerance of sexual abuse and sexual harassment; PREA coordinator</b>
	<p><b>Auditor Overall Determination:</b> Meets Standard</p>
	<p><b>Auditor Discussion</b></p> <p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.211. Central Arkansas Community Correction Center follows the Arkansas Department of Corrections policies and submitted the “Arkansas Department of Corrections PREA Secretarial Directive (2024-02)” as evidence of compliance with PREA Standard 115.211. It states, <i>“As the executive head of the Arkansas Department of Corrections (DOC), it is the responsibility of the Secretary of Corrections (Secretary) to administer the various rules, orders, or directives issued by the DOC. The purpose of this directive is to ensure that the DOC remains in compliance with the Prison Rape Elimination Act (PREA). The DOC has a “zero-tolerance” approach toward all forms of sexual abuse and sexual harassment. This directive also sets forth the DOC’s zero-tolerance approach to preventing, detecting, and responding to such conduct. The DOC will initially respond to all reports of</i></p>

*sexualized behavior or abuse as nonconsensual, regardless of perception, rumor, appearance, or participant disclosure.” Additionally, “Arkansas Department of Corrections PREA Secretarial Directive (2024-02)” states, “PREA Coordinator: Individual responsible for developing PREA training as needed, writing, revising, and updating policies and procedures involving PREA standards; annually reviewing policies for effectiveness and possible standard deficiencies; and advising staff regarding implementation and interpretation of PREA policies.”*

This auditor reviewed “ARDOC’s Secretarial Directive (2024-02)” and has concluded that it has the necessary language to align with PREA Standard 115.211.

Central Arkansas Community Correction Center (CACCC) submitted their Organizational Chart which identified the PREA Coordinator who oversees all ARDOC’s efforts to comply with PREA Standards in all their facilities. Additionally, this PREA auditor interviewed ARDOC’s Secretary of Corrections, who shared ARDOC’s commitment to PREA’s efforts to prevent, detect and respond to sexual abuse and sexual harassment within all ARDOC facilities. Additionally, this PREA Auditor interviewed ARDOC’s PREA Coordinator (PC). She shared the same commitment to PREA’s efforts, as well as stated that she was supported by ARDOC Secretary of Corrections and ARDOC’s Chief of Legal Council (PC’s direct report under the Secretary of Corrections). During this auditor’s interview with ARDOC’s PC, she shared the multiplicity of additional responsibilities which compete for her time as ARDOC’s PC. She shared that she is responsible for coordinating and monitoring PREA efforts throughout all 28 facilities statewide, conducting PREA Training for all new hired facility employees, tracking PREA incidents/allegations/ investigations, and writing annual reports. This auditor recommended that ARDOC’s Secretary of Corrections develop an Agency-level PREA Compliance Unit (PCU), or team, which consists of a minimum of two assigned ARDOC staff to be added to ARDOC PREA Coordinator’s team.

On October 1, 2024, ARDOC posted a new position, on 10/01/2024, to hire an Assistant PREA Coordinator/Administrative Analyst position. The goal is to develop ARDOC’s agency level PREA compliance team, to oversee PREA efforts throughout ARDOC facilities. ARDOC submitted their job posting, which included job duties, as evidence of compliance. On 11/25/24, ARDOC hired their Assistant PREA Coordinator/Administrative Analyst. This auditor formerly met the new team member in-person. Finally, ARDOC submitted their updated “Organizational Chart” with ARDOC Assistant PREA Coordinator/Administrative Analyst. ARDOC also submitted the “welcome email” sent to all ARDOC facilities PREA Compliance Manager, informing them of their Assistant PREA Coordinator/Administrative Analyst’s new hire. See the redacted email below:

*From: -----, PREA Coordinator (DOC)  
Sent: Tuesday, November 26, 2024 9:32 AM  
To: ADC PREA Compliance Managers  
Subject: PREA Assistant - Welcome  
Importance: High*

*Good morning everyone,*

*Please welcome Ms. ----- ----- to the PREA team! She will be working as my assistant on various projects as well as helping you all with compliance. Please forward your monthly reports to her starting with the December 2nd report. Beginning December 9, she will be responsible for ensuring your retaliation assessments and Sexual Abuse Incident Reviews (SAIRs) are being completed in a timely manner. Furthermore, she will be my backup to any trainings I instruct. As always, feel free to reach out to me if you need anything.*

*Thank you,*

*PREA Coordinator, M.A., PhD-C*

*Agency PREA Coordinator*

*Arkansas Department of Corrections (ARDOC)*

The addition of this team member will allow for enough time for ARDOC's PREA Coordinator to effectively engage in her primary role.

This PREA auditor concludes that the Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.211.

<b>115.212</b>	<b>Contracting with other entities for the confinement of residents</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.12. The Arkansas Department of Corrections submitted 53 of their contracts for confinement. Three contracts were with "Re-Entry Facilities" and 50 were with contracted jails through their "309 Program Contracts." ARDOC's "309 Contracts" are agreements between ARDOC and participating county jails within the state, to provide confinement (bed space) at local county jails for specifically screened/charged ARDOC inmates.</p> <p>This auditor reviewed the 50 "309" Jail Contracts" submitted by ARDOC's PC during their previous PREA Agency Audit. This auditor also reviewed 3 "Re-Entry Facilities" contracts during this onsite audit. The 3 contracts ARDOC has with the "Re-Entry Facilities" had language in their contracts which aligns with this PREA Standard. However, when this auditor reviewed the language in ARDOC's 50 "309 Contracts," they did not contain the language required for the contracted entities to be</p>

compliant with ALL PREA Standards. USDOJ PREA Standard 115.12 language states, *(a) A public agency that contracts for the confinement of its inmates with private agencies or other entities, including other government agencies, shall include in any new contract or contract renewal the entity's obligation to adopt and comply with the PREA standards. (b) Any new contract or contract renewal shall provide for agency contract monitoring to ensure that the contractor is complying with the PREA standards."*

Excerpts from ARDOC's "309 Contracts" language states, *"The contractor (county) must be in compliance or have asserted the agency is working towards full compliance, with 28 CFR Part 115 (PREA)...(c) by no later than 60 calendar days after the state agencies authorization to proceed, the contractor shall develop a standard operating procedure (SOP) regarding PREA. At a minimum the SOP shall address the following:*

- i. Emergency response to an incident of sexual abuse or assault*
- ii. Standard response protocols to reported incidents of sexual harassment*
- iii. Prohibition of all cross-gender strip searches and body cavity searches and a prohibition of all cross-gender pat down searches of female inmates by the county.*

While onsite, this auditor interviewed ARDOC's 309 Coordinator, who serves as the liaison between ARDOC and the participating "309" county jails. He shared that he cannot recall any of the 50 participating "309" county jails making efforts to be "fully compliant" with the PREA Standards. He further shared that each jail has PREA-related protocols and procedures, however, they do not comply with all PREA Standards. He stated, *"Becoming fully PREA compliant is not on their radar."* This auditor confirmed this while interviewing ARDOC's Agency Head, Chief of Staff, and PREA Coordinator. They also confirmed that the participating "309" jails are not PREA compliant nor making efforts to be PREA compliant jails. This auditor can confirm that 1 participating "309" county jail is compliant with PREA standards, as this auditor conducted the audit of the facility. Furthermore, currently ARDOC does not have any personnel who monitor the participating "309" county jails, to ensure that the jails are complying with the PREA standards. As a result, many of ARDOC's reoccurring "309" contracts with county jails have been in place for many years and have not had PREA monitoring oversight or a PREA Facility Audit.

This auditor recommended ARDOC revise their "309" contract language to clearly align with PREA Standard 115.212, ensuring that each contracted for confinement "309" county jail adopt and comply with PREA Standards, receiving PREA facility audits every 3 years. Additionally, this auditor recommended ARDOC assign personnel who are knowledgeable in PREA, to provide monitoring to all its participating "309" county jails, with the goal of ensuring full PREA compliance through receiving a PREA Audit.

After this auditor's recommendation, ARDOC engaged in multiple meetings with ARDOC's agency leadership, as well as multiple communications with the 50

	<p>currently participating “309” county jails. These meeting entailed ARDOC making the current 50 participating “309” county jail leaders aware of ARDOC’s non-compliance with PREA Standard 115.212, informing the actions ARDOC needed to take to move into compliance, and adjustments ARDOC will be making to their “309” county jail contracts to move into compliance. Furthermore, ARDOC amended all their current “309” county jail contracts, provided a window of opportunity for the various 50 participating count jails leaders to review, respond, sign, or opt out of ARDOC’s amended contract (which contained new contractual language/ requirements to align with the PREA Standard 115.212). ARDOC’s amended contractual language states, <i>“The COUNTY shall adhere to the standards as stated in the Prison Rape Elimination Act of 2003. The DIVISION shall conduct an informal audit prior to August 19, 2025. The COUNTY shall allow access to facilities and records to the DIVISION as needed to perform the informal audit. The COUNTY shall provide to the DIVISION a certification of full compliance with the PREA prior to August 19, 2026.”</i></p> <p>On 1/15/25, ARDOC’s PREA Coordinator submitted 49 executed/signed amended contracts (uploaded in OAS) from 49 participating “309” county jails. ARDOC’s PREA Coordinator shared that, going forward, additional county jails interested in becoming a contracted “309” county jail, will have to adhere to the amended contract provisions (which includes the amended PREA language).</p> <p>This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.12.</p>

115.213	Supervision and monitoring
	<p><b>Auditor Overall Determination:</b> Meets Standard</p>
	<p><b>Auditor Discussion</b></p> <p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.213. Central Arkansas Community Correction Center (CACCC) submitted their “Arkansas Department of Corrections PREA Secretarial Directive (2024-02)” as evidence of compliance with PREA Standard 115.213. Excerpts states, <i>“Each facility shall develop, document, and make its best efforts to comply on a regular basis with a Staffing plan that provides for adequate levels of Staffing and, where applicable, video monitoring, to protect Offenders from Sexual Abuse.</i></p> <p><i>1. In calculating adequate Staffing levels and determining the need for video monitoring, Prisons shall take into consideration:</i></p>

- Generally accepted detention and correctional practices;
- Any judicial findings of inadequacy;
- Any findings of inadequacy from federal investigative agencies;
- Any findings of inadequacy from internal or external oversight bodies;
- All components of the facility’s physical plant, including blind spots or area where Staff or Offenders may be isolated;
- The composition of the Offender population;
- The number and placement of supervisory Staff;
- Institution programs occurring on a particular shift;
- Any applicable state or local laws, regulations, or standards;
- The prevalence of Substantiated and Unsubstantiated incidents of Sexual Abuse; and
- Any other relevant factors.”

This auditor reviewed “ARDOC’s Secretarial Directive (2024-02)” and concluded that it has the necessary language to align with PREA Standard 115.213.

While onsite, this auditor interviewed CACCC’s Captain and Sargent/PREA Compliance Manager, who shared that CACCC complies with the protocol identified in their staffing plan. They shared that when call-offs and time-offs occur, CACCC provides coverage through adjusting/rotating on-shift staffing as well as offering voluntary overtime. This allows CACCC’s staffing plan and staffing coverage to remain fulfilled without deviations.

This auditor also reviewed CACCC’s “Staffing Plan” (August 2024) which documented CACCC’s process of ensuring adequate staffing to protect residents from sexual abuse. CACCC’s “Staffing Plan” contains all the components which need consideration when identifying staffing needs. This auditor verified that there were no deviations from the staffing plan within the last 12 months. They explained that when there is a deviation from the staffing plan, and after all other above-mentioned alternatives have been exhausted, leadership will be contacted. This PREA auditor also reviewed the facility’s staffing roster for the past 6 months, which seemed to have adequate staffing coverage to protect residents from sexual abuse.

This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.213.

115.215	Limits to cross-gender viewing and searches
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources.

This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.215. Central Arkansas Community Correction Center (CACCC) submitted their "Arkansas Department of Corrections PREA Secretarial Directive (2024-02)" as evidence of compliance with PREA Standard 115.215. Excerpts states, *"(a) The facility shall document all cross-gender strip searches and cross-gender visual body cavity searches and shall document all cross-gender pat-down searches of female Offenders.*

*(b) The facility shall not conduct cross-gender strip searches or cross-gender visual body cavity searches except in Exigent Circumstances or when performed by medical practitioners.*

*(c) For a facility whose rated capacity does not exceed 50 residents, the facility shall not permit cross-gender pat-down searches of female Offenders, absent Exigent Circumstances. Facilities shall not restrict female Offenders' access to regularly available programming or other out-of-cell opportunities in order to comply with this provision.*

*(d) Offenders shall be permitted to shower, perform bodily functions, and change clothing without Staff of the opposite gender viewing their breasts, buttocks, or genitalia except in Exigent Circumstances or when such viewing is incidental to routine cell checks.*

*(e) Staff of the opposite gender shall announce their presence when entering an Offender housing unit.*

*(f) Staff shall be prohibited from searching or physically examining a Transgender or Intersex Offender for the sole purpose of determining the Offender's genital status."*

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and concluded that it has the necessary language to align with PREA Standard 115.215.

While on-site, this PREA auditor interviewed 21 randomly selected residents. Each resident verified that pat searches are conducted by both male and female officers. When this auditor interviewed a random selection of 10 CACCC direct supervision staff and asked, *"Which gender staff pat searches a transgender or intersex?"* There were inconsistent responses from the 10 interviewed CACCC direct supervision staff. Six staff stated that because a transgender or intersex resident is placed in a male facility they would be searched by a male. The four remaining staff stated that it was the preference of the transgender or intersex resident regarding the gender that would search them. CACCC is an all-male facility.

While onsite, this auditor conducted a site review/tour and observed that shower curtains in showers were too low, toilets had no partitions to maintain some privacy and there were solid doors on all bathroom entries disallowing visual access (particularly for female officers) to properly prevent, detect and respond to PREA incidents if occurring in the bathroom area. This auditor noted that several residents

can be in the bathroom at the same time which poses further risk for the prevention of sexual abuse or sexual harassment. Further, this auditor interviewed a random selection of 21 CACCC residents. There were 11 of the 21 randomly selected interviewed residents who shared that they do feel that they have enough privacy to shower, use toilet, perform bodily functions, and get dressed without being viewed by non-medical staff of the opposite gender. Ten residents shared that there is no privacy when using the toilet.

During the site review/tour of the facility, this auditor went into master control to view cameras and observed no digital blocks for observation rooms for at risk residents. This auditor requested that digital blocks be placed on toileting areas for privacy and the facility responded immediately to that request and completed that recommendation while onsite. Additionally, the level of privacy within each multi-occupant dorm room is adequate.

This auditor interviewed a random selection of 10 direct supervision staff and asked if female staff announce prior to entering resident bathroom and sleeping quarters? Each staff member shared similar responses that they knock and announce prior to entering the rooms and bathrooms of residents. Staff members shared that announcing occurred most of the time. However, 17 out of 21 residents stated that female staff do not consistently announce when the resident wings or the residents' rooms.

This auditor recommended that CACCC lift shower curtains by 4 to 6 inches to provide more coverage for residents. Additionally, this auditor recommended that CACCC provide visual security access to all staff in shower and toileting locations (where there are currently solid doors) to ensure that the male and female working such posts have the same supervision access to prevent, detect and respond to protect residents. Examples of providing such supervision access for male and female staff are switching out the solid door to saloon doors or install PREA curtains, which still allows for visual of the CACCC resident's shoulder to head and calf to feet (mid-section covered). Additionally, housing wings C, D and E's bathroom/shower room have one solid entrance door and curves around creating a blind spot in the shower area. This creates a serious blind spot for resident supervision in this bathroom/shower room. This auditor also recommended removing the solid door and switching out this solid door to a saloon door or install PREA curtains, which still allows for visual of the CACCC resident's shoulder to head and calf to feet (mid-section covered).

Finally, this auditor recommended CACCC conduct staff "*Refresher Training*" on the importance of consistency in opposite gender announcing when monitoring housing wings C, D, E, and resident rooms. This auditor also recommends CACCC provide "*Refresher Training*" to all CACCC staff on professional conduct with transgender/intersex residents. This training content should entail the following topics: defining LGBTI, professional interactions with transgender, pat/strip search procedures of transgender/intersex residents, serious considerations of transgender/intersex resident own perception of safety, allowing transgender/intersex residents to shower opposite of the other CACCC residents. CACCC's training curriculum and

acknowledgement of staff attending this training should be documented and provided as evidence. This PREA auditor concluded that Central Arkansas Community Correction Center (CACCC) was not in compliance with PREA Standard 115.215. Corrective Action was required.

During CACCC's Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and email correspondence with ARDOC's PREA Coordinator (PC) and CACCC's PREA Compliance Manager (PCM). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, CACCC's PREA Compliance Manager (PCM) submitted a randomly selection of 20 signed/dated **"PREA Training Acknowledgement Forms"** as evidence of facilitating *"Refresher Training."* The *"Refresher Trainings"* were conducted on various training dates (between 1/8/25 through 4/4/25) and entailed 6 topics in the training which includes:

1. *Opposite Gender Announcing,*
2. *Professional Conduct with Transgender and Intersex Offenders,*
3. *Limited English Proficient (LEP) translation/interpretation line process,*
4. *Victim Advocates,*
5. *PREA Grievances, and*
6. *1st Responder Duties*

This auditor also received and reviewed the *"Professional Conduct with Transgender and Intersex Offenders"* PowerPoint slide show/curriculum used during this training. This training content entailed the following: topics: defining LGBTI, professional interactions with transgender, pat/strip search procedures of transgender/intersex residents, serious considerations of transgender/intersex resident own perception of safety, allowing transgender/intersex residents to shower opposite of the other CACCC residents.

Additionally, CACCC's PCM submitted photo evidence of housing wings C, D and E's bathroom/shower room have replaced their solid entrance doors with saloon-style doors to decrease blind spots, still provide adequate resident privacy, and increase resident supervision (by opposite gender staff) inside shower room of non-showering residents congregating in the shower room. CACCC's PCM also submitted photo evidence saloon style doors being placed in the toilet areas to disallow opposite gender staff from freely viewing residents using the toilet, outside of their routine security rounds. Finally, CACCC's PCM submitted photo evidence shower curtains lifted by 4 to 6 inches to provide more coverage for showering residents. Staff conducting security rounds inside the shower area of CACCC's shower rooms, can still see showering resident's shoulder to head and calves to feet (mid-section covered), ensuring breathing individuals and single person showering.

This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.215.

<b>115.216</b>	<b>Residents with disabilities and residents who are limited English proficient</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	<p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.216. Central Arkansas Community Correction Center (CACCC) submitted their “Arkansas Department of Corrections PREA Secretarial Directive (2024-02)” as evidence of compliance with PREA Standard 115.216. An excerpt states, <i>“Each facility shall provide Offender education in formats accessible to all Offenders, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, and for Offenders who have limited reading skills. Use of Offender interpreters for assistance in Offender education on aspects of the DOC’s efforts to prevent, detect, and respond to Sexual Abuse and Sexual Harassment shall be prohibited except in circumstances where extended delay in obtaining an effective interpreter could compromise the Offender’s safety.”</i></p> <p>This auditor reviewed “ARDOC’s Secretarial Directive (2024-02)” and concluded that it has the necessary language to align with PREA Standard 115.216.</p> <p>While on site, this auditor interviewed ARDOC’s PREA Coordinator. She shared that translation services are provided through ARDOC courts, who can provide interpreters via ZOOM. During interviews with direct supervision and supervisory staff, they did not know about translation access through ARDOC courts. Each shared that they would provide translation/interpretation to non-English speaking residents through other inmates, staff who are proficient in Spanish, or using “Google Translate” on supervisor cellphones. Six direct supervision staff shared that ARDOC has a PREA hotline that has Spanish as an option, however no formal language service for interpretation was shared.</p> <p>Additionally, while on site, this auditor did observe PREA reporting postings throughout CACCC and kiosk information in English and Spanish. This auditor also reviewed the PREA Pamphlets in English and Spanish, as well as viewed PREA Resident Education videos in English, Spanish, and closed captioned for the hearing impaired. This auditor also interviewed 2 randomly selected targeted Limited English Proficient (LEP) residents. The residents were unable to confirm receiving the PREA brochure in Spanish or viewing the Spanish PREA video at intake therefore this auditor was unable to determine compliance regarding CACCC providing enough information that ensures an LEP resident understands PREA information.</p> <p>Furthermore, this auditor interviewed ARDOC’s contracted medical services provider’s (WellPath) Health Services Administrator. She shared that Wellpath utilizes “Language Line Solutions” to assist with medical and mental health</p>

translation services for CACCC residents. This auditor was able to review Wellpath's contract and access code with Language Line Solutions." This auditor also tested the Language Line Solutions" number and access code. Once Wellpath's access code was input, this auditor was provided access to a representative to assist with various language translations.

This auditor recommended that ARDOC establish a documented formal collaborative partnership with WellPath to allow the use of Wellpath's "*Language Line Solutions*" for staff CACCC access needs for CACCC LEP residents. Once this documented collaboration is formalized/established, this auditor recommends CACCC facilitate an "*All Staff Training*" on the purpose and how to access the "*Language Line Solutions*" to assist with translation services for CACCC residents. Additionally, this auditor recommends that CACCC sick call forms be developed and provided in Spanish. Finally, this auditor also recommended that all LEP residents within the facility be provided "*PREA Refresher Education*" by showing the Spanish version of the PREA video, as well as providing the PREA pamphlet and the PREA Acknowledgment form in Spanish. This PREA auditor concluded that Central Arkansas Community Correction Center (CACCC) was not in compliance with PREA Standard 115.216. Corrective Action was required.

During CACCC's Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and email correspondence with ARDOC's PREA Coordinator (PC) and CACCC's PREA Compliance Manager (PCM). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, CACCC's PREA Compliance Manager (PCM) submitted a random selection of 20 signed/dated "*PREA Training Acknowledgement Forms*" as evidence of facilitating "*Refresher Training*." The "*Refresher Trainings*" were conducted on various training dates (between 1/8/25 through 4/4/25) and entailed 6 topics in the training which includes:

1. Opposite Gender Announcing,
2. Professional Conduct with Transgender and Intersex Offenders,
3. Limited English Proficient (LEP) translation/interpretation line process,
4. Victim Advocates,
5. PREA Grievances, and
6. 1st Responder Duties.

This auditor also received and reviewed the "*Professional Conduct with Transgender and Intersex Offenders*" PowerPoint slide show/curriculum used during this training. This training content entailed the following: topics: defining LGBTI, professional interactions with transgender, pat/strip search procedures of transgender/intersex residents, serious considerations of transgender/intersex resident own perception of safety, allowing transgender/intersex residents to shower opposite of the other CACCC residents. Finally, CACCC's PCM submitted a copy of CACCC's "*Language Line Solutions*" document and facility code to use as a guide when calling to access live/real-time translation/interpretation services.

	<p>Additionally, CACCC’s PCM submitted photo evidence of CACCC’s grievance box being titled in English and Spanish, resident “<i>Grievance Forms</i>” being in English and Spanish, as well as their “<i>End the Silence</i>” PREA Pamphlets being in English and Spanish. Finally, CACCC’s PCM submitted signed and dated (6/26/25) “<b>PREA Brochure Acknowledgements</b>” from 164 CACCC residents, as evidence of all CACCC inmates receiving “<i>Refresher PREA Education</i>,” through reviewing the “<i>End the Silence</i>” PREA pamphlet and providing each resident with their own pamphlet in the language they primarily understand. This “<i>Refresher PREA Education</i>” allowed resident to ask question for understanding and clarity.</p> <p>This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.216.</p>

115.217	Hiring and promotion decisions
	<p><b>Auditor Overall Determination:</b> Meets Standard</p> <p><b>Auditor Discussion</b></p> <p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.217. Central Arkansas Community Correction Center (CACCC) submitted their Arkansas Department of Corrections Secretarial Directive (2024-02)” as evidence of compliance with PREA Standard 115.217. An excerpt states, “<i>The DOC shall perform a criminal background record check before enlisting the services of any Contractor who may have contact with Offenders. b. The DOC shall conduct criminal background record checks at least every five years of current employees and Contractors who may have contact with Offenders.</i>”</p> <p>This auditor reviewed “ARDOC’s Secretarial Directive (2024-02)” and concluded that it has some of the language to align with PREA Standard 115.217. However, it does not contain information about background checks being conducted prior to staff promotions.</p> <p>While onsite, this PREA auditor interviewed ARDOC’s Human Resources Director. He shared that background checks are conducted on all employees and contractors. They further shared that background screenings include ACIC (Arkansas Crime Information Center), NCIC (National Crime Information Center) fingerprinting, Court Connect (Open Cases review system), and Employee reference Checks. When this auditor asked about conducting 5-year background checks (on employees and contractors) and “<i>PREA Affirming Acknowledgement Disclosures</i>” for employees, he shared that they have not been conducting background checks, at minimum, every 5 years of employees or contractors beyond their initial background checks.</p>

Furthermore, they have not been consistent in administering their *“PREA Affirming Acknowledgement Disclosures”* to all employees at hire, upon promotion, or as a part of performance reviews.

While onsite, this auditor randomly selected 16 CACCC employee files from an HR Liaison. This auditor reviewed the randomly selected files and observed that 16 out of 16 reviewed files had the new background checks between 7/01/24 through 7/25/24 completed. These new background checks that were to be completed were a result of this auditor’s Agency Audit recommendation to ARDOC HR Director (at Headquarters), to conduct a sweeping background re-check of all ARDOC facility staff and contractors. This recommendation was to re-establish ARDOC’s consistency in conducting initial background checks, promotional background checks and background checks at least every 5 years. This auditor learned that each ARDOC facility HR Manager/Liaison has access only to the *“LaserFiche”* (electronic HR files) for the facility/employees they are assigned to.

Additionally, this auditor verified that 16 out of 16 CACCC staff completed *“PREA Affirming Acknowledgement Disclosures”* between the dates of 7/01/24 through 7/25/24. These *“PREA Affirming Acknowledgement Disclosures”* are also a result of this auditor’s Agency Audit recommendation to ARDOC HR Director (at Headquarters), to administer sweeping *“PREA Affirming Acknowledgement Disclosures”* to all ARDOC facility staff. This recommendation was to re-establish ARDOC consistency in requiring all staff to affirm/reaffirm that they have not engaged in previous misconduct under PREA Standard 115.217.

During CACCC’s PREA Interim Audit Period, CACCC’s HR Liaison (along with other ARDOC site-based HR Liaisons) received new directives from ARDOC’s HR Director (new directive given in January 2025) to follow ARDOC’s newly implemented HR procedures to ensure that initial, promotional, 5-year background checks are occurring annually. All ARDOC staff are also required to review and complete *“PREA Affirming Acknowledgement Disclosure”* annually. Contractors are also required to receive initial background checks and every 5 years.

This auditor asked ARDOC PREA Coordinator (PC) if ARDOC discloses former employee substantiation of sexual abuse or sexual harassment. ARDOC’s PC shared Arkansas’ Statute on providing references to prospective employers which states, *“A current or former employer may disclose the following information about a current or former employee's employment history to a prospective employer of the current or former employee upon receipt of written consent from the current or former employee:*

*Date and duration of employment;*

*Current pay rate and wage history;*

*Job description and duties;*

*The last written performance evaluation prepared prior to the date of the request;*

*Attendance information;*

*Results of drug or alcohol tests administered within one (1) year prior to the request;*

	<p><i>Threats of violence, harassing acts, or threatening behavior related to the workplace or directed at another employee; Whether the employee was voluntarily or involuntarily separated from employment and the reasons for the separation; and Whether the employee is eligible for rehire.”</i></p> <p>This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.217.</p>

<b>115.218</b>	<b>Upgrades to facilities and technology</b>
	<p><b>Auditor Overall Determination:</b> Meets Standard</p>
	<p><b>Auditor Discussion</b></p> <p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.218. Central Arkansas Community Correction Center’s (CACCC) Warden shared that no notable upgrades or expansion has occurred in the facility within the last three years.</p> <p>While on site, this auditor conducted a comprehensive site review/tour and noted areas where blind spots exist. This auditor shared that the addition of cameras in these specific areas would improve video monitoring in the overall facility and would be for supplemental supervision to enhance their ability to protect residents from sexual abuse. Those specific areas were as follows: Commissary Room, Commissary inner hallway, Issuance storage room (top floor), dry storage area, maintenance building, community work room sheds (CA 103 &amp; CA 102), laundry area and the medical commons area. This PREA auditor concluded that Central Arkansas Community Correction Center (CACCC) was not in compliance with PREA Standard 115.218. Corrective Action was required.</p> <p>During CACCC’s Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and email correspondence with ARDOC’s PREA Coordinator (PC) and CACCC’s PREA Compliance Manager (PCM). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, CACCC’s PREA Coordinator submitted the quote for the recommended video monitoring, as well as email correspondence with ARDOC’s Chief of Staff, ARDOC’s facilities team, CACCC’s Warden, and ARDOC’s PC. The final correspondence of the email correspondence was from ARDOC’s Secretary. The email was as follows:</p> <p><b>Subject:</b> CACCC Camera Quote:</p>

**From:** ARDOC's Secretary

**Sent:** Thursday, June 26, 2025 (10:58AM)

**To:** ARDOC's Chief of Staff, ARDOC Chief Legal, ARDOC Facilities, and ARDOC's PREA Coordinator

\_\_\_\_\_

*I authorize you to begin the purchasing process, which includes all the proper approval procedures (quotes, board and legislative approval if necessary) to purchase cameras for CACCC. Please coordinate with Wade and fiscal on next steps. Thank you,*

*Secretary of ARDOC*

Finally, this auditor will be closely following the progress of the video monitoring progress, to ensure CACCC has fully implemented the video monitoring in the recommended blind spot locations.

This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.218.

115.221	Evidence protocol and forensic medical examinations
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>  <p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.221. Central Arkansas Community Correction Center (CACCC) submitted their "Arkansas Department of Corrections PREA Secretarial Directive (2024-02)" as evidence of compliance with PREA Standard 115.221. An excerpt states, "In coordination with the outside facility, the designated Staff shall request the forensic medical examination be performed by a Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) or other qualified medical practitioner. The efforts to provide SAFEs or SANEs shall be documented. The examination shall be at no cost to the Victim.</p> <p><i>Medical care and forensic medical examinations are separate and different procedures. The Victim shall have a right to refuse either. Victims may be encouraged but shall not be forced to consent to a forensic medical examination. However, the Victim may refuse consent to the forensic medical examination and still consent to and receive medical care.</i></p>

*The Victim shall be offered victim advocate services. If requested, the advocate service shall be contacted and given the appropriate information in order to assist the Victim through the forensic examination and investigation process."*

This auditor also reviewed ARDOC's Coordinated Response Plan which states, *"If requested by the victim, a victim advocate, qualified agency staff member, or qualified community-based organization, a DOC staff member will accompany and support the victim through the forensic medical examination process and investigatory interviews. Their role is to provide emotional support, crisis intervention services, information, and referrals. Please contact your facility PCM for a list of qualified agency staff members."*

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and "Coordinated Response Plan," concluding that it has the necessary language to align with PREA Standard 115.221.

While onsite, this auditor interviewed CACCC's PREA Compliance Manager and CACCC's Chaplin. They shared that they received specialized training through ARDOC's PREA Coordinator to be staff victim advocates. ARDOC submitted "Sexual Assault Victim Advocacy Training Acknowledge Forms" in OAS supplemental files, as evidence of compliance with this 115.221 PREA Standard. During the audit period, this auditor recommended that another person be identified as a victim advocate in the event that the Chaplin or PCM could not be available. CACCC submitted evidence in OAS of two additional staff trained to be victim advocates. This auditor also reviewed ARDOC's victim's advocate training PPT curriculum (50 slides), as well as accompanying supplemental individual/groups exercises and scenario exercises. Finally, during this auditor's interview with CACCC's PCM and Chaplin, both shared that CACCC transports victim residents to "Baptist Health Medical Center" for Sexual Abuse Nurse Examinations/Sexual Abuse Forensic Examinations (SANE/SAFE). CACCC victim advocates provide emotional support to those victims needing to go out for SANE/SAFE services. CACCC utilizes the Arkansas State Police (ASP) for all PREA sexual abuse criminal investigations.

Additionally, while on site, this auditor interviewed a random selection of 21 CACCC residents. When this auditor asked about their knowledge of victim advocacy services provided for sexual abuse victims at CACCC, 17 out of 21 residents (81%) knew that ARDOC's PCM and Chaplin were specialized trained staff victim advocates, both staff advocates were available for resident victims of sexual abuse and emotional support for all CACCC residents.

Finally, this auditor interviewed a random selection of 10 CACCC direct supervision staff. This auditor shared a scenario with each direct supervision staff. This auditor shared a scenario of a sexual assault occurring in the shower area, the victim immediately runs out and reports the assault to the direct supervision staff. Each knew their responsibilities if they were first to be informed, notified, or observe sexual abuse/sexual harassment of a resident. All 10 interviewed direct supervision staff also shared their duties to preserve the potential crime scene to preserve usable evidence.

This auditor recommended that all CACCC residents receive refresher training to educate them on who the CACCC victim advocates are in the facility, their role and purpose, and how to access them if needed. Inmates should be aware that CACCC's specialized trained Victim Advocates provide victim advocacy and emotional support to all CACCC residents. This PREA auditor concluded that Central Arkansas Community Correction Center (CACCC) was not in compliance with PREA Standard 115.221. Corrective Action was required.

During CACCC's Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and email correspondence with ARDOC's PREA Coordinator (PC) and CACCC's PREA Compliance Manager (PCM). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, CACCC's PREA Compliance Manager (PCM) submitted a randomly selection of 20 signed/dated "PREA Training Acknowledgement Forms" as evidence of facilitating "Refresher Training." The "Refresher Trainings" were conducted on various training dates (between 1/8/25 through 4/4/25) and entailed 6 topics in the training which includes:

1. Opposite Gender Announcing,
2. Professional Conduct with Transgender and Intersex Offenders,
3. Limited English Proficient (LEP) translation/interpretation line process,
4. Victim Advocates,
5. PREA Grievances, and
6. 1st Responder Duties.

This auditor also received and reviewed CACCC's "PREA Staff Training" slide show/ curriculum used to facilitate this training. Finally, CACCC's PCM submitted signed and dated (6/26/25) "**PREA Brochure Acknowledgements**" from 164 CACCC residents, as evidence of all CACCC inmates receiving "Refresher PREA Education," through reviewing the "End the Silence" PREA pamphlet and providing each resident with their own pamphlet in the language they primarily understand. The "End the Silence" PREA pamphlet identifies CACCC's victim advocates, their role, purpose, and how to access a victim advocates. This "Refresher Education" allowed resident to ask question for understanding and clarity about victim advocacy.

This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.221.

<b>115.222</b>	<b>Policies to ensure referrals of allegations for investigations</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>
	This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit

System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.222. Central Arkansas Community Correction Center (CACCC) submitted their "Arkansas Department of Corrections PREA Secretarial Directive (2024-02)" as evidence of compliance with PREA Standard 115.222. It states, *"All allegations of Sexual Abuse and Sexual Harassment shall be promptly, thoroughly, and objectively investigated, including third-party and anonymous reports. 2. A PREA investigation shall be initiated within twenty-four (24) hours of the incident upon report to the facility or DOC investigator or as soon as possible if referred for investigation to the Arkansas State Police (ASP). ASP shall be notified once the quality of evidence appears to support criminal prosecution.*

*Notifications for the purpose of an investigation shall be immediately made to the designated facility or DOC investigator. In addition, all allegations of Sexual Abuse that involve potentially criminal behavior shall be referred for criminal investigation to the Arkansas State Police (ASP)."*

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)," concluding that it has the necessary language to align with PREA Standard 115.222.

While onsite, this auditor also interviewed 3 CACCC Administrative PREA Investigators assigned to investigations. This auditor shared a scenario of a resident being sexually assaulted in the shower, and asked, *"What is the PREA Investigator's coordinated responsibilities?"* All investigators knew their responsibilities of evidence collection, Miranda/Garrity rights, interviewing procedures, understanding victim trauma, and investigation report-writing protocols. Both investigators identified the specialized training they received regarding investigating sexual abuse in confinement facilities. This auditor reviewed all interviewed PREA investigator's training transcript submitted by ARDOC's PREA Coordinator. These training transcripts verified the specialized training both ARDOC PREA investigators received training through ARDOC's 3-day "Sexual Assault Investigation's Training." This auditor reviewed "ARDOC's Coordinated Response Plan," which aligned with ARDOC's PREA Investigator's interview responses.

Furthermore, ARDOC's PREA Coordinator shared that ARDOC partners with Arkansas State Police (ASP), which is responsible for conducting PREA criminal investigations. This auditor verified this partnership through a call to ASP, who verified being the entity to conduct criminal investigations for ARDOC facilities. This auditor also reviewed ARDOC's "Coordinate Response Plan Manual." This manual describes the ARDOC's responsibilities when conducting PREA administrative investigations. Moreover, this auditor interviewed a random selection of 18 CACCC specialized and direct supervision staff, 18 of 18 responded confidently to their knowledge as first responders and coordinated response. Finally, this auditor reviewed ARDOC's website (Prison Rape Elimination Act (PREA) - Arkansas Department of Corrections) and observed their PREA Investigations policy which states, *"All allegations of sexual abuse are taken seriously. The AR DOC accepts all reports of sexual abuse or sexual harassment whether made verbally, in writing, anonymously, or from third parties.*

	<p><i>All allegations will be thoroughly investigated by the PREA Coordinator. There is no time limit on when an incident of sexual abuse or sexual harassment can be reported.”</i></p> <p>This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.222.</p>

	<p><b>Auditor Discussion</b></p> <p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.231. Central Arkansas Community Correction Center (CACCC) submitted their “Arkansas Department of Corrections PREA Secretarial Directive (2024-02)” as evidence of compliance with PREA Standard 115.231. An excerpt states, <i>“Staff Training shall be tailored to be gender specific to the primary facility of each Staff member. All employees shall receive training annually in the following;</i></p> <ol style="list-style-type: none"> <li>1. <i>The DOC’s zero-tolerance policy for Sexual Abuse and Sexual Harassment.</i></li> <li>2. <i>Their responsibilities of Sexual Abuse and Sexual Harassment prevention, detection, reporting, and response policies and procedures.</i></li> <li>3. <i>Offenders’ right to be free from Sexual Abuse and Sexual Harassment.</i></li> <li>4. <i>The right of Offenders and Staff to be free from Retaliation for reporting Sexual Abuse and Sexual Harassment.</i></li> <li>5. <i>The dynamics of Sexual Abuse and Sexual Harassment in confinement.</i></li> <li>6. <i>The common reactions of Sexual Abuse and Sexual Harassment victims.</i></li> <li>7. <i>How to detect and respond to signs of threatened and actual Sexual Abuse.</i></li> <li>8. <i>How to avoid inappropriate relationships with Offenders.</i></li> <li>9. <i>How to communicate effectively and professionally with an Offender, including LGBTI or GNC Offenders.</i></li> <li>10. <i>How to comply with relevant laws related to mandatory reporting of Sexual Abuse to outside authorities.”</i></li> </ol> <p>This auditor reviewed “ARDOC’s Secretarial Directive (2024-02)” and concluded that it has the necessary language to align with PREA Standard 115.231.</p> <p>While onsite, this PREA auditor interviewed the PREA Compliance Manager/Sargent who shared that new hire staff go through two weeks of an “On the Job Training” course at the facility as well as four weeks in the Residential Service Basic Training Academy where both areas train on PREA. Moreover, this auditor interviewed 19</p>

	<p>randomly selected direct supervision staff, specialized, support, volunteer, and contractors. Each acknowledged receiving PREA New Hire and/or PREA refresher training. Each knew their responsibilities as first responders and coordinated duties. This auditor also requested, received, and viewed the training files of the 10 randomly selected interviewed staff to verify up-to-date annual PREA training. The training information showed each staff member’s training verification of attendance. This auditor also reviewed the classroom in-person Power Point employee training curriculum, the Power-Point volunteer/contractor training curriculum and the RELIAS web-based annual refresher training curriculum. The employee and volunteer Power Point content as well as the web-based training covered the necessary components identified in PREA Standard 115.231 specifically discussing zero tolerance, first responder duties, resident rights, how to detect and respond as well as effectively communicating any incidents of sexual abuse and sexual harassment.</p> <p>This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.231.</p>

This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.232. Central Arkansas Community Correction Center (CACCC) submitted their “Arkansas Department of Corrections PREA Secretarial Directive (2024-02)” as evidence of compliance with PREA Standard 115.232. Excerpts states, <i>“All Volunteers and Contractors who have contact with Offenders shall be trained annually on the following:</i></p> <ul style="list-style-type: none"> <li><i>i. Training shall be based on the level and amount of contact the Volunteer or Contractor has with Offenders”</i></p> <p>This auditor reviewed “ARDOC’s Secretarial Directive (2024-02)” and has concluded that it has the necessary language to align with PREA Standard 115.232.</p> <p>While onsite, this PREA auditor interviewed 1 randomly selected contractor. She</p>

	<p>acknowledged receiving PREA training and refresher training. She was able to thoroughly share her responsibilities if informed, observe, or gain knowledge of sexual abuse or sexual harassment. This auditor also interviewed the CACCC Chaplin who shared that he conducts volunteer/contractor training and utilizes about two hours for the training. He also shared providing time for questions towards the end of the presentation. This auditor also requested, received, and viewed the training files of ten randomly selected volunteers. All reviewed files had their PREA training verification as evidence of compliance. Additionally, CACCC's Chaplin submitted the "PREA Contractor/Volunteer Training" power point and "Contractor/Volunteer Acknowledgement Form." The Power Point training had 39 slides that discussed the origins of PREA, protection from retaliation for reporting, the dynamics of sexual abuse in carceral settings, the responsibilities to prevent, detect, report and respond as volunteers/contractors and how to maintain professional communication with inmates. The power point training and acknowledgement form covered the components identified in PREA Standard 115.231 and 115.232.</p> <p>This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.232.</p>

<b>115.233</b>	<b>Resident education</b>
	<p><b>Auditor Overall Determination:</b> Meets Standard</p> <p><b>Auditor Discussion</b></p> <p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.233. Central Arkansas Community Correction Center (CACCC) submitted their "Arkansas Department of Corrections PREA Secretarial Directive (2024-02)" as evidence of compliance with 115.233. An excerpts states, "1. During the intake process and at each facility, each Offender shall receive oral and written information about the DOC's zero-tolerance policy regarding Sexual Abuse and Sexual Harassment and how to report incidents or suspicions of Sexual Abuse or Sexual Harassment.</p> <p>2. Each facility shall provide Offender education in formats accessible to all Offenders, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, and for Offenders who have limited reading skills. Use of Offender interpreters for assistance in Offender education on aspects of the DOC's efforts to prevent, detect, and respond to Sexual Abuse and Sexual Harassment shall be prohibited except in circumstances where extended delay in obtaining an effective interpreter could compromise the Offender's safety.</p>

*3. Each facility shall maintain documentation of participation in Offender education.  
5. Each facility shall ensure that key information is continuously and readily available or visible to Offenders, such as posters and Offender handbook materials that explain the zero-tolerance policy and different ways to report.”*

This auditor reviewed “ARDOC’s Secretarial Directive (2024-02)” and concluded that it has the necessary language to align with PREA Standard 115.233.

While onsite, this auditor interviewed CACCC’s Program Specialist and Lieutenant who provide resident PREA education at intake. Both shared the intake process that occurs 24 hours after entry into the facility which entailed residents viewing the PRC disseminated PREA Education video and reviewing and initialing ARDOC’s “PREA Offender Education” checklist form after reviewing the content one by one. The “PREA Offender Education” checklist form entailed CACCC’s zero tolerance for sexual abuse/sexual harassment, resident’s rights, ways to report at CACCC, and access to victim advocacy and emotional support. Finally, the “PREA Offender Education” checklist form is signed by the staff providing the PREA education and the resident acknowledging their receipt and understanding.

This auditor also interviewed 21 randomly selected CACCC residents. When this auditor asked each if they received PREA education during their intake, 18 out of 21 shared that they did receive PREA education. Additionally, each could share details of their PREA education (video, brochure, or checklist review). This auditor also requested to see the completed/signed “PREA Offender Education” of a randomly selection of 21 CACCC residents. CACCC’s Program Specialist submitted the “PREA Offender Education” checklist form. All 21 of 21 were verified. All forms were dated, had resident initials next to each discussion point, the staff signature who provided the PREA education, and the resident’s signature sign-off/acknowledgement as evidence of compliance.

Finally, during the onsite review, this auditor observed that CACCC’s PREA education videos and PREA posted reporting signage were in English and Spanish. This auditor did provide additional resources for the PRC PREA videos that also provide American Sign Language and Closed Caption as well. This auditor discussed other communicative avenues for a resident to report PREA. ARDOC’s PREA Coordinator shared that posters were approximately a 5th grade reading level placed at a height where those physically impaired can view. This was verified by this auditor.

This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.233.

<b>115.234</b>	<b>Specialized training: Investigations</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<b>Auditor Discussion</b>

This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.234. Central Arkansas Community Correction Center (CACCC) submitted their "Arkansas Department of Corrections PREA Secretarial Directive (2024-02)" as evidence of compliance with PREA Standard 115.234. An excerpt states, "All employees who conduct Sexual Abuse investigations shall receive specialized training in conducting such an investigation in a confinement setting. The training shall include:

*a. Interviewing techniques for Sexual Abuse Victims.*

*b. Proper use of Miranda and Garrity warnings.*

*c. Sexual Abuse evidence collection in confinement settings.*

*d. Criteria and evidence required to substantiate a case for administrative action or prosecution referral."*

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and concluded that it has the necessary language to align with PREA Standard 115.234.

This PREA auditor also reviewed ARDOC's 6 module "Sexual Abuse Investigator's Training (SAIT)" in OAS, as evidence of compliance. The modules noted were as follows:

1. *Legal Issues and Liability*
2. *PREA Standards for Investigations*
3. *1st Responder Duties*
4. *Medical & Mental Health Care*
5. *Evidence Collection and*
6. *PREA Investigations: "Adult Interviewing and Report Writing."*

All modules covered the necessary topics related to PREA's investigation standards. This auditor also interviewed 3 randomly selected CACCC administrative PREA investigators. All three knew their responsibilities in, evidence collection, Miranda/Garrity rights, interviewing procedures, understanding victim trauma, and investigation report-writing protocols. All 3 investigators identified ARDOC's specialized "Sexual Abuse Investigator's Training" (3-day training) they received regarding investigating sexual abuse in confinement facilities. This auditor also reviewed the 3 interviewed PREA investigators' training transcripts, submitted by CACCC's PREA Compliance Manager. In addition, CACCC submitted transcripts of four other investigators that could complete investigations at CACCC. These training transcripts were submitted in OAS and verified the specialized training of all PREA investigators who received training in the classroom setting.

This PREA auditor concludes that Central Arkansas Community Correction Center

(CACCC) is in compliance with PREA Standard 115.234.

**115.235 Specialized training: Medical and mental health care**

**Auditor Overall Determination:** Meets Standard

**Auditor Discussion**

This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.235. Central Arkansas Community Correction Center (CACCC) submitted their “Arkansas Department of Corrections PREA Secretarial Directive (2024-02)” #1D-03 as evidence of compliance with PREA Standard 115.235. An excerpt states, *“All full and part-time medical and mental health care practitioners who work regularly in the facility shall receive specialized training on the following:*

- a. How to detect and assess signs of Sexual Abuse and Sexual Harassment.*
- b. How to preserve physical evidence of Sexual Abuse.*
- c. How to respond effectively and professionally to Victims of Sexual Abuse and Sexual Harassment.*
- d. How and to whom to report allegations or suspicions of Sexual Abuse and Sexual Harassment.”*

This auditor reviewed “ARDOC’s Secretarial Directive (2024-02)” and concluded that it has the necessary language to align with PREA Standard 115.235.

While on site, this auditor conducted an exhaustive site review/tour of CACCC and observed the medical triage area. This auditor interviewed ARDOC’s PREA Coordinator and WellPath’s Health Services Administrator who shared that all medical and mental health professionals within the facility complete PREA training annually through Well Path Academy as well as RELIAS training. Additionally, CACCC submitted the specialized training that all medical and mental health staff take with ARDOC’s PREA Coordinator as evidence of compliance. This auditor reviewed the specialized training entitled, “Medical, Mental Health, & PREA” which CACCC submitted as evidence of specialized training for this standard. This training contained 54 slides that provided comprehensive education on how to detect and assess signs of sexual abuse and harassment, how to preserve physical evidence, how to respond effectively and professionally to victims and how and whom to report allegations or suspicions of sexual abuse and harassment.

This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.235.

This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.241. Central Arkansas Community Correction Center (CACCC) submitted their “Arkansas Department of Corrections PREA Secretarial Directive (2024-02)” as evidence of compliance with PREA Standard 115.241. Excerpts states, <i>“Each Offender shall be assessed during the intake screening within seventy-two (72) hours of arrival and upon each transfer to another facility. The Program Specialist for CACCC primarily conducts PREA Risk Screenings in “eOmis” due to “eOmis” requiring special permissions/access. After combing through the risk assessment tool, this auditor observed that any resident</p>

screened having history of sexual victimization are automatically identified as “high risk of victimization” by the system. However, when any resident screened having history of sexual abusiveness/perpetration, they are not automatically identified as “high risk of abusiveness/perpetration” by the system. The system requires two additional categorical question boxes to be checked before the screened resident would be identified as “high risk of abusiveness/perpetration.”

Additionally, when this auditor interviewed the Records Supervisor for CACCC, who shared that he runs a “room assignment and assessment report” before assigning bed space. If the screening identifies a resident as “high risk of abusiveness/perpetration or victimization” a notification is sent to the Warden, Treatment Supervisor, Chief of Security and PREA Coordinator known as the “PREA Committee” who come together and discuss a housing plan. Furthermore, when this auditor asked CACCC’s Program Specialist and Records Supervisor about their “30-day PREA Risk Screening Reassessments,” Both shared that “30-day PREA Risk Screening Reassessments” for residents within the Orientation Unit are completed before assignment into the general population.

Furthermore, while onsite, this auditor requested to see a random selection of 22 resident “PREA Risk Screenings” in “eOmis.” This auditor observed that 19 out of 22 “Initial PREA Risk Screenings” were completed however only 2 of 22 “30-Day PREA Risk Reassessment Screenings” were completed within the 30-day period as required by this PREA Standard. This auditor interviewed 21 randomly selected CACCC residents. This auditor asked the residents if they recalled being asked specific questions when they arrived (this auditor detailed the specific questions that were asked). 17 of 22 interviewed residents shared that they did recall being asked those specific screening questions. Also, five interviewed shared that they did not recall being asked those questions or similar questions since their intake.

This auditor recommended ARDOC calibrate their “PREA Risk Screening” tool in “eOmis” to have the threshold which identifies “risk of abusiveness/perpetration” align with the threshold which identifies “risk of victimization.” Additionally, this auditor recommended that CACCC establish a documented system that ensures that all CACCC residents receive “30-day PREA Risk Screenings Reassessments” within 30-days of their intake to CACCC. Finally, this auditor recommends CACCC establish a consistency in practice of conducting “30-day PREA Risk Screening Reassessment” and other warranted “PREA Risk Reassessments” (based upon any additional, relevant information received by the facility since the intake screening) before compliance can be concluded. This PREA auditor concluded that Central Arkansas Community Correction Center (CACCC) was not in compliance with PREA Standard 115.241. Corrective Action was required.

During CACCC’s Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and email correspondence with ARDOC’s PREA Coordinator (PC), with the goal of discussing the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, on 5/1/25, ARDOC’s PREA Coordinator sent this auditor video evidence showing that ARDOC’s contractor who manages their “eOmis” system made the calibration

corrections to their PREA Risk Screening Tool to have the threshold which identifies “risk of abusiveness” align with the threshold which identifies “risk of victimization.” Additionally, while this auditor was onsite conducting a PREA facility onsite at another ARDOC facility, this auditor tested ARDOC’s PREA Risk Screening Tool in their agency-wide “eOmis” system. This auditor was able to verify and confirm that the calibration corrections were made.

Furthermore, during CACCC’s Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and email correspondence with ARDOC’s PREA Coordinator (PC) and CACCC’s PREA Compliance Manager (PCM). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, this auditor requested to see CACCC’s list of residents who have been at CACCC for a minimum of 30-days, to make a random selection of 30 residents to verify that they received “30-Day PREA Reassessments” within the required 30-day threshold. CACCC’s PREA Compliance Manager (PCM) submitted the requested 30 residents “30-Day PREA Reassessments.” This auditor reviewed the 30 resident’s “Intake PREA Risk Screenings” and the “30-Day PREA Reassessments.” Each of the 30 reviewed resident PREA screenings had completed “Intake PREA Risk Screenings” and “30-Day PREA Reassessments.” Finally, the “30-Day PREA Reassessments” were conducted within the required 30-day period, as required by this PREA Standard.

This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.241.

	<p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.242. Central Arkansas Community Correction Center (CACCC) submitted their “Arkansas Department of Corrections PREA Secretarial Directive (2024-02)” as evidence of compliance with PREA Standard 115.242. An excerpt states, <i>“If an Offender scores “at risk” for victimization, the designated Staff shall label them as Victim Prone in eOMIS.</i></p> <p><i>If an Offender scores “at risk” for abusiveness, the designated staff shall label them as a Potential Sexual Predator in eOMIS.</i></p> <p><i>The information from the PREA screening shall be used to make housing, bed, program, and work assignment decisions with the goal of keeping separate those</i></p>

*Offenders who are prone to sexual Victimization from those who are prone to sexual aggression. The facility PCM is responsible for ensuring such separation.*

*Placement decisions regarding Transgender and Intersex Offenders shall be individualized."*

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)," concluding that it has the necessary language to align with PREA Standard 115.242.

While onsite, this auditor interviewed 21 randomly selected CACCC residents. This auditor asked the residents if they recalled being asked specific questions when they arrived (this auditor detailed the specific questions that were asked). 17 of 22 interviewed residents shared that they did recall being asked those specific screening questions. Also, five interviewed shared that they did not recall being asked those questions or similar questions since their intake.

Additionally, this auditor interviewed the Program Specialist and Records Supervisor for CACCC. Both shared that residents who are screened to be risk of sexual victimization receive a "Victim Prone" designation in ARDOC's "eOmis" (electronic offender management information system). Residents who are screened to be risk of sexual abusiveness receive a "Potential Sexual Predator" designation in ARDOC's "eOmis." This designation follows a resident in "eOmis." This designation also disallows the Records Supervisor from placing residents who are "Victim Prone" in the same housing location as residents who's "Potential Sexual Predators." CACCC's Records Supervisor, also shared that he runs a "room assignment and assessment report" before assigning bed space to any resident in the Orientation Unit. He also shared that he is the sole person responsible for housing placements within the facility and he did not house residents whose screening designates them as a "Potential Sexual Predator." Moreover, he shared that there is no special designated housing for LGBTI residents and if there was a need to house transgender or intersex residents the PREA Committee would further review placement options.

Furthermore, this auditor reviewed the PREA Risk Screening tool in ARDOC's "eOmis" system (electronic offender management system) with the Program Specialist. The Program Specialist for CACCC primarily conducts PREA Risk Screenings in "eOmis" due to "eOmis" requiring special permissions/access. After combing through the risk assessment tool, this auditor observed that any resident screened having history of sexual victimization are automatically identified as "high risk of victimization" by the system. However, when any resident screened having history of sexual abusiveness/perpetration, they are not automatically identified as "high risk of abusiveness/perpetration" by the system. The system requires two additional categorical question boxes to be checked before the screened resident would be identified as "high risk of abusiveness/perpetration."

Finally, this auditor asked CACCC's Warden if transgender resident's own perception of their safety taken into serious consideration. He stated that safety is a priority at CACCC and any mistreatment by other residents and/or staff can result in disciplinary action. During the site review/tour, this auditor observed the bathrooms utilized for all residents. When asked about the formal process regarding showers,

toileting and hand washing, staff shared that showers are from 3pm to 9pm. However, residents who work in the CWC program are allowed to shower earlier in the day. There was no formalized process in handling shower procedures for a transgender resident if/when the facility receives a transgender resident.

This auditor recommended CACCC provide “*Refresher Training*” to all CACCC staff on professional conduct with transgender/intersex residents. This recommended training content should entail the following topics: defining LGBTI, professional interactions with transgender, pat/strip search procedures of transgender/intersex residents, serious considerations of transgender/intersex resident own perception of safety, allowing transgender/intersex residents to shower opposite of the other CACCC residents. Finally, CACCC’s training curriculum and acknowledgement of staff attending the training should be documented. This PREA auditor concluded that Central Arkansas Community Correction Center (CACCC) was not in compliance with PREA Standard 115.242. Corrective Action was required.

During CACCC’s Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and email correspondence with ARDOC’s PREA Coordinator (PC) and CACCC’s PREA Compliance Manager (PCM). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, CACCC’s PREA Compliance Manager (PCM) submitted a randomly selection of 20 signed/dated “PREA Training Acknowledgement Forms” as evidence of facilitating “Refresher Training.” The “*Refresher Trainings*” were conducted on various training dates (between 1/8/25 through 4/4/25) and entailed 6 topics in the training which includes: **1)** Opposite Gender Announcing, **2)** Professional Conduct with Transgender and Intersex Offenders, **3)** Limited English Proficient (LEP) translation/interpretation line process, **4)** Victim Advocates, **5)** PREA Grievances, and **6)** 1st Responder Duties. This auditor also received and reviewed CACCC’s “*PREA Staff Training*” slide show/curriculum used to facilitate this training. The content of the “*Professional Conduct with Transgender and Intersex Offenders*” section entailed the following topics: defining LGBTI, professional interactions with transgender, pat/strip search procedures of transgender/intersex residents, serious considerations of transgender/intersex resident own perception of safety, allowing transgender/intersex residents to shower opposite of the other CACCC residents.

This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.242.

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)," concluding that it has the necessary language to align with PREA Standard 115.251.

While onsite, this PREA auditor interviewed a random selection of 21 CACCC residents asking, *"Please share with me at least four different ways a resident can report an incident of sexual abuse or sexual harassment here at CACCC?"* There were 18 of 21 who shared 4 various ways and 3 out of 21 could share 3 ways to report. More than 85% of the 21 total interviewed residents stated different staff names, avenues, and 3rd party ways to report. When this auditor conducted an exhaustive site review/site review/tour, this auditor observed that the PREA reporting signage throughout the facility was in English and Spanish.

Additionally, this auditor observed a "Grievance Box" in the main hallway. When this auditor asked the 21 interviewees the purpose of the "Grievance Box," each resident shared that the "Grievance Box" is for residents to share unfair treatment or report PREA incidents. This was confirmed during this auditor's randomly

	<p>selected interviews with 10 CACCC direct supervision staff, who shared that the “Grievance Box” is meant for confidential correspondence with the CACCC’s Grievance Officer.</p> <p>This auditor also reviewed ARDOC’s Memorandum of Understanding (MOU) with “Arkansas Commission on Law Enforcement Standards and Training” (CLEST). “CLEST” is ARDOC’s external reporting entity, who receives resident and inmate reports of sexual abuse. “CLEST” receives mail-in reports then immediately forwards all reports to ARDOC’s PREA Coordinator. This auditor reached out to “CLEST” and spoke to a representative, who verified the MOU, as well as “CLEST’s” responsibilities to receive and immediately forward reports of sexual abuse by an ARDOC inmate of resident. This auditor did not observe CACCC’s “CLEST” reporting signage on the walls near the residents’ telephones during the site review/tour.</p> <p>This auditor recommended that “CLEST” signage be posted near all resident telephones in both Spanish and English. In addition, this auditor recommends that reporting signage be posted close to resident telephones on each housing unit and that photo evidence be placed in OAS. This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and has concluded that it has the necessary language to align with PREA Standard 115.252.

While onsite, this PREA auditor interviewed a random selection of 21 CACCC residents asking, "Please share with me at least four different ways a resident can report an incident of sexual abuse or sexual harassment here at CACCC?" This auditor observed a "Grievance Box" in the main hallway. When this auditor asked the 21 interviewees the purpose of the "Grievance Box," each resident similarly shared that the "Grievance Box" is for residents to share unfair treatment or report PREA incidents. This was confirmed during this auditor's randomly selected interviews with 10 CACCC direct supervision staff and 8 specialized, who shared that the "Grievance Box" is meant for confidential correspondence with CACCC's Grievance Officer. When this auditor interviewed CACCC's Grievance Officer, who shared that they check grievance daily. They further shared that she

	<p>and the PCM are the only CACCC personnel who have access to the “Grievance Box,” and if a PREA related grievance is received, they are responded to immediately. During the site review/tour in the Special Management Unit “A Wing”, this auditor conducted an informal interview with a resident within the unit who reported that residents give grievance forms directly to security staff managing the unit that day. This auditor inquired about this process with security staff which confirmed this procedure which violates the confidentiality of the grievance process specifically with grievances related to sexual abuse and sexual harassment.</p> <p>This auditor recommended CACCC provide a confidential way by which a resident housed within the “<i>Special Management Unit (SMU)</i>” can report PREA incidents, as well as a confidential way for SMU residents to submit PREA-related grievances. 	<p><b>Auditor Discussion</b></p> <p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.253. Central Arkansas Community Correction Center (CACCC) submitted their “Arkansas Department of Corrections PREA Secretarial Directive (2024-02)” as evidence of compliance with PREA Standard 115.253. It states, “<i>Victim Advocacy Training - Employees designated to provide victim advocacy for</i></p>

*Offenders when a community-based organization is not available must receive approved training as indicated for Victim Advocates."*

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and has concluded that it has the necessary language to align with PREA Standard 115.253.

This auditor also reviewed ARDOC's Coordinated Response Plan which states, "*If requested by the victim, a victim advocate, qualified agency staff member, or qualified community-based organization, a DOC staff member will accompany and support the victim through the forensic medical examination process and investigatory interviews. Their role is to provide emotional support, crisis intervention services, information, and referrals. Please contact your facility PCM for a list of qualified agency staff members.*"

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and "Coordinated Response Plan," concluding that it has the necessary language to align with PREA Standard 115.253.

While onsite, this auditor interviewed CACCC's PREA Compliance Manager and CACCC's Chaplin. They shared that they received specialized training through ARDOC's PREA Coordinator to be staff victim advocates. ARDOC submitted "*Sexual Assault Victim Advocacy Training*" acknowledge forms in OAS supplemental files, as evidence of compliance with this 115.221 PREA Standard. During the audit period, this auditor recommended that another person be identified as a victim advocate if the Chaplin or PCM could not be available. CACCC submitted evidence in OAS of two additional staff trained to be victim advocates. This auditor also reviewed ARDOC's victim's advocate training PPT curriculum (50 slides), as well as accompanying supplemental individual/groups exercises and scenario exercises. Finally, during this auditor's interview with CACCC's PCM and Chaplin, both shared that CACCC transports victim residents to "*Baptist Health Medical Center*" for Sexual Abuse Nurse Examinations/Sexual Abuse Forensic Examinations (SANE/SAFE). CACCC victim advocates provide emotional support to those victims needing to go out for SANE/SAFE services. CACCC utilizes the Arkansas State Police (ASP) for all PREA sexual abuse criminal investigations.

Additionally, while on site, this auditor interviewed a random selection of 21 CACCC residents. When this auditor asked about their knowledge of victim advocacy services provided for sexual abuse victims at CACCC, 17 out of 21 residents knew that ARDOC's PCM and Chaplin were specialized trained staff victim advocates. Eighty-one percent of residents interviewed knew that both staff advocates were available for all resident victims of sexual abuse and emotional support for all CACCC residents.

Finally, this auditor interviewed a random selection of 10 CACCC direct supervision staff. This auditor shared a scenario with each direct supervision staff. This auditor shared a scenario of a sexual assault occurring in the shower area, the victim immediately runs out and reports the assault to the direct supervision staff. Each knew their responsibilities if they were first to be informed, notified, or observe sexual abuse/sexual harassment of a resident. All 10 interviewed direct supervision

staff also shared their duties to preserve the potential crime scene to preserve usable evidence.

This auditor recommended that all CACCC residents receive "*Refresher Training*" to educate them on who the CACCC victim advocates are in the facility, their role and purpose, and how to access them if needed. Inmates should be aware that CACCC's specialized trained Victim Advocates provide victim advocacy and emotional support to all CACCC residents. This PREA auditor concluded that Central Arkansas Community Correction Center (CACCC) was not in compliance with PREA Standard 115.253. Corrective Action was required.

During CACCC's Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and email correspondence with ARDOC's PREA Coordinator (PC) and CACCC's PREA Compliance Manager (PCM). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, CACCC's PREA Compliance Manager (PCM) submitted a randomly selection of 20 signed/dated "PREA Training Acknowledgement Forms" as evidence of facilitating "*Refresher Training.*" The "*Refresher Trainings*" were conducted on various training dates (between 1/8/25 through 4/4/25) and entailed 6 topics in the training which includes:

1. Opposite Gender Announcing,
2. Professional Conduct with Transgender and Intersex Offenders,
3. Limited English Proficient (LEP) translation/interpretation line process,
4. Victim Advocates,
5. PREA Grievances, and
6. 1st Responder Duties.

This auditor also received and reviewed CACCC's "*PREA Staff Training*" slide show/ curriculum used to facilitate this training. Finally, CACCC's PCM submitted signed and dated (6/26/25) "*PREA Brochure Acknowledgements*" from 164 CACCC residents, as evidence of all CACCC inmates receiving "Refresher PREA Education," through reviewing the "*End the Silence*" PREA pamphlet and providing each resident with their own pamphlet in the language they primarily understand. The "*End the Silence*" PREA pamphlet identifies CACCC's victim advocates, their role, purpose, and how to access a victim advocates. This "*Refresher Education*" allowed resident to ask question for understanding and clarity about victim advocacy.

This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.253.

This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.254. Central Arkansas Community Correction Center (CACCC) submitted their "Arkansas Department of Corrections PREA Secretarial Directive (2024-02)" as evidence of compliance with PREA Standard 115.254. An excerpt states, "Offenders may report Sexual Abuse and Sexual Harassment, Retaliation by other Offenders or Staff, and Staff neglect or violation of responsibilities that may have contributed to such incidents through multiple avenues:

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and has concluded that it has the necessary language to align with PREA Standard 115.254.

While on site, this auditor interviewed a random selection of 21 residents, asking of ways an CACCC resident could report sexual abuse or sexual harassment. There were 18 out of 21 who responded that they could report through a 3rd Party. The remaining three residents required light prompting before mentioning a 3rd party as a reporting option. This auditor also reviewed CACCC's "Resident Pamphlet," which provided information on ways to report sexual abuse/harassment through a third-party (legal, family, friend, trusting inmate). This auditor also reviewed the third-party reporting option for contracted ARDOC facilities through the ARDOC's website (Prison Rape Elimination Act (PREA) - Arkansas Department of Corrections). This auditor submitted a "test third-party report" on ARDOC's website and the ARDOC's PREA Coordinator promptly reached out and responded to the report.

This PREA auditor concludes that Central Arkansas Community Correction Center

	(CACCC) is in compliance with PREA Standard 115.254.

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and has concluded that it has the necessary language to align with PREA Standard 115.264.

While on site, this auditor interviewed 21 randomly selected residents. Each resident shared that they felt comfortable informing staff of any PREA-related incident. Each interviewed resident also shared that staff protect vulnerable residents and they immediately respond to any reports of resident risk of sexual abuse or sexual harassment. This auditor also interviewed a random selection of 19 specialized staff, volunteers, and direct supervision staff. This auditor shared a scenario with 10 direct supervision staff. The scenario described a sexual assault occurring in the room area and the victim immediately runs out and reports the assault to the interviewed staff. There were 100% (10/10) interviewed staff who knew their first responder duties. All staff interviewed knew their roles ranging from their initial response of separating and calling for assistance to crime scene preservation, suggesting/requesting residents not to change clothing, use the toilet, or shower. Finally, this auditor reviewed CACCC's training curriculum, which contained all the first responder duty deliverables within its information.

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and concluded that it has the necessary language to align with PREA Standard 115.267.

While onsite, this auditor also interviewed 3 ARDOC Administrative PREA Investigators assigned to investigations at CACCC. This auditor shared a scenario of a resident being sexually assaulted in the shower, and asked, "What is the PREA Investigator's coordinated responsibilities?" All 3 investigators knew their responsibilities of evidence collection, Miranda/Garrity rights, interviewing procedures, understanding victim trauma, and investigation report-writing protocols. Both investigators identified the specialized training they received regarding investigating sexual abuse in confinement facilities. This auditor reviewed all interviewed PREA investigator's training transcript submitted by ARDOC's PREA Coordinator. These training transcripts verified the specialized training that the ARDOC PREA investigators received training through ARDOC's 3-day "Sexual Assault Investigation's Training." This auditor reviewed ARDOC's "Coordinated Response Plan," which aligned with ARDOC's PREA Investigator's interview responses.

This auditor also interviewed ARDOC's PREA Coordinator (PC), who shared that each facility's PREA Compliance Manager (PCM) is primarily responsible for completing and documenting initial, 30-, 60-, and 90-day retaliation monitoring in ARDOC's "eOmis" (*electronic offender management information system*). However, PCM can assign retaliation monitoring to another CACCC site staff. This auditor was able to view and receive a blank "Retaliation Monitoring Form," which consisted of housing and program monitoring, face-to-face status checks (with signature), mental health requests, and disciplinary report reviews by the staff monitor. ARDOC's PC further shared that she sends email reminders (with 30, 60, or 90 retaliation monitoring forms attached) to all PCMs at the commencement of the investigation.

This auditor requested to review PREA investigations within the past 12 months. CACCC's assigned PREA Investigators and Warden shared that CACCC had three sexual abuse/ sexual harassment investigations within the past 12 months. This auditor reviewed three retaliation monitoring forms in all three concluded investigations. All three files had retaliation monitoring present and fully completed. CACCC's Warden shared that a step in retaliation protection/monitoring would be the relocation of the alleged perpetrator to another facility during the investigation if deemed necessary. Finally, this auditor interviewed 21 randomly selected CACCC residents asking, "Have you reported or has there been any reports of sexual abuse of sexual harassment at CACCC since you've been here?" Each interviewed resident shared that they have not reported sexual abuse or sexual harassment, and do not recall any incidents of sexual abuse or sexual harassment that has occurred at

	<p>CACCC.</p> <p>This auditor noted that the initial retaliation monitoring occurred three days after the incident occurred, but no further evidence was submitted for this substantiated sexual abuse case. According to this PREA standard it states, <i>“(c) For at least 90 days following a report of sexual abuse, the agency shall monitor the conduct and treatment of residents or staff who reported the sexual abuse and of residents who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by residents or staff, and shall act promptly to remedy any such retaliation.”</i> This auditor recommended that the “Initial Retaliation Monitoring” occur immediately by the assigned specialized trained investigator, followed by 30, 60, and 90-day monitoring mark. This auditor also recommends that CACCC establish consistency in practice before compliance can be determined.</p> <p>During CACCC’s Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and email correspondence with ARDOC’s PREA Coordinator (PC) and CACCC’s PREA Compliance Manager (PCM). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, ARDOC’s PREA Coordinator shared that there has only been 1 sexual abuse allegation reported during CACCC’s Corrective Action Period. This auditor reviewed the 1 sexual abuse investigation report, which contained a completed Initial, 30-, 60-, and 90-day Retaliation Monitoring form was completed.</p> <p>This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.267.</p>

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and concluded that it has the necessary language to align with PREA Standard 115.271.

While onsite, this auditor also interviewed 3 ARDOC Administrative PREA Investigators assigned to investigations within the facility. This auditor shared a scenario of a resident being sexually assaulted in the shower, and asked, "What is the PREA Investigator's coordinated responsibilities?" These training transcripts verified the specialized training all CACCC PREA investigators received training through ARDOC's 3-day "Sexual Assault Investigation's Training."

This PREA auditor also reviewed ARDOC's "Coordinated Response Plan," which discusses the conduct of Administrative PREA Investigations. Excerpts from ARDOC's "Coordinated Response Plan" ARDOC's "Coordinated Response Plan," states,

***"INVESTIGATIONS:***

***PREA INVESTIGATOR***

*The PREA investigator shall follow the following process to investigate allegations of sexual abuse:*

*1) Initiate the PREA investigation process within 24 hours or as circumstances dictate.*

- Gather and preserve physical and DNA evidence and available electronic monitoring data.*
- Interview victims, perpetrators, and witnesses.*
- Ask the victim if they would like a victim advocate or qualified staff member to provide emotional support PRIOR to interviewing.*
- Review prior complaints and reports of sexual abuse involving the suspected perpetrator.*
- Assess the credibility of victims, perpetrators, and witnesses on an individual basis and not by the person's status as adult in custody or staff.*

2) Investigative report must include the following:

- Description of the physical and testimonial evidence
- Reasoning behind credibility assessment
- Investigative facts and findings

3) Ensure all reports, evidence, and documentation are uploaded to eOMIS and referred to the PREA compliance manager at the completion of the investigation.

#### **PREA COMPLIANCE MANAGER**

Upon notification of an incident of sexual abuse, the PREA Compliance Manager shall complete the following duties:

1) Correspond with a victim advocate or qualified advocate if the victim would like emotional support during the investigative process.

2) Ensure the investigator assigned has completed Sexual Abuse Investigation Training (SAIT).

3) In allegations of sexual abuse by staff, contractor, or volunteer, consult the allegation with Warden to determine a course of action.

a. Separation of perpetrator from the victim.

- Administrative leave
- Post reassignment Facility reassignment (if reasonable)

4) Monitor and provide technical resources to the PREA investigator.

5) Initiate retaliation monitoring ("Retaliation Assessment Form").

6) Review all documentation included in the investigative packet and refer the incident to the warden for further review.

#### **WARDEN**

Upon notification of an alleged incident of sexual abuse, the warden shall:

1. Ensure separation between the victim and perpetrator.
2. Forward all sexual abuse investigations to Internal Affairs for review and further

investigation.

#### **PREA COORDINATOR**

Upon notification of an incident of sexual abuse, the PREA Coordinator shall complete the following duties:

1. Review investigative packet to ensure compliance with policy and standards.
2. Ensure all information in eOMIS is input accurately.

An additional excerpt from ARDOC's Secretarial Directive (2024-02) states, "All PREA investigations shall be referred to the PCM, PREA Coordinator, and Warden or their designee for review and approval upon completion. Once approved by the Warden or designee, they shall be referred to Internal Affairs for final review... The Victim shall be informed within thirty (30) days of the conclusion of the investigation."

Previously, PREA Administrative Investigations were investigated by the assigned Facility PREA Investigator (not concluded), then referred to the Facility's Warden for review, then referred to ARDOC's PREA Coordinator for additional review, then referred to ARDOC's Internal Affairs for review/further investigation. This auditor interviewed ARDOC's Internal Affairs (IA) Manager, who shared that they were responsible for reviewing and further investigating all PREA allegation, reports, or incidents of sexual abuse and sexual harassment. ARDOC's Internal Affairs further shared that they were often overwhelmed/swamped with traveling to various ARDOC facilities for further review, interviews, and conducting stress tests for sexual abuse and sexual harassment investigations. ARDOC's Internal Affairs Manager shared that when they provide a conclusion of the investigation, IA submits their written determination to ARDOC's PC, who formulates an inmate notification (for sexual abuse) to be shared with the victim.

Furthermore, according to ARDOC's PREA Coordinator and ARDOC's Internal Affairs, PREA investigations at ARDOC facilities could last up to 60 days (or more) for administrative investigations. This auditor believed this is far too long for PREA administrative investigations. This auditor can understand this length of time for sexual abuse allegation, which involves *Arkansas State Police (ASP)* investigations as well. This auditor correlates this long length of investigations with the multiple layers of review and travel to ARDOC sites requirements.

This auditor recommended that non-criminal PREA Administrative Investigations be conducted by the ARDOC facility's Specialized Trained PREA Administrative investigators, reviewed by the facility's PCM/Warden, then final determination submitted by ARDOC's PREA Coordinator (rather than go up to IAD for final review). ARDOC's Internal Affairs should solely be involved in potential/criminal related PREA investigations. Finally, ARDOC's previous secretarial directive Secretarial Directive (2024-02) stated, "All PREA investigations shall be referred to the PCM, PREA Coordinator, and Warden or their designee for review and approval upon completion. Once approved by the Warden or designee, they shall be referred to Internal Affairs for final review."

This auditor also recommended ARDOC's Internal Affairs Division (IAD) cease requiring inmates who allege sexual abuse to submit to IAD administered CVSA "voice stress test" (polygraph examination or other truth-telling devices) or be disciplined. Additionally, ARDOC's IAD should make it clear in their policy, procedures, and practices that inmates who allege sexual abuse are not required to

	<p>take IAD’s CVSA “voice stress test.” This PREA auditor concluded that Central Arkansas Community Correction Center (CACCC) was not in compliance with PREA Standard 115.271. Corrective Action was required.</p> <p>During CACCC’s Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and email correspondence with ARDOC’s PREA Coordinator (PC) and CACCC’s PREA Compliance Manager (PCM). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, 2/4/2025, ARDOC’s PREA Coordinator submitted ARDOC’s revised “PREA Secretarial Directive (SD 2025-01)” which now states, <i>“All PREA investigations shall be referred to the PCM, PREA Coordinator, and Warden or their designee for review and approval upon completion. Once approved by the Warden or designee, they shall be referred to Internal Affairs for final review if there is a finding of potential criminal activity by the PREA Coordinator.”</i></p> <p>Additionally, on 2/4/2025, ARDOC’s PREA Coordinator submitted ARDOC’s revised “Internal Affairs Secretarial Directive (SD 2025-02)” which now states, <i>“All incidents (excluding incidents involving PREA investigations) as defined in Administrative Rule 005, or a Department Policy, will be investigated, or reviewed by the Internal Affairs Division, which will report directly to the Secretary of Corrections... All incidents involving PREA investigations shall be reviewed in accordance with the procedures dictated in the current PREA Secretarial Directive.”</i></p> <p>Finally, this auditor verified that “PREA Secretarial Directive (SD 2025-01)” and “Internal Affairs Secretarial Directive (SD 2025-02),” are fully implemented, through reviewing various PREA investigation files, while onsite conducting PREA Facility Audits at multiple ARDOC facilities, proceeding the revised “PREA Secretarial Directives.”</p> <p>This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.271.</p>

This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.272. Central Arkansas Community Correction Center (CACCC) submitted their “Arkansas Department of Corrections PREA Secretarial Directive (2024-02)” #1A-27 as evidence of compliance with PREA Standard 115.272. An excerpt states, <i>“No standard higher than a preponderance of the evidence shall be</i></p>

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and concluded that it has the necessary language to align with PREA Standard 115.272.

This PREA auditor also reviewed ARDOC's "Coordinated Response Plan," which is a written prescription of the actions and conduct of all ARDOC facility level and agency level staff involved in incidents of sexual abuse and sexual harassment (amongst staff first responders, medical and mental health practitioners, investigators, and facility leadership). Excerpts from ARDOC's "Coordinated Response Plan" states,

***"DETERMINATION OF FINDINGS:***

*All sexual abuse allegations will receive an Internal Affairs investigation. The Internal Affairs Administrator, Deputy Director, Director, and Secretary will determine the investigative outcome for all sexual abuse investigations. There are three potential investigative outcomes for sexual abuse investigations:*

- 1) **Substantiated:** Allegation was determined to have occurred*
- 2) **Unsubstantiated:** Investigation produced insufficient evidence to make a final determination*
- 3) **Unfounded:** Allegation was determined to not have occurred"*

While on site, this auditor interviewed 3 CACCC Administrative PREA Investigators, who are designated to conduct PREA investigations. Each interviewed investigator knew their responsibilities regarding evidence collection, Miranda/Garrity rights, interviewing procedures, retaliation monitoring, and report-writing protocols, and evidentiary standards for administrative PREA investigations. ARDOC's PREA Coordinator also submitted copies of these 3 PREA Investigator's Specialized Training through ARDOC's "Sexual Abuse Investigations Training (SAIT)."

This auditor requested to see a random selection of completed PREA Administrative Investigations within the last 12 months. CACCC's designated Administrative PREA Investigators shared that there have been 3 PREA investigations in the past 12 months at CACCC. This was confirmed by CACCC's Warden. This auditor requested and reviewed all three completed investigations within the year, to gain insight into CACCC's PREA Investigator reporting style and investigation content. The reviewed investigation files submitted were neatly organized, had detailed and robust content from initial incident and interviews to evidence identification. Furthermore, the investigation reports had a detailed summary of the investigation, however, when this auditor reviewed ARDOC's PREA investigation outcomes "PREA Investigation Determination Cover Sheet" (which shares the outcomes of the PREA Administrative Investigation), the "PREA Investigation Determination Cover Sheet" had options unrelated to PREA 115.272's required preponderance of evidence which is: "unsubstantiated," "substantiated," or "unfounded." ARDOC's "PREA Investigation

Determination Cover Sheet” has the following options: *“not substantiated,” “sustained,” “exonerated,” and “unfounded.”*

This auditor recommended ARDOC revise their PREA investigation outcomes *“PREA Investigation Determination Cover Sheet”* to only have *“unsubstantiated,” “substantiated,”* or *“unfounded”* as the only preponderance of evidence options, to align with this PREA Standard. This PREA auditor concluded that Central Arkansas Community Correction Center (CACCC) was not in compliance with PREA Standard 115.272. Corrective Action was required.

During CACCC’s Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and email correspondence with ARDOC’s PREA Coordinator (PC) and CACCC’s PREA Compliance Manager (PCM). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, 2/4/2025, ARDOC’s PREA Coordinator submitted ARDOC’s revised *“PREA Secretarial Directive (SD 2025-01)”* which now states, *“All PREA investigations shall be referred to the PCM, PREA Coordinator, and Warden or their designee for review and approval upon completion. Once approved by the Warden or designee, they shall be referred to Internal Affairs for final review if there is a finding of potential criminal activity by the PREA Coordinator.”*

Additionally, on 2/4/25, ARDOC’s PC submitted the revised ARDOC *“PREA Investigation Determination Cover Sheet”* which only identifies *“Unsubstantiated,” “Substantiated,”* or *“Unfounded”* as the preponderance of evidence options, to align with this PREA Standard. Also, ARDOC’s PC and CACCC’s PCM confirmed that once the PREA investigation is completed by the PREA Administrative Investigator, CACCC’s PCM reviews the content then forwards it to ARDOC’s PREA Coordinator. If the investigation is sexual harassment, the PC reviews then make a final determination and sends back a *“PREA Investigation Determination Cover Sheet”* to identify the preponderance of evidence determination/outcome (unsubstantiated, substantiated, or unfounded). If the investigation is sexual abuse, ARDOC’s PC will review, then forward to ARDOC’s Internal Affairs Division for review and use the same *“PREA Investigation Determination Cover Sheet”* to identify the preponderance of evidence determination/outcome. Finally, this auditor verified that *“PREA Investigation Determination Cover Sheet”* is fully implemented and is being used, through reviewing various PREA investigation files while onsite conducting PREA Facility Audits at multiple ARDOC facilities, proceeding the revised *“PREA Secretarial Directives.”*

This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.272.

<b>115.273</b>	<b>Reporting to residents</b>

	<b>Auditor Discussion</b>

This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.273. Central Arkansas Community Correction Center (CACCC) submitted their "Arkansas Department of Corrections PREA Secretarial Directive (2024-02)" #1A-27 as evidence of compliance with PREA Standard 115.273. It states, "*The Victim shall be informed within thirty (30) days of the conclusion of the investigation.*"

***It shall be documented when the:***

*a. Allegation has been determined to be Substantiated, Unsubstantiated, or Unfounded.*

*b. Perpetrator is no longer posted within the Victim's unit.*

*c. Perpetrator is no longer employed. d. Perpetrator has been indicted or convicted on a charge related to the Sexual Abuse.*

*The obligation to inform the Victim shall terminate if they are released from custody."*

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and concluded that it has the necessary language to align with PREA Standard 115.273.

This PREA auditor also reviewed ARDOC's "Coordinated Response Plan," which is a written prescription of the actions and conduct of all ARDOC facility level and agency level staff involved in incidents of sexual abuse and sexual harassment (amongst staff first responders, medical and mental health practitioners, investigators, and facility leadership). Excerpts from ARDOC's "Coordinated Response Plan" offender notification sections states,

***"OFFENDER NOTIFICATION***

***PREA Coordinator: Upon notification of an investigative outcome of sexual abuse, the PREA Coordinator shall complete the following duties:***

*1) Send notification of the investigative outcome ("Sexual Abuse Notification Form") to the PREA Compliance Manager.*

***PREA Compliance Manager: Upon notification of an investigative outcome of sexual abuse, the PREA Compliance Manager shall complete the following duties:***

*2) Ensure victim receives notification of their sexual abuse investigative outcome provided by the PREA Coordinator."*

While on site, this auditor interviewed 3 CACCC Administrative PREA Investigators, who are designated to conduct PREA investigations. Each interviewed investigator

	<p>knew their responsibilities regarding evidence collection, Miranda/Garrity rights, interviewing procedures, retaliation monitoring, and report-writing protocols, and evidentiary standards for administrative PREA investigations. ARDOC's PREA Coordinator also submitted copies of these 3 PREA Investigator's Specialized Training through ARDOC's "Sexual Abuse Investigations Training (SAIT)."</p> <p>This auditor requested to see a random selection of completed PREA Administrative Investigations within the last 12 months. CACCC's designated Administrative PREA Investigators shared that there have been 3 PREA investigations in the past 12 months at CACCC. This was confirmed by CACCC's Warden. This auditor requested and reviewed all three completed investigations within the year, to gain insight into CACCC's PREA Investigator reporting style and investigation content. The completed investigations consisted of the following: 1 sexual harassment/unfounded, 1 sexual misconduct/unfounded, and 1 sexual abuse/substantiated. The reviewed investigation files submitted were neatly organized, had detailed and robust content from initial incident and interviews to evidence identification. Furthermore, the investigation substantiated sexual abuse report had a detailed summary of the investigation, but did not have a "Notice of PREA Investigation Status" (resident notification) present in the file. When this auditor further reviewed and inquired, the resident was released prior to the completion of the investigation.</p> <p>Additionally, this auditor interviewed ARDOC's PC who shared that at the conclusion of all PREA Investigations, she completes the contents of the "Notice of Investigation Status" (resident notification), then emails it to the facility's PREA Compliance Manager (PCM). The facility's PCM is responsible for presenting/delivering the resident notification to the resident who initially made the PREA allegation/alleged victim. Once the "Notice of Investigation Status" (resident notification) is presented/delivered to the resident, the resident signs, acknowledging receipt or the notification. ARDOC's PREA Coordinator further shared that the completed "Notice of PREA Investigation Status" (resident notification) is this uploaded in ARDOC's "eOmni System."</p> <p>This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.273.</p>

	<b>Auditor Discussion</b>
	<p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.278. Central Arkansas Community Correction Center (CACCC) submitted their "Arkansas Department of Corrections PREA Secretarial Directive (2024-02)" as evidence of compliance with PREA Standard 115.278. An excerpt states, "a. Offenders may be disciplined for Substantiated incidents of Offender-on-</p>

*Offender Sexual Abuse. If an Offender has pending disciplinary sanctions for Offender-on-Offender Sexual Abuse, consideration shall be given as to whether the Offender's mental disabilities or mental illness contributed to his or her behavior when determining what level of sanction, if any, will be imposed.*

*b. An Offender may be labeled as a PREA Sex Offender in eOMIS for any substantiated allegation of Sexual Abuse. The PREA Sex Offender precaution shall be approved by the facility PCM and DOC PREA Coordinator.*

*c. Offenders may not be disciplined for Sexual Abuse of a Staff member if the Staff member consented.*

*d. An Offender may be disciplined for reporting a false allegation of Sexual Abuse or Sexual Harassment only where the facility can demonstrate the false allegation was knowingly made in bad faith. A report made in good faith based upon a reasonable belief that the conduct occurred shall not constitute a false report or lying even if an investigation does not establish evidence sufficient to substantiate the allegation.*

*e. An Offender may be disciplined for abusing the PREA Hotline. Abuse includes, but is not limited to:*

- Calling about a non-PREA related issue;*
- Repeatedly calling about the same allegation; or*
- Threatening the safety of Staff or other Offenders."*

*This auditor also reviewed "Arkansas Department of Corrections Administrative Directive (2024-04)-Inmate Disciplinary Manual" as evidence of compliance with PREA Standard 115.278. An excerpt states, "PREA Charge = Any Rule Violation that is connected to the Prison Rape Elimination Act (PREA) and requires a response directed by the Department's PREA Policy. The outcome for a PREA violation may direct a precaution to be entered into the electronic offender file indicating predator or victim identifications. This would include incidents of:*

- 1. Sexual misconduct;*
- 2. Rape or forced sexual act;*
- 3. Masturbation in the presence of another;*
- 4. Sexual threats;*
- 5. Sexual harassment;*
- 6. Demanding sexual acts in trade; and*
- 7. Aiding or abetting in any of the above.*

*Additionally, ARDOC's Administrative Directive (2024-04) identifies the following acts are considered Class A penalty class behaviors. Class A behaviors are the highest disciplinary behaviors within all ARDOC's facilities. The PREA related behaviors are as follows:*

**SEXUAL ACTIVITY CATEGORIES**

*10-1. Engaging in non-abusive sexual activity with another consenting person.*

*10-2. Making sexual proposals to another person. (PREA)*

*10-3. Indecent Exposure and/or Masturbation; may result in a referral for criminal prosecution (examples include, but are not limited to, verbal and/or non-verbal gestures).*

*10-4. Bestiality.*

*10-5. Masturbation in the presence of another inmate.*

*10-7. Demanding sexual contact in trade or for protection from physical harm or mental anguish, or other victimization.*

*4-10. Rape or forced sexual act with/on an inmate. Rule Violation may result in the loss of all good time. (PREA) Rape is a crime and may result in criminal prosecution for a Class Y Felony. If convicted, may result in a life sentence.*

*4-19. Rape or forced sexual act on staff, volunteer, contractor or other individual not incarcerated at the time of the incident. Rule Violation may result in the loss of all good time. Rape is a crime and may result in criminal prosecution for a Class Y Felony. If convicted, may result in a life sentence.*

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and "Administrative Directive (2024-04)," concluding that both has the necessary language to align with PREA Standard 115.278.

While onsite, this auditor interviewed 21 residents and asked about CACCC's rules and sanctions for resident-on resident sexual abuse or sexual harassment. Residents were clear that sexual abuse and sexual harassment is not tolerated at CACCC's facility. Each interviewed resident stated that sexual abuse is not tolerated and is a "CLASS A" infraction. This PREA auditor also interviewed ARDOC's PREA Coordinator and the CACCC Facility Warden. Both individually shared that CACCC's protocol on substantiated resident-on-resident sexual abuse investigations. Both were aligned with ARDOC's above-mentioned directives on resident sanctions for sexual abuse/sexual harassment. CACCC's Facility Warden also shared that sanctions for residents may be removal from CACCC's program and transfer to an ARDOC facility of higher custody/security.

Finally, ARDOC's PREA Coordinator and the CACCC Facility Warden shared that resident sanctions are commensurate with the nature and circumstances of the abuse committed, the resident's disciplinary history, and the sanctions imposed for comparable offenses by other residents with similar histories. Each also shared that the disciplinary committee does take into consideration any diagnosed/documented history of mental health/mental disabilities prior to making sanction determinations.

This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.278.

Standard 115.286. Central Arkansas Community Correction Center (CACCC) submitted their "Arkansas Department of Corrections PREA Secretarial Directive (2024-02)" as evidence of compliance with PREA Standard 115.286. An excerpt states, "All facilities shall conduct a review, ordinarily within thirty (30) days, at the conclusion of every Sexual Abuse investigation unless the allegation was determined to be Unfounded. An investigation shall be deemed to be concluded upon the review and approval of the investigation report by the Internal Affairs Division, Division Director, and the Secretary. The review team shall consist of upper-level management officials with input from line supervisors, investigators, and medical or mental health practitioners. The review team shall:

This auditor reviewed "ARDOC's Secretarial Directive (2024-02)" and has concluded that it has the necessary language to align with PREA Standard 115.286.

While on site, this auditor interviewed ARDOC's PREA Coordinator (PC) and Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager (PCM). Both shared that Sexual Abuse Incident Reviews (SAIR) occur within 30 days of the conclusion of sexual abuse investigations. The SAIR team includes ARDOC's PC, the facility's PCM, PREA Investigator, Warden, Mental/Medical representative, and Security Staff.

This auditor requested to see a random selection of SAIR's from completed sexual abuse investigations which occurred within the past 12 months. CACCC's PCM submitted one substantiated sexual abuse case within the last year. This auditor reviewed the evidence and it was completed in its entirety. ARDOC's PREA Coordinator submitted ARDOC's "30-Day Sexual Abuse Incident Review" form used when review meeting occurs. The form contained all the components which align with PREA Standard 115.286. The review questions within ARDOC's "30-Day Sexual

	<p>Abuse Incident Review” included:</p> <ol style="list-style-type: none"> <li>1. <i>Identifying whether the allegation or investigation indicates a need to change ARDOC’s policy or practice to better prevent, detect, or respond to sexual abuse.</i></li> <li>2. <i>Identifying whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.</i></li> <li>3. <i>Assessing the area in the facility where the incident allegedly occurred to assess whether blind spots or barriers in the area may enable abuse.</i></li> <li>4. <i>Assessing staffing levels in that area during the shift at the time of the incident.</i></li> <li>5. <i>Assessing whether there’s a need for video/audio monitoring technology to supplement supervision by staff.</i></li> </ol> <p>ARDOC’s “30-Day Sexual Abuse Incident Review” form culminates to a findings and recommendations section, which determines need based on the above-mentioned assessments by the SAIR team. 	<p><b>Auditor Discussion</b></p> <p>This PREA Auditor reviewed Central Arkansas Community Correction Center (CACCC) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.287. Central Arkansas Community Correction Center follows the Arkansas Department of Corrections policies and submitted the “Arkansas Department of Corrections PREA Secretarial Directive (2024-02: Subject: PREA)” as evidence of compliance with PREA Standard 115.287. An excerpt states, “1. <i>Data shall be collected for every allegation of Sexual Abuse using the PREA investigating screens in "eOMIS" designed to contain the data necessary to answer all questions</i></p>

*3. All data from available incident-based documents related to allegations of Sexual Abuse shall be collected, reviewed, and maintained as needed.*

*4. Data shall be obtained from each private facility which contracts for the confinement of DOC Offenders.*

*5. Aggregated data collected shall be made available to the public annually through the DOC website.*

*6. All case records associated with claims of sexual offenses, including incident reports, investigation reports, Offender information, case disposition, and medical and counseling evaluation findings and recommendations for post-release treatment or counseling, shall be retained in accordance with the records retention schedule.”*

This auditor reviewed “ARDOC’s Secretarial Directive (2024-02: Subject: PREA) and concludes that they have the necessary language to align with PREA Standard 115.287.

This auditor interviewed ARDOC’s PREA Coordinator (PC). She shared the process for collecting and aggregating monthly data on sexual abuse/sexual harassment incidents and investigations. She also shared that she receives sexual abuse incident/investigation information from each ARDOC facility’s PREA Compliance Manager/Administrator, develops monthly and annual reports, then submits them to ARDOC’s Secretary of Corrections for review/approval.

This PREA auditor also interviewed ARDOC’s IT/Social Media Manager, who is the designated gatekeeper of electronic information being disseminated to the public via ARDOC’s website (after approval from ARDOC’s Secretary of Corrections (agency head) and PREA Coordinator’s submittal). Additionally, ARDOC’s IT/Social Media Manager walked this auditor through the process once she receives PREA Annual Reports to the reports “going live” onto ARDOC’s website for public viewing. ARDOC’s PC and IT/Social Media Manager shared that Personal Identifiers are not written into annual reports or would be redacted prior to “going live” for public viewing. Finally, ARDOC’s IT/Social Media Manager shared that ARDOC PREA-related documents are still available for up to 10 years. This auditor reviewed annual reports on ARDOC’s website from 2015 through 2023. Each report contained corrective actions taken. ARDOC is conducting their first agency/facility audits in this 3rd year of this 4th cycle.

This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.287.

	<b>Auditor Discussion</b>
	Central Arkansas Community Correction Center (CACCC) understands PREA Standard 115.401, which states, “During the three-year period starting on August 20, 2013, and during each three-year period thereafter, the agency shall ensure that each facility operated by the agency, or by a private organization on behalf of

	<p><i>the agency, is audited at least once.</i>” This auditor interviewed ARDOC's Secretary of Corrections (agency head), who shared that she and Arkansas Governor supports and are committed to their facilities receiving PREA Audits during this 3rd year of this 4th Cycle. Central Arkansas Community Correction Center plans to continue to have a PREA audit conducted every three years. This is CACCC’s first PREA Facility Audit in the third year of this current audit cycle. This auditor had access to, and the ability to observe, all areas of Central Arkansas Community Correction Center. This auditor was permitted to request and receive copies of any relevant documents. The auditor was permitted to conduct private interviews with facility staff whose roles held responsibility for specific PREA Standards. CACCC residents were permitted to send confidential information or correspondence to the auditor in the same manner as if they were communicating with legal counsel.</p> <p>This PREA auditor concludes that Central Arkansas Community Correction Center (CACCC) is in compliance with PREA Standard 115.401.</p>
