Our Vision

- Making data-driven parole decisions through:
 - The consistent application of nationally recognized evidenced-based approaches,
 - The consideration of all available case information, and
 - The application of appropriate decision criteria
- Stipulating programs, conditions, and services in a manner that enhance the reentry of offenders into the community
- Responding to parole violations appropriately and effectively by utilizing evidence-based approaches and taking into account the severity of the violation and the risks posed by the offender

Our Vision

- Providing victims of crime with opportunities to give input and with timely information regarding the decision-making process
- Collaborating with stakeholders on policies, programs, and processes
- Streamlining the decision-making process through innovative policies, programs, and technologies
