Facility AUDIT FINDINGS
Summary of Audit Findings
The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

40. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:	10
---	----

41. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)	☒ Age ☒ Race ☒ Ethnicity (e.g., Hispanic, Non-Hispanic) ☒ Length of time in the facility ☐ Housing assignment ☐ Gender ☒ Other ☐ None
If "Other," describe:	This auditor also attempted to identify and interview WTRF residents who fit the target group per the PREA Auditor's Handbook.
42. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?	This auditor requested to view the Master Population Roster, which contains detainee demographic and ethnic information. This auditor also conversed and reviewed medical documentation to identify targeted groups and establish a diverse sample of random detainee interviews.
43. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?	☒ Yes ☐ No
44. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	No text provided.
Targeted Inmate/Resident/Detainee Interviews	
45. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	8

As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".

47. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	2
48. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:	1

50. Enter the total number of interviews conducted with inmates/residents/detainees who are Deaf or hard-of-hearing using the "Disabled and Limited English Proficient Inmates" protocol:	1
51. Enter the total number of interviews conducted with inmates/residents/detainees who are Limited English Proficient (LEP) using the "Disabled and Limited English Proficient Inmates" protocol:	0

a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:	☒ Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. ☐ The inmates/residents/detainees in this targeted category declined to be interviewed.
b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).	This auditor requested to view the Master Population Roster, which contains detainee demographic and ethnic information. This auditor also conversed and reviewed intake documentation to identify targeted groups and establish a diverse sample of random detainee interviews. WTRF's Site Director confirmed that residents are hand selected from ARDOC prisons to step down to a Reentry and Work Release Facilities. Finally, this auditor asked the interviewed randomly selected residents to confirm that there were no residents fitting in this targeted area residing at WTRF at the time of this audit.
52. Enter the total number of interviews conducted with inmates/residents/detainees who identify as lesbian, gay, or bisexual using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:	1

b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).	WTRF does not utilize segregation. Rather any resident "acting out" results in the resident being revoked from this reentry facility and moved to a higher security facility.

Specialized Staff, Volunteers, and Contractor Interviews	
Staff in some facilities may be responsible for more than one of the specialized staff duties. Therefore, more than one interview protocol may apply to an interview with a single staff member and that information would satisfy multiple specialized staff interview requirements.	
62. Enter the total number of staff in a SPECIALIZED STAFF role who were interviewed (excluding volunteers and contractors):	4
63. Were you able to interview the Agency Head?	☒ Yes ☐ No

64. Were you able to interview the Warden/Facility Director/Superintendent or their designee?	☒ Yes ☐ No

70. Provide any additional comments regarding selecting or interviewing specialized staff.	At the time of WTRF's onsite audit, WTRF did not have volunteers on their roster for facility volunteering. Contracted services were all community-based. There were zero facility-based contractors or contracted staff.
SITE REVIEW AND DOCUMENTATION SAMPLING	
Site Review	
PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.	
71. Did you have access to all areas of the facility?	☒ Yes ☐ No

Was the site review an active, inquiring process that included the following:

72. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?

☒ Yes
☐ No

73. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?

☒ Yes
☐ No

74. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?

☒ Yes
☐ No

75. Informal conversations with staff during the site review (encouraged, not required)?

☒ Yes
☐ No

76. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).

No text provided.

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

77. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?

☒ Yes
☐ No

78. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).

While onsite, this auditor requested my own samples of documents, reviewed files while onsite, and other verification to determine compliance. This auditor also contacted "Dallas County Medical Center" regarding SANE/SAFE for WTRF residents. Additionally, this auditor interviewed and reviewed training documentation of WTRF's specialized trained Victim Advocates regarding victim advocacy access for WTRF residents.

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

79. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

80. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

81. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Auditor Discussion
	This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.211. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the “Arkansas Department of Corrections PREA Secretarial Directive (2025-02)” as evidence of compliance with PREA Standard 115.211. An excerpt states, <i>“As the executive head of the Arkansas Department of Corrections (DOC), it is the responsibility of the Secretary of Corrections (Secretary) to administer the various rules, orders, or directives issued by the DOC. The purpose of this directive is to ensure that the DOC remains in compliance with the Prison Rape Elimination Act (PREA). The DOC has a “zero-tolerance” approach toward all forms of sexual abuse and sexual harassment. This directive also sets forth the DOC’s zero-tolerance approach to preventing, detecting, and responding to such conduct. The DOC will initially respond to all reports of sexualized behavior or</i>

	<i>abuse as nonconsensual, regardless of perception, rumor, appearance, or participant disclosure.” Additionally, “Arkansas Department of Corrections PREA Secretarial Directive (2025-02)” states, “PREA Coordinator: Individual responsible for developing PREA training as needed, writing, revising, and updating policies and procedures involving PREA standards; annually reviewing policies for effectiveness and possible standard deficiencies; and advising staff regarding implementation and interpretation of PREA policies.”</i> This auditor reviewed “ARDOC’s Secretarial Directive (2025-02)” and has concluded that it has the necessary language to align with PREA Standard 115.211. Wings to Recover Re-Entry Facility (WTRF) ` submitted their Organizational Chart which identified the PREA Coordinator who oversees all ARDOC’s efforts to comply with PREA Standards in all their facilities. Additionally, this PREA auditor interviewed ARDOC’s Secretary of Corrections, who shared ARDOC’s commitment to PREA’s efforts to prevent, detect and respond to sexual abuse and sexual harassment within all ARDOC facilities. Additionally, this PREA Auditor interviewed ARDOC’s PREA Coordinator (PC). She shared the same commitment to PREA’s efforts, as well as stated that she was supported by ARDOC Secretary of Corrections and ARDOC’s Chief of Legal Council (PC’s direct report under the Secretary of Corrections). During this auditor’s interview with ARDOC’s PC, she shared the multiplicity of additional responsibilities which compete for her time as ARDOC’s PC. She shared that she is responsible for coordinating and monitoring PREA efforts throughout all 34 facilities statewide, conducting PREA Training for all new hired facility employees, tracking PREA incidents/allegations/investigations, and writing annual reports. ARDOC’s Secretary of Corrections developed an Agency-level PREA Compliance Unit (PCU)/team, which consists of a minimum of two assigned ARDOC staff to be added to ARDOC PREA Coordinator’s team. On October 1, 2024, ARDOC posted a new position for the addition of an additional position to the PREA Compliance Unit team. On November 25, 2024, ARDOC hired their first Assistant PREA Coordinator/Analyst. This auditor reviewed the job posting, job duties and met the new team member in-person. The addition of this team member will allow for enough time for ARDOC’s PREA Coordinator to effectively engage in her primary role. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.211.

115.213	Supervision and monitoring
	Auditor Overall Determination: Meets Standard
	Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.213. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" as evidence of compliance with PREA Standard 115.213. Excerpts state, <i>"Each facility shall develop, document, and make its best efforts to comply on a regular basis with a Staffing plan that provides for adequate levels of Staffing and, where applicable, video monitoring, to protect Offenders from Sexual Abuse."</i> <i>1. In calculating adequate Staffing levels and determining the need for video monitoring, Prisons shall take into consideration:</i> <i>a. Generally accepted detention and correctional practices;</i>

- b. Any judicial findings of inadequacy;*
- c. Any findings of inadequacy from federal investigative agencies;*
- d. Any findings of inadequacy from internal or external oversight bodies;*
- e. All components of the facility's physical plant, including blind spots or area where Staff or Offenders may be isolated;*
- f. The composition of the Offender population;*
- g. The number and placement of supervisory Staff;*
- h. Institution programs occurring on a particular shift;*
- i. Any applicable state or local laws, regulations, or standards;*
- j. The prevalence of Substantiated and Unsubstantiated incidents of Sexual Abuse; and*
- k. Any other relevant factors."*

This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and concluded that it has the necessary language to align with PREA Standard 115.213.

While onsite, this auditor interviewed WTRF's Facility Director who shared that WTRF complies with the protocol identified in their staffing plan. He shared that when call-offs and time-offs occur, WTRF provides coverage through adjusting/rotating on-shift staffing or call off-shift staff to inquire about availability. This allows WTRF's staffing plan and staffing coverage to remain fulfilled without deviations. Any deviations to this staffing plan are reported to the Area Manager of Reentry. The Area Manager of Reentry then reports to the PREA Coordinator for tracking and annual review.

This auditor also reviewed WTRF's "Staffing Plan" (October 2025) which documented WTRF's process of ensuring adequate staffing to protect residents from sexual abuse. WTRF's "Staffing Plan" contains all the components which need consideration when identifying staffing needs. This auditor verified that there were no deviations from the staffing plan within the last 12 months. He explained that when there is a deviation from the staffing plan, and after all other above-mentioned alternatives have been exhausted, he will be contacted. This PREA auditor also observed the facility's staffing roster for the past two months, which seemed to have adequate staffing coverage to protect residents from sexual abuse. Moreover, it was noted that facility staff complete rounds every 1 to 2 hours during wake hours and once during overnight hours. This auditor recommended that the supervising WTRF staff have access to video monitoring during resident sleep hours for increased monitoring during that period. Currently, camera access is only being made available while the Facility Director is present in the building.

Also, while onsite, this auditor observed the facility to have interior and exterior video monitoring throughout the facility to support the efforts to keep residents safe from sexual abuse and harassment but need to direct attention to blind spots that

were identified during this PREA auditor's exhaustive site review. These blind spots were discussed with facility leadership during the post audit debriefing.

This auditor recommended the following additions and adjustments to decrease blind spots at WTRF:

1. *Exterior Camera—1 exterior hard-wired camera needed on the back corner of building near shed area*
2. *Exterior Camera—1 exterior hard-wired camera needed inside the shed area*
3. *Kitchen Door—window in door is needed*
4. *Laundry Door—window in door is needed*
5. *Laundry Area—One 2-way half or full dome mirror right outside laundry door above chapel door entry way*
6. *Chapel Area—needs two 2-way dome mirrors to be placed high over the wall and in between two columns*
7. *Main Bathroom Doors—Need locks on ladies and gentlemen's bathroom doors to ensure WTRF can control entry and who's inside.*
8. *Ensure durable signage for all "staff only" door locations (currently using writing paper and written in pen)*

Finally, this auditor recommended that WTRF ensure that staff supervising the WTRF facility when the Facility Director is not present have access to facility camera footage. The facility could provide that same camera access in supervising staff office to increase monitoring during afterhours and sleep hours. This PREA auditor concluded that Wings to Recover Re-Entry Facility (WTRF) was not in compliance with PREA Standard 115.213. Corrective action was required.

During Wings to Recover Re-Entry Facility's (WTRF) Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and correspondence with ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager, ARDOC's Site Based Agent for WTRF, and ARDOC's PREA Coordinator (PC). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager submitted photo evidence of the following additions and adjustments:

1. 1 exterior camera on the back corner of building near shed area
2. 1 exterior camera inside the shed area
3. Camera installed in the kitchen
4. Camera installed in laundry room
5. Camera installed in the Chapel door entry way
6. Cameras placed high in between two columns in the Chapel Area
7. Locks placed on ladies and gentlemen's Main bathroom doors.
8. Laminated and durable signage placed on all "staff only" door locations

Additionally, ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA

	Compliance Manager submitted photo evidence of the video monitor which provides access to camera viewing to the WTRF site supervisor, in the absence of WTRF's Facility Director. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.213.

115.215	Limits to cross-gender viewing and searches
	Auditor Overall Determination: Meets Standard
	Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.215. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" as evidence of compliance with PREA Standard 115.215. An excerpt states, <i>"(a) The facility shall document all cross-gender strip searches and cross-gender visual body cavity searches and shall document all cross-gender pat-down searches of female Offenders.</i> <i>(b) The facility shall not conduct cross-gender strip searches or cross-gender visual body cavity searches except in Exigent Circumstances or when performed by medical practitioners.</i> <i>(c) For a facility whose rated capacity does not exceed 50 residents, the facility shall not permit cross-gender pat-down searches of female Offenders, absent Exigent Circumstances. Facilities shall not restrict female Offenders' access to regularly available programming or other out-of-cell opportunities in order to comply with this provision.</i> <i>(d) Offenders shall be permitted to shower, perform bodily functions, and change clothing without Staff of the opposite gender viewing their breasts, buttocks, or genitalia except in Exigent Circumstances or when such viewing is incidental to routine cell checks.</i> <i>(e) Staff of the opposite gender shall announce their presence when entering an Offender housing unit.</i> <i>(f) Staff shall be prohibited from searching or physically examining a Transgender or Intersex Offender for the sole purpose of determining the Offender's genital status."</i>

	This auditor reviewed “ARDOC’s Secretarial Directive (2025-02)” and concluded that it has the necessary language to align with PREA Standard 115.215. While on-site, this PREA auditor interviewed 9 randomly selected residents. Each resident verified that the WTRF staff complete wand and visual checks of the ankles, waist, bags and shoes upon entry back into the facility. If a pat or strip search is needed, only ARDOC’s Site Based Agent for WTRF completes them. When this auditor interviewed a random selection of 6 WTRF direct supervision staff and asked, “Which gender staff pat searches a transgender or intersex?” There were various responses from the 6 interviewed WTRF direct supervision staff. Their responses ranged from utilizing the “Handheld Garrett Wand” and completing visual checks to pat and strip searches conducted by WTRF staff or ARDOC’s Assigned Site-Based Agents (same gender). WTRF is an all-male facility. During WTRF’s post audit debriefing meeting, this auditor discussed pat search procedures and training for facility staff to further understand when pat searches are warranted within the facility. Also, while onsite, this auditor interviewed a random selection of 10 WTRF residents. There were 10 of the 10 randomly selected interviewed residents who shared that they do feel that they have enough privacy to shower, use toilet, perform bodily functions, and get dressed without being viewed by non-medical staff of the opposite gender. Many interviewed residents shared that female staff knock and remain very mindful and respectful of their privacy when conducting routine checks. This auditor completed a site review of the facility and observed that the level of privacy within each multi-occupant dorm room is adequate. There was one general bathroom allowing one person to use the toilet, shower alone, and change their clothing with the door closed for privacy. Additionally, 10 out of 10 residents stated that there are two female staff that work within this facility as the Program Coordinator and Facility Cook. This auditor interviewed a random selection of 6 direct supervision staff and asked if female staff announce prior to entering resident bathroom and sleeping quarters? Each staff member shared that there is only one female staff which is the Program Coordinator who regularly completes rounds within the dorm areas and practices announcing herself when doing rounds. This was confirmed during resident interviews. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.215.

	Auditor Discussion
	This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit

evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.216. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" as evidence of compliance with PREA Standard 115.216. An excerpt states, *"Each facility shall provide Offender education in formats accessible to all Offenders, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, and for Offenders who have limited reading skills. Use of Offender interpreters for assistance in Offender education on aspects of the DOC's efforts to prevent, detect, and respond to Sexual Abuse and Sexual Harassment shall be prohibited except in circumstances where extended delay in obtaining an effective interpreter could compromise the Offender's safety."*

This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and concluded that it has the necessary language to align with PREA Standard 115.216.

While on site, this auditor interviewed ARDOC's Site Based Agent for WTRF. He shared that he provides residents with PREA information/education at intake through showing the PREA video during the transport to the facility. He further shared that after the video; he has the resident review then initial ARDOC's *"PREA Offender Education"* form. The *"PREA Offender Education"* form is then signed by the staff providing the PREA education and the resident acknowledging their receipt and understanding. This auditor viewed the video which was the most up to date videos provided by the PREA Resource Center (PRC). These videos provide PREA Education in English and Spanish, American Sign Language, as well as Closed Captioned.

Moreover, during the onsite review, this auditor observed that WTRF's PREA posted reporting signage were in English and Spanish. ARDOC's PREA Coordinator shared that posters were approximately a 5th grade reading level placed at a height where those physically impaired can view. This was verified by this auditor's observations.

There were zero LEP residents during the time of the onsite audit. This auditor spoke with ARDOC's Site Based Agent for WTRF who provides PREA education for residents and discussed his steps to ensure the provision of PREA education in a manner that all residents can properly understand the content provided. WTRF did not provide the *"PREA Offender Education"* form in Spanish. This auditor also did not observe the Spanish version of CLEST (Commission on Law Enforcement Standards and Training) external reporting agency and Victim Advocacy access signage.

This auditor recommended that WTRF provide documented evidence that WTRF's/ ARDOC's *"PREA Offender Education"* form is in Spanish. Additionally, this auditor recommends that WTRF post *Victim Advocacy* signage and *CLEST (Commission on Law Enforcement Standards and Training)* external reporting signage in Spanish next to the current signage that's in English. This PREA auditor concluded that Wings to Recover Re-Entry Facility (WTRF) was not in compliance with PREA Standard 115.216. Corrective Action was required.

	During Wings to Recover Re-Entry Facility's (WTRF) Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and correspondence with ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager, ARDOC's Site Based Agent for WTRF, and ARDOC's PREA Coordinator (PC). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager submitted WTRF's/ARDOC's Spanish version of their "PREA Offender Education" form, as well as WTRF's <i>Victim Advocacy</i> signage and <i>CLEST</i> signage in Spanish. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.216.

115.217	Hiring and promotion decisions
	Auditor Overall Determination: Meets Standard
	Auditor Discussion This PREA Auditor reviewed Arkansas Department of Corrections (ARDOC) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.217. Arkansas Department of Corrections submitted their "Arkansas Department of Corrections PREA Secretarial Directive (2025-03: Subject: Employment)" as evidence of compliance with PREA Standard 115.217. An excerpt states, <i>"The Department shall not hire or promote anyone who may have contact with inmates, and shall not enlist the services of any contractor who may have contact with inmates, who:</i> • <i>Has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997);</i> • <i>Has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or</i> • <i>Has been civilly or administratively adjudicated to have engaged in the activity described in paragraph (a)(ii) of this section."</i> Arkansas Department of Corrections also submitted their "Arkansas Department of Corrections PREA Secretarial Directive (2025-01: Subject: PREA)" as evidence of compliance with PREA Standard 115.17. An excerpt states, <i>"The DOC shall perform a criminal background record check before enlisting the services of</i>

	<i>any Contractor who may have contact with Offenders.</i> <i>The DOC shall conduct criminal background record checks at least every five years of current employees and Contractors who may have contact with Offenders."</i> This auditor reviewed "ARDOC's Secretarial Directive (2025-03; Subject: Employment)" and (2025-02: Subject: PREA), concluding that they have the necessary language to align with PREA Standard 115.217. While onsite, this PREA auditor interviewed two ARDOC Interim Human Resource (HR) Director. They shared that ARDOC conducts background checks on all employees and contractors. They further shared that background screenings include ACIC (Arkansas Crime Information Center), NCIC (National Crime Information Center) fingerprinting, Court Connect (Open Cases review system), and Employee reference Checks. When this auditor asked ARDOC's Interim HR Director about conducting 5-year background checks (on employees and contractors) and "<i>PREA Affirming Acknowledgement Disclosures</i>" for employees, ARDOC's HR shared that after conducting an agency-wide employee background check "sweep" in July 2024, ARDOC site-based HR Liaisons are required to conduct annual background checks on all employees. Contractors are required to conduct background checks on all employees annually, at the resigning/signing of their contract. Furthermore, ARDOC's Interim HR Director shared that after conducting an agency-wide employee reviewing/resigning of "<i>PREA Affirming Acknowledgement Disclosures</i>" in July 2024, ARDOC site-based HR Liaisons are now required to have all employees to review/resign "<i>PREA Affirming Acknowledgement Disclosures</i>" at hire, upon promotion, or as a part of annual performance reviews. This auditor randomly selected 10 employee files to review with ARDOC's Assistant Area Manager of Reentry who also serves as the Human Resources Liaison. All background checks were present as well as the "<i>PREA Affirming Acknowledgement Disclosures</i>." Finally, this auditor asked ARDOC PREA Coordinator (PC) is ARDOC discloses former employee substantiation of sexual abuse or sexual harassment. ARDOC's PC shared Arkansas' Statute on providing references to prospective employers has recently changed since the previous PREA Agency audit. The new statute now allows current or former employers to disclose information on substantiated allegations of sexual abuse or sexual harassment involving a former employee upon receiving a request from an institutional employer for whom such employee has applied to work. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.217.

115.221	Evidence protocol and forensic medical examinations
	Auditor Overall Determination: Meets Standard Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.221. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the “Arkansas Department of Corrections PREA Secretarial Directive (2025-02)” as evidence of compliance with PREA Standard 115.221. An excerpt states, <i>“In coordination with the outside facility, the designated Staff shall request the forensic medical examination be performed by a Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) or other qualified medical practitioner. The efforts to provide SAFEs or SANEs shall be documented. The examination shall be at no cost to the Victim.</i> <i>Medical care and forensic medical examinations are separate and different procedures. The Victim shall have a right to refuse either. Victims may be</i>

encouraged but shall not be forced to consent to a forensic medical examination. However, the Victim may refuse consent to the forensic medical examination and still consent to and receive medical care.

The Victim shall be offered victim advocate services. If requested, the advocate service shall be contacted and given the appropriate information in order to assist the Victim through the forensic examination and investigation process."

This auditor also reviewed ARDOC's Coordinated Response Plan which states, "If requested by the victim, a victim advocate, qualified agency staff member, or qualified community-based organization, a DOC staff member will accompany and support the victim through the forensic medical examination process and investigatory interviews. Their role is to provide emotional support, crisis intervention services, information, and referrals. Please contact your facility PCM for a list of qualified agency staff members."

This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and "Coordinated Response Plan," concluding that it has the necessary language to align with PREA Standard 115.221.

While onsite, this auditor interviewed ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager and ARDOC's Site Based Agent for WTRF. Both shared that they received specialized training through "Court Appointed Special Advocates" (CASA) as well as ARDOC's Victim Advocacy training to be staff victim advocates. Additionally, the entire ARDOC Reentry Facility team of 14 have received specialized training to become victim advocates. ARDOC submitted "Sexual Assault Victim Advocacy Training Acknowledge Forms" in OAS supplemental files, as evidence of compliance with this 115.221 PREA Standard. This auditor also reviewed ARDOC's victim's advocate training PPT curriculum (50 slides), as well as accompanying supplemental individual/groups exercises and scenario exercises. Finally, during this auditor's interview with ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager and ARDOC's Site Based Agent for WTRF, both shared that WTRF transports victim residents to "Dallas County Medical Center" for Sexual Abuse Nurse Examinations/ Sexual Abuse Forensic Examinations (SANE/SAFE). WTRF victim advocates provide emotional support to those victims needing to go out for SANE/SAFE services. WTRF utilizes the "Arkansas State Police (ASP)" for all PREA sexual abuse criminal investigations.

Additionally, while on site, this auditor interviewed a random selection of 10 WTRF residents. When this auditor asked about their knowledge of victim advocacy services provided for sexual abuse victims at WTRF, 10 out of 10 residents knew that ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager and ARDOC's Site Based Agent for WTRF were their specialized trained staff victim advocates. The residents interviewed were aware that they had advocates available for victims of sexual abuse and emotional support. Finally, this auditor observed postings throughout WTRF (English and Spanish), sharing additional external support for survivors of sexual abuse through

	the “<i>National Sexual Assault Hotline</i>” 1 (800) 656-4673, but did not have their facility specific victim advocacy or <i>CLEST (Commission on Law Enforcement Standards and Training)</i> external reporting signage/information posted in Spanish. This auditor also interviewed a random selection of 6 WTRF direct supervision staff. This auditor shared a scenario with each direct supervision staff. This auditor shared a scenario of a sexual assault occurring in the shower area, the victim immediately runs out and reports the assault to the direct supervision staff. Five out of 6 knew their responsibilities if they were first to be informed, notified, or observe sexual abuse/sexual harassment of a resident. Five out of six interviewed direct supervision staff knew their duties to preserve the potential crime scene to preserve usable evidence. This auditor recommended that WTRF provide documented evidence that WTRF’s/ ARDOC’s “<i>PREA Offender Education</i>” form is in Spanish, Additionally, this auditor recommends that WTRF post <i>Victim Advocacy</i> signage and <i>CLEST (Commission on Law Enforcement Standards and Training)</i> external reporting signage in Spanish next to the current signage that’s in English. This PREA auditor concluded that Wings to Recover Re-Entry Facility (WTRF) was not in compliance with PREA Standard 115.221. Corrective Action was required. During Wings to Recover Re-Entry Facility’s (WTRF) Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and correspondence with ARDOC’s Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager, ARDOC’s Site Based Agent for WTRF, and ARDOC’s PREA Coordinator (PC). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, ARDOC’s Assistant Area Manager for Contracted Reentry Facilities/ PREA Compliance Manager submitted WTRF’s/ARDOC’s Spanish version of their “<i>PREA Offender Education</i>” form, as well as WTRF’s <i>Victim Advocacy</i> signage and <i>CLEST</i> signage in Spanish. This auditor reviewed both interviewed PREA investigator's training transcript submitted by ARDOC's PREA Coordinator. These training transcripts verified the specialized training ARDOC PREA investigators received training through ARDOC's 3-day *"Sexual Assault Investigation's Training"* (24 hours). This auditor reviewed "ARDOC's Coordinated Response Plan," which aligned with ARDOC's PREA Investigator's interview responses.

Furthermore, ARDOC's PREA Coordinator and ARDOC's Site Based Agent shared that WTRF utilize *"Arkansas State Police"* (ASP) for conducting sexual abuse criminal investigations. This auditor verified this partnership through a call to *"Eldorado County Sheriff's Office"* (ECISO), who verified being the entity to conduct criminal investigations for Wings to Recover Re-Entry Facility. This auditor also reviewed ARDOC's *"Coordinated Response Plan Manual."* This manual describes ARDOC's responsibilities when conducting PREA administrative investigations.

Finally, this auditor reviewed ARDOC's website (**Prison Rape Elimination Act (PREA) - Arkansas Department of Corrections**) and observed their PREA Investigations policy which states, *"All allegations of sexual abuse are taken seriously. The AR DOC accepts all reports of sexual abuse or sexual harassment whether made verbally, in writing, anonymously, or from third parties. All allegations will be thoroughly investigated by the PREA Coordinator. There is no time limit on when an incident of sexual abuse or sexual harassment can be reported."*

	This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.222.

	Auditor Discussion
	This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. While onsite, this PREA interviewed 10 randomly selected direct supervision staff

	and specialized staff. Each acknowledged that they completed comprehensive PREA refresher training, utilizing ARDOC's submitted <i>"Reentry PREA Staff Training PPT curriculum"</i> for the current year. During the interview with this auditor, each staff member was aware of their responsibilities as first responders and knew their coordinated response duties. This auditor also requested the training files of ten randomly selected interviewed staff to verify up-to-date annual PREA training. ARDOC's Assistant Area Manager of Contracted Reentry Facilities/PREA Compliance Manager was able to provide evidence for WTRF's training form, which entailed the staff's name, name of the training course, the training type, and the date of training completion. This auditor reviewed ARDOC's <i>"Reentry PREA Staff Training PPT Curriculum"</i> submitted in OAS. The employee Power Point content covered the necessary components identified in PREA Standard 115.231 specifically discussing zero tolerance, first responder duties, resident rights, how to detect and respond as well as effectively communicating any incidents of sexual abuse and sexual harassment. 	Auditor Overall Determination: Meets Standard
	Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.233. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" as evidence of compliance with PREA Standard 115.233. An excerpt states, <i>"1. During the intake process and at each facility, each Offender shall receive oral and written information about the DOC's zero-tolerance policy regarding Sexual Abuse and Sexual Harassment and how to report incidents or suspicions of Sexual Abuse or Sexual Harassment.</i> <i>2. Each facility shall provide Offender education in formats accessible to all Offenders, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, and for Offenders who have limited reading skills. Use of Offender interpreters for assistance in Offender education on aspects of the DOC's efforts to prevent, detect, and respond to Sexual Abuse and Sexual Harassment shall be prohibited except in circumstances where extended delay in obtaining an effective interpreter could compromise the Offender's safety.</i> <i>3. Each facility shall maintain documentation of participation in Offender education.</i>

4. Each facility shall ensure that key information is continuously and readily available or visible to Offenders, such as posters and Offender handbook materials that explain the zero-tolerance policy and different ways to report.”

This auditor reviewed “ARDOC’s Secretarial Directive (2025-02)” and concluded that it has the necessary language to align with PREA Standard 115.233.

While onsite, this auditor interviewed ARDOC’s Site Based Reentry Agent who provides resident PREA education at intake. He shared the process, which entailed residents viewing the PRC disseminated PREA Education video, followed by reviewing a PREA poster, then having the resident review and initial ARDOC’s “*PREA Offender Education*” checklist form. The “*PREA Offender Education*” checklist form entailed WTRF’s zero tolerance for sexual abuse/sexual harassment, resident’s rights, ways to report at WTRF, and access to victim advocacy and emotional support. Finally, the “*PREA Offender Education*” checklist form is signed by the staff providing the PREA education and the resident acknowledging their receipt and understanding.

This auditor also interviewed 10 randomly selected WTRF residents. When this auditor asked each if they received PREA education during their intake, each shared that they did receive PREA education. Additionally, each could share details of their PREA education (video or checklist review). This auditor also requested to see the completed/signed “*PREA Offender Education*” of all WTRF residents (10 of which were the randomly selected interviewed residents). ARDOC’s Site Based Reentry Agent submitted 94% sample of all resident’s “*PREA Offender Education*” checklist form. Seventeen of 18 were verified. All forms were dated, had resident initials next to each discussion point, the staff signature who provided the PREA education, and the resident’s signature sign-off/acknowledgement as evidence of compliance.

Also, during this auditor's onsite review, this auditor observed that WTRF’s PREA posted reporting signage were in English and Spanish. ARDOC’s PREA Coordinator shared that posters were approximately a 5th grade reading level placed at a height where those physically impaired can view. This was verified by this auditor. Finally, this auditor requested to view WTRF's Spanish version of their “*PREA Offender Education*” form. WTRF was unable to provide this auditor their “*PREA Offender Education*” form in Spanish. This auditor also observed that facility specific victim advocacy or *CLEST (Commission on Law Enforcement Standards and Training)* external reporting signage/information was not posted in Spanish.

This auditor recommended that WTRF provide documented evidence that WTRF’s/ ARDOC’s “*PREA Offender Education*” form is in Spanish. Additionally, this auditor recommends that WTRF post Victim Advocacy signage and *CLEST (Commission on Law Enforcement Standards and Training)* external reporting signage in Spanish next to the current signage that’s in English. This PREA auditor concluded that Wings to Recover Re-Entry Facility (WTRF) was not in compliance with PREA Standard 115.233. Corrective Action was required.

During Wings to Recover Re-Entry Facility’s (WTRF) Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and correspondence

	with ARDOC’s Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager, ARDOC’s Site Based Agent for WTRF, and ARDOC’s PREA Coordinator (PC). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, ARDOC’s Assistant Area Manager for Contracted Reentry Facilities/ PREA Compliance Manager submitted WTRF’s/ARDOC’s Spanish version of their <i>“PREA Offender Education”</i> form, as well as WTRF’s <i>Victim Advocacy</i> signage and <i>CLEST</i> signage in Spanish. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.233.

115.241	Screening for risk of victimization and abusiveness
	Auditor Overall Determination: Meets Standard
	Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.241. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" as evidence of compliance with PREA Standard 115.241. Excerpts state, "<i>Each Offender shall be assessed during the intake screening within seventy-two (72) hours of arrival and upon each transfer to another facility. Each objective risk screening shall be face to face and include a review of any history of Sexual Abuse-Victimization or sexually predatory behavior. Only Staff who have completed PREA screening training may administer the assessment.</i> <i>The assessment report shall be completed in the Electronic Offender Management Information System (eOMIS). The PREA screening shall consider, at a minimum, the following criteria to assess an Offender for risk of sexual victimization:</i> <i>a. Whether the Offender has a mental, physical, or developmental disability;</i>

- b. The age of the Offender;*
- c. The physical build of the Offender;*
- d. Whether the Offender has previously been incarcerated;*
- e. Whether the Offender's criminal history is exclusively nonviolent;*
- f. Whether the Offender has prior convictions for sex offenses against an adult or child;*
- g. Whether the Offender is or is perceived to be LGBTI or GNC;*
- h. Whether the Offender has previously experienced sexual Victimization; and*
- i. The Offender's own perception of vulnerability."*

This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and concluded that it has the necessary language to align with PREA Standard 115.241.

While on site, this auditor reviewed the PREA Risk Screening tool in ARDOC's "eOmis" system (electronic offender management system) with ARDOC's assigned Site Based Reentry Agent for WTRF. ARDOC's Site Based Reentry Agent for WTRF primarily conducts PREA Risk Screenings in "eOmis" due to "eOmis" requiring special permissions/access. After combing through the risk assessment tool, this auditor observed that resident who are screened to have multiple individual risk factors for victimization; or are screened that has history of sexual victimization are automatically identified as "high risk of victimization" by the system. Additionally, residents who are screened to have multiple individual risk factors for abusiveness; or are screened that have history of sexual abusiveness/perpetration are identified as "high risk of abusiveness/perpetration" by the "eOmis" system.

Additionally, when this auditor interviewed ARDOC's Area Manager for Contracted Reentry Facilities and ARDOC's Site Based Reentry Agent for WTRF, both shared that they did not house residents whose screening identifies them as "high risk of abusiveness/perpetration." Both further shared that those residents are returned to ARDOC facilities or a different contracted reentry facility. Furthermore, when this auditor asked ARDOC's Site Based Reentry Agent about their "30-Day PREA Risk Screening Reassessments," he shared that he completes both the initial and 30-day reassessment PREA screenings on every resident within the program. He further shared that he utilizes a system (in excel) that reminds/alerts him when the 30-day reassessment is due for each resident. This auditor requested to see all 18 residents "PREA Risk Screenings" and "30-Day Risk Screening Reassessments" in "eOmis." This auditor observed 18 out of 18 completed initial "PREA Risk Screenings" and 18 out of 18 "30-Day Risk Screening Reassessments."

Furthermore, this auditor interviewed 10 randomly selected WTRF residents. This auditor asked the residents if they recalled being asked specific questions when they arrived (this auditor detailed the specific screening questions that were asked). All 10 interviewed residents shared that they did recall being asked those specific

	screening questions. Also, the 10 interviewed shared that they did recall being asked those questions or similar questions again since their intake. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.241.

115.242	Use of screening information
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.242. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the “Arkansas Department of Corrections PREA Secretarial Directive (2025-02)” as evidence of compliance with PREA Standard 115.242. An excerpt states, <i>“If an Offender scores “at risk” for victimization, the designated Staff shall label them as Victim Prone in eOMIS.</i> <i>If an Offender scores “at risk” for abusiveness, the designated staff shall label them as a Potential Sexual Predator in eOMIS.</i> <i>The information from the PREA screening shall be used to make housing, bed, program, and work assignment decisions with the goal of keeping separate those Offenders who are prone to sexual Victimization from those who are prone to sexual aggression. The facility PCM is responsible for ensuring such separation.</i> <i>Placement decisions regarding Transgender and Intersex Offenders shall be individualized.”</i> This auditor reviewed “ARDOC’s Secretarial Directive (2025-02),” concluding that it has the necessary language to align with PREA Standard 115.242. While onsite, this auditor interviewed 9 randomly selected WTRF residents. This auditor asked the residents if they recalled being asked specific questions when they arrived (this auditor detailed the specific questions that were asked). All 9 interviewed residents shared that they did recall being asked those specific screening questions. Additionally, this auditor interviewed ARDOC’s Area Manager for Contracted Reentry Facilities and ARDOC’s assigned Site Based Reentry Agent for WTRF. Both shared that residents who are screened to be at risk of sexual victimization receive a “Victim Prone” designation in ARDOC’s “eOmis” (electronic offender management information system). Residents who are screened to be risk of sexual abusiveness receive a “Potential Sexual Predator” designation in ARDOC’s

	<i>"eOmis."</i> This designation follows a resident in <i>"eOmis."</i> This designation also disallows staff from placing residents who are <i>"Victim Prone"</i> in the same housing location as residents who's <i>"Potential Sexual Predators."</i> Both shared that they do not house residents whose screening designates them as a <i>"Potential Sexual Predator"</i> and those residents are returned to ARDOC facilities or a different contracted reentry facility. Additionally, while on site, this auditor reviewed the PREA Risk Screening tool in ARDOC's <i>"eOmis"</i> system (electronic offender management system) with ARDOC's Site Based Reentry Agent for WTRF. ARDOC's Site Based Reentry Agent for WTRF primarily conducts PREA Risk Screenings in <i>"eOmis,"</i> due to <i>"eOmis"</i> requiring special permissions/access. This auditor also reviewed a random selection of resident names and their designation in <i>"eOmis."</i> This auditor observed that each resident had a designation or no designation (no risk). Finally, this auditor interviewed WTRF's Facility Director and Program Coordinator asking, <i>"Do you use the outcomes of the PREA Risk Screening to decide resident room assignments and programming decisions?"</i> Both shared that they utilize the PREA screening in deciding where residents are housed as well as bed assignments. Furthermore, this auditor asked both if WTRF staff received training on professional conduct with transgender/intersex residents. WTRF's Facility Director shared that she received the training and transgender resident's own perception of their safety taken into consideration. She stated that safety is a priority at WTRF and any mistreatment by another resident and/or staff can result in removal. She also shared that all residents are afforded the opportunity to shower alone. Moreover, they shared that there are no special designated rooms for LGBTI residents and if there was a need to house a transgender or intersex resident the Reentry team would further review placement options. She also shared that all decisions made regarding transgender residents are through collaborative communication between ARDOC's Area Manager and WTRF administrative team. This auditor reviewed ARDOC's <i>"Guidance in Cross Gender and Transgender Searches"</i> (8-slides) and <i>"LGBTI, PREA, and Communicating Effectively"</i> (11 slides) trainings in which the content aligns with the PREA Standard. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.242.

	Auditor Discussion
	This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA

Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.251. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" as evidence of compliance with PREA Standard 115.251. An excerpt states, *"Offenders may report Sexual Abuse and Sexual Harassment, Retaliation by other Offenders or Staff, and Staff neglect or violation of responsibilities that may have contributed to such incidents through multiple avenues:*

- a. Calling the DOC PREA Hotline free of charge using the Offender telephone system;*
- b. Telling any Staff member;*
- c. Writing a note or request to any Staff member;*
- d. Sending correspondence to the PREA Coordinator;*
- e. Sending correspondence to the designated external agency;*
- f. Sending confidential correspondence to a designated community-based victim advocacy group. Such correspondence will be treated as legal mail;*
- g. Utilizing the Offender Grievance Procedure; or*
- h. Having a family member or friend make a report to the Warden or DOC PREA Coordinator.*

An Offender may report a sexual offense to any Staff member and may also report using any of the listed multiple internal and external reporting methods, whether verbally, in writing, anonymously, or via a third party."

This auditor reviewed "ARDOC's Secretarial Directive (2025-02)," concluding that it has the necessary language to align with PREA Standard 115.251.

While onsite, this PREA auditor interviewed a random selection of 10 WTRF residents asking, *"Please share with me at least four different ways a resident can report an incident of sexual abuse or sexual harassment?"* There were 10 of 10 who shared 3 ways or more. Ten of the 10 total interviewed residents stated different staff names, avenues, and 3rd party ways to report. When this auditor conducted an exhaustive site review, this auditor observed that the PREA reporting signage throughout the facility was in English and Spanish.

This auditor also reviewed ARDOC's Memorandum of Understanding (MOU) with *"Arkansas Commission on Law Enforcement Standards and Training" (CLEST)*. CLEST is ARDOC's external reporting entity, who receives resident and inmate reports of sexual abuse. CLEST receives mail-in reports then immediately forwards all reports to ARDOC's PREA Coordinator. This auditor reached out to CLEST and spoke to a representative, who verified the MOU, as well as CLEST's responsibilities to receive

	and immediately forward reports of sexual abuse by an ARDOC inmate of resident. However, while onsite, this auditor did not see CLEST reporting signage in Spanish on the walls/near the phones during the site review/tour. This auditor recommended that WTRF post CLEST signage in Spanish within the facility. The posted signage should contain CLEST's information, address, and contact personnel. This PREA auditor concluded that Wings to Recover Re-Entry Facility (WTRF) was not in compliance with PREA Standard 115.251. Corrective Action was required. During Wings to Recover Re-Entry Facility's (WTRF) Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and correspondence with ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager, ARDOC's Site Based Agent for WTRF, and ARDOC's PREA Coordinator (PC). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager submitted WTRF's/ARDOC's Spanish version of their "PREA Offender Education" form, as well as WTRF's <i>Victim Advocacy</i> signage and <i>CLEST</i> signage in Spanish. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.251.

Ten of the 10 total interviewed residents stated different staff names, avenues, and 3rd party ways to report. When this auditor conducted an exhaustive site review, this auditor observed that the PREA reporting signage throughout the facility was in English and Spanish. This auditor observed a <i>"Grievance Box"</i> in the staff office within the facility. Only the ARDOC Site Based Agent for WTRF and the Assistant Area Manager have access to the <i>"Grievance Box."</i> It is checked at a minimum of 3 times weekly. When this auditor asked the 10 interviewees if there was a confidential written way to report like that of a <i>"Grievance Box"</i> and 8 out of 10 reported the <i>"Grievance Box"</i> being a way to report PREA incidents. The 2 residents who did not report the <i>"Grievance Box"</i> as an option, stated that they did have knowledge however it is not their initial access point choice (trusted staff and family were their first choices). This auditor also interviewed 6 WTRF staff who acknowledged that the <i>"Grievance Box"</i> was an avenue by which residents could report PREA incidents. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.252.

	Auditor Overall Determination: Meets Standard
	Auditor Discussion

This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.253. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" as evidence of compliance with PREA Standard 115.253. An excerpt states, *"Victim Advocacy Training - Employees designated to provide victim advocacy for Offenders when a community-based organization is not available must receive approved training as indicated for Victim advocates."*

This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and has concluded that it has the necessary language to align with PREA Standard 115.253.

This auditor also reviewed ARDOC's Coordinated Response Plan which states, *"If requested by the victim, a victim advocate, qualified agency staff member, or qualified community-based organization, a DOC staff member will accompany and support the victim through the forensic medical examination process and investigatory interviews. Their role is to provide emotional support, crisis intervention services, information, and referrals. Please contact your facility PCM for a list of qualified agency staff members."*

This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and "Coordinated Response Plan," concluding that it has the necessary language to align with PREA Standard 115.253.

While onsite, this auditor interviewed ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager and ARDOC's Site Based Agent for WTRF. Both shared that they received specialized training through Court Appointed Special Advocates (CASA) as well as ARDOC's Victim Advocacy training to be staff victim advocates. Additionally, the entire ARDOC Reentry Facility team of 14 have received specialized training to become victim advocates. ARDOC submitted *"Sexual Assault Victim Advocacy Training Acknowledge Forms"* in OAS supplemental files, as evidence of compliance with this 115.253 PREA Standard. This auditor also reviewed ARDOC's victim's advocate training PPT curriculum (50 slides), as well as accompanying supplemental individual/groups exercises and scenario exercises. Finally, during this auditor's interview with ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager and ARDOC's Site Based Agent for WTRF, both shared that WTRF transports victim residents to *"Dallas County Medical Center"* for Sexual Abuse Nurse Examinations/ Sexual Abuse Forensic Examinations (SANE/SAFE). WTRF victim advocates provide emotional support to those victims needing to go out for SANE/SAFE services.

Additionally, while on site, this auditor interviewed a random selection of 10 WTRF residents. When this auditor asked about their knowledge of victim advocacy services provided for sexual abuse victims at WTRF, 10 out of 10 residents knew that ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA

	Compliance Manager and ARDOC's Site Based Agent for WTRF were their specialized trained staff victim advocates. The residents interviewed were aware that they had advocates available for victims of sexual abuse and emotional support. Finally, this auditor observed postings throughout WTRF (English and Spanish), sharing additional external support for survivors of sexual abuse through the "<i>National Sexual Assault Hotline</i>" 1 (800) 656-4673, but did not have their facility specific <i>Victim Advocacy</i> signage or <i>CLEST (Commission on Law Enforcement Standards and Training)</i> reporting information posted in Spanish. This auditor also interviewed a random selection of 6 WTRF direct supervision staff. This auditor shared a scenario with each direct supervision staff. This auditor shared a scenario of a sexual assault occurring in the shower area, the victim immediately runs out and reports the assault to the direct supervision staff. Five out of six knew their responsibilities if they were first to be informed, notified, or observe sexual abuse/sexual harassment of a resident. Five out of six interviewed direct supervision staff knew their duties to preserve the potential crime scene to preserve usable evidence. Finally, while onsite conducting WTRF's site review, this auditor inquired about where a resident can make a confidential phone call to report a PREA incident or speak confidentially to the external victim advocate hotline. The Program Coordinator shared that residents could make a confidential call in the office space or at the desk right outside the office, which is separate from the main area. This area would allow for confidentiality for residents reporting and for emotional support. This auditor recommended that WTRF provide documented evidence that WTRF has posted their current <i>Victim Advocacy</i> signage and <i>CLEST</i> signage in Spanish next to the current signage that's in English. This PREA auditor concluded that Wings to Recover Re-Entry Facility (WTRF) was not in compliance with PREA Standard 115.253. Corrective Action was required. During Wings to Recover Re-Entry Facility's (WTRF) Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and correspondence with ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager, ARDOC's Site Based Agent for WTRF, and ARDOC's PREA Coordinator (PC). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager submitted WTRF's/ARDOC's Spanish version of their <i>Victim Advocacy</i> signage and <i>CLEST</i> signage in Spanish. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.253.

Auditor Discussion

This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.254. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" as evidence of compliance with PREA Standard 115.254. An excerpt states, *"Offenders may report Sexual Abuse and Sexual Harassment, Retaliation by other Offenders or Staff, and Staff neglect or violation of responsibilities that may have contributed to such incidents through multiple avenues:*

- a. Calling the DOC PREA Hotline free of charge using the Offender telephone system;*
- b. Telling any Staff member;*
- c. Writing a note or request to any Staff member;*
- d. Sending correspondence to the PREA Coordinator;*
- e. Sending correspondence to the designated external agency;*
- f. Sending confidential correspondence to a designated community-based victim advocacy group. Such correspondence will be treated as legal mail;*
- g. Utilizing the Offender Grievance Procedure; or*
- h. Having a family member or friend make a report to the Warden or DOC PREA Coordinator.*

An Offender may report a sexual offense to any Staff member and may also report using any of the listed multiple internal and external reporting methods, whether verbally, in writing, anonymously, or via a third party."

This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and has concluded that it has the necessary language to align with PREA Standard 115.254.

While onsite, this auditor interviewed 10 randomly selected WTRF residents. When this auditor asked each if they received PREA education during their intake, 9 out of 9 shared that they did receive PREA education. Additionally, each could share details of viewing the PREA education video. This auditor further asked the randomly selected WTRF residents, *"Can you please share at least 3-4 ways residents can report sexual abuse or sexual harassment at WTRF?"* There were 10 of the 10 residents who could share 3-4 ways to report. Lastly, 6 of 6 staff knew

	that residents could call family, talk to clergy, counselors or a community member if needing to report a sexual abuse incident. This auditor also reviewed WTRF's "Resident Pamphlet," which provided information on ways to report sexual abuse/harassment through a third-party (legal, family, friend, trusting inmate). This auditor also reviewed the third-party reporting option for contracted ARDOC facilities through the ARDOC's website (<i>Prison Rape Elimination Act (PREA) - Arkansas Department of Corrections</i>). This auditor submitted a "test third-party report" on ARDOC's website and the ARDOC's PREA Coordinator promptly reached out and responded to the report. This auditor requested to see evidence of PREA information/education received by the randomly selected interviewed residents. The "PREA Offender Education" form entailed ARDOC's/WTRF's zero tolerance for sexual abuse/sexual harassment, resident's rights, ways to report at WTRF, and access to victim advocacy and emotional support. When this auditor reviewed the "PREA Offender Education" forms, 17 out of 18 were present for every resident within the facility. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.254.

An excerpt states, <i>"Staff members shall immediately report all knowledge, suspicions, or information of an incident of a sexual offense within DOC or any other correctional facility. They shall also report any Retaliation against someone who has reported such an incident and any knowledge of Staff who neglect to report the above incidents or who, through neglect of duty or violation of responsibilities, may have contributed to an incident occurring. Staff can privately report Offender Sexual Abuse and Sexual Harassment directly to the warden or deputy warden of the facility, or by contacting the PREA Hotline."</i> This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and concluded that it has the necessary language to align with PREA Standard 115.261.

	While onsite, this auditor, this auditor also interviewed 10 randomly selected WTRF specialized staff and direct supervision staff. Each knew their coordinated responsibilities if informed, suspects, receive information, or become aware of sexual abuse at WTRF. Finally, this auditor interviewed 10 randomly selected residents. Each interviewed resident shared that staff immediately respond to reports of sexual abuse or sexual harassment. Finally, this auditor reviewed WTRF's website and Coordinated Response Plan, which provided information on ways resident can report sexual abuse/harassment through informing staff, third-party (legal, family member, friend), written reporting, and confidential internal/external reporting. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.262. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" as evidence of compliance with PREA Standard 115.262. An excerpt states, <i>"If at any time it is learned that an Offender is subject to a substantial risk of imminent Sexual Abuse, immediate action shall be taken to protect the Offender."</i> This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and has concluded that it has the necessary language to align with PREA Standard 115.262. While onsite, this auditor also interviewed 10 randomly selected WTRF specialized staff and direct supervision staff, asking the question, <i>"If you learn that a resident may be at imminent risk of sexual abuse, what steps you would take to protect?"</i> There was a consensus amongst the staff interviewed that they would immediately attempt to mitigate the risk by informing supervisory staff/ARDOC's PREA Compliance Manager, recommending changing rooms or programming adjustments. Finally, this auditor interviewed 10 randomly selected residents. Each interviewed resident shared that staff protect vulnerable residents, and they immediately respond to any reports of resident risk of sexual abuse or sexual harassment. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.262.

115.263	Reporting to other confinement facilities
	Auditor Overall Determination: Meets Standard Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.263. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the “Arkansas Department of Corrections PREA Secretarial Directive (2025-02)” as evidence of compliance with PREA Standard 115.263. An excerpt states, <i>“Within seventy-two (72) hours of receiving an allegation that an Offender was sexually abused while confined at another facility, the Warden shall notify the head of the facility where the incident occurred.</i> <i>The notification shall be documented. All allegations received from other facilities shall be investigated in accordance with the PREA Standards. The incident report and investigation shall be completed by the facility where the incident occurred.”</i> This auditor reviewed “ARDOC’s Secretarial Directive (2025-02)” and has concluded that it has the necessary language to align with PREA Standard 115.263. While on site, this auditor interviewed ARDOC’s Area Manager for Contracted Reentry Facilities, who shared that if a WTRF resident reports sexual abuse stemming from a previous facility, ARDOC will provide a written notice to the facility within 72 hours, and ARDOC’s PREA Investigators assigned to contracted reentry facilities will provide support to the previous facility investigators throughout the investigation. This auditor asked ARDOC’s Area Manager and WTRF’s Facility Director if WTRF received any reports from residents within the last year. Both shared that WTRF has not received any report from their residents of sexual abuse from their previous facilities. Both demonstrated understanding of the process to report. ARDOC’s Area Manager for Contracted Reentry Facilities and PREA Coordinator provided this auditor with a fillable template <i>“Report to Other Confinement Facility”</i> memo that ARDOC utilizes to report resident allegations of sexual abuse from a previous facility. This template memo aligns with PREA Standard 115.263. This memo can be used by ARDOC’s Area Manager for Contracted Reentry Facilities to inform other confinement facility heads of sexual abuse incidents which occurred at a previous confinement facility and was reported by an WTRF resident. Finally, this auditor interviewed 10 randomly selected residents. Each interviewed resident shared they have not reported or have been informed by another resident that they were a victim of unreported sexual abuse. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.263.

115.264	Staff first responder duties
	Auditor Overall Determination: Meets Standard Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.264. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the “Arkansas Department of Corrections PREA Secretarial Directive (2025-02)” as evidence of compliance with PREA Standard 115.264. Excerpts state, <i>“Upon learning that an Offender was sexually abused, the Staff member shall immediately ensure the safety of the Victim while reporting the information to the shift supervisor. The shift supervisor shall activate the Coordinated Response Plan and ensure the following steps have been taken:</i> <i>a. The separation of the Victim and Perpetrator.</i> <i>b. The security and protection of any crime scene to keep potential evidence in place for examination and investigation.</i> <i>i. The only persons permitted to enter a secured crime scene shall be Arkansas State Police, the assigned investigator, or medical Staff as needed.</i> <i>ii. The area shall remain secured as a crime scene until verification of a completed investigation and released by the investigating authority.</i> <i>c. If the abuse occurred within the previous ninety-six (96) hours, request that the Victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, drinking, or eating;</i> <i>d. If the abuse occurred within the previous ninety-six (96) hours, ensure that the Perpetrator does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, drinking, or eating;</i> <i>e. The PREA checklist will be initiated immediately by the First Responder.”</i> This auditor reviewed “ARDOC’s Secretarial Directive (2025-02)” and has concluded that it has the necessary language to align with PREA Standard 115.264. While on site, this auditor interviewed 10 randomly selected residents. Each resident shared that they felt comfortable informing staff of any PREA-related incident. Each interviewed resident also shared that staff protect vulnerable residents, and they immediately respond to any reports of inmate risk of sexual abuse or sexual harassment. This auditor also interviewed a random selection of 10

	specialized staff and direct supervision staff (4 specialized and 6 WTRF direct supervision). This auditor shared a scenario of an active sexual assault occurring in a room and the victim immediately runs out and reports the assault to the interviewed staff. The 4 specialized staff knew their first responder duties. Five out of the 6 WTRF direct supervision staff were able to share their crime scene preservation duties as a 1st responder of an active sexual abuse incident (blocking off entrance to the room, requesting alleged victim/ensuring alleged perpetrator residents not to change clothing, use the toilet, or shower) without prompting from this auditor. Finally, WTRF's PCM submitted the <i>"PREA Staff Training PowerPoints"</i> curriculums titled, <i>"Strategies, Reporting, and First Responders"</i> (9 slides) and <i>"Prison Rape Elimination Act (PREA)"</i> (64-slides). Both PowerPoint training curriculums contained the content required to align with this auditor's recommendations for this PREA Standard. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.264.

Excerpts from ARDOC's "Coordinated Response Plan" states, <i>"INVESTIGATIONS:</i>

This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and has concluded that it has the necessary language to align with PREA Standard 115.265. ARDOC's "Coordinated Response" plan clearly defines ARDOC written institutional plan to coordinate actions taken in response to an incident of sexual abuse, among staff first responders, medical and mental health practitioners, investigators, and facility leadership. While on site, this auditor also interviewed 10 specialized staff and direct supervision staff. This auditor shared a scenario of a sexual assault occurring in the room area and the victim immediately runs out and reports the assault to the interviewed staff. 115.267	Agency protection against retaliation
	Auditor Overall Determination: Meets Standard Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.267. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" as evidence of compliance with PREA Standard 115.267. An excerpt states, <i>"Retaliation by or against any Staff, Offender, or witness involved in a complaint or report of Sexual Abuse or Sexual Harassment is strictly prohibited. Monitoring shall cease if the investigation determines that the allegation is Unfounded.</i> <i>3. When monitoring Offenders, periodic status checks shall be conducted by the PCM as needed, but at least once every thirty (30) days. Status checks shall be conducted more often if concerns are expressed by the Offender.</i> <i>4. Emotional support services shall be provided as well as appropriate measures taken to protect any individual who expresses a fear of</i>

Retaliation.”

This auditor reviewed “ARDOC’s Secretarial Directive (2025-02)” and concluded that it has the necessary language to align with PREA Standard 115.267.

While onsite, this auditor also interviewed 2 ARDOC Administrative PREA Investigators assigned to investigations at contracted reentry facilities. This auditor shared a scenario of a resident being sexually assaulted in the shower, and asked, “*What is the PREA Investigator’s coordinated responsibilities?*” Both investigators knew their responsibilities of evidence collection, Miranda/Garrity rights, interviewing procedures, understanding victim trauma, and investigation report-writing protocols. Both investigators identified the specialized training they received regarding investigating sexual abuse in confinement facilities. This auditor reviewed both interviewed PREA investigator’s training transcript submitted by ARDOC’s PREA Coordinator. These training transcripts verified the specialized training both ARDOC PREA investigators received training through ARDOC’s 3-day “*Sexual Assault Investigation’s Training.*” This auditor reviewed ARDOC’s “*Coordinated Response Plan,*” which aligned with ARDOC’s PREA Investigator’s interview responses.

This auditor also interviewed ARDOC’s PREA Coordinator (PC), who shared that each facility’s PREA Compliance Manager (PCM) is primarily responsible for completing and documenting initial, 30-, 60-, and 90-day retaliation monitoring in ARDOC’s “*eOmis*” (electronic offender management information system). However, PCM can assign retaliation monitoring to another ARDOC site staff. This auditor was able to view and receive a blank “*Retaliation Monitoring Form,*” which consisted of housing and program monitoring, face-to-face status checks (with signature), mental health requests, and disciplinary report reviews by the staff monitor. ARDOC’s PC further shared that she sends email reminders (with 30, 60, or 90 retaliation monitoring forms attached) to all PCMs at the commencement of the investigation.

This auditor requested to review PREA investigations within the past 12 months. ARDOC’s 2 assigned PREA Investigators and ARDOC’s Assistant Area Manager for Contracted Reentry Facilities shared that WTRF had 1 sexual harassment investigations within the past 12 months. This auditor noted that there was the initial, 30-, 60-and 90-day retaliation monitoring present within the investigation packet. ARDOC’s Area Manager for Contracted Reentry Facilities shared that a step in retaliation protections/monitoring would be that the alleged perpetrator would likely be relocated to another facility during the investigation. Finally, this auditor interviewed 10 randomly selected WTRF residents asking, “*Have you reported or has there been any reports of sexual abuse of sexual harassment at WTRF since you’ve been here?*” Each interviewed resident shared that they have not reported sexual abuse or sexual harassment, and do not recall any incidents of sexual abuse or sexual harassment occurring at WTRF.

This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.267.

	Auditor Overall Determination: Meets Standard Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.271. - 2) Ensure all information in eOMIS is input accurately."

An additional excerpt from ARDOC's "PREA Secretarial Directive (SD 2025-01)" states, "All PREA investigations shall be referred to the PCM, PREA Coordinator, and Warden or their designee for review and approval upon completion. Once approved by the Warden or designee, they shall be referred to Internal Affairs for final review if there is a finding of potential criminal activity by the PREA Coordinator." Furthermore, this auditor reviewed ARDOC's "Internal Affairs Secretarial Directive (SD 2025-02)" which states, "All incidents (excluding incidents involving PREA investigations) as defined in Administrative Rule 005, or a Department Policy, will be investigated, or reviewed by the Internal Affairs Division, which will report directly to the Secretary of Corrections... All incidents involving PREA investigations shall be reviewed in accordance with the procedures dictated in the current PREA Secretarial Directive."

While onsite, this auditor also interviewed 2 ARDOC Administrative PREA Investigators assigned to investigations at contracted reentry facilities. This auditor shared a scenario of a resident being sexually assaulted in the shower, and asked, "What is the PREA Investigator's coordinated responsibilities?" Both investigators knew their responsibilities of evidence collection, Miranda/Garrity rights, interviewing procedures, understanding victim trauma, and investigation report-writing protocols. Both investigators identified the specialized training they received regarding investigating sexual abuse in confinement facilities. This auditor reviewed both interviewed PREA investigator's training certificates submitted by ARDOC's PREA Coordinator. These training certificates verified the specialized training both ARDOC PREA investigators received training through ARDOC's 3-day "Sexual Assault Investigation's Training."

Additionally, ARDOC's assigned Site Based Reentry Agent is also a Specialized trained PREA Investigator, however, does not investigate their own assigned facility. Once the assigned investigator concludes the investigation process, then submits the findings along with preponderance of evidence recommendation to both the ARDOC's Area Manager of Reentry as well as the ARDOC's PREA Coordinator. The PREA Coordinator then reviews the findings and recommendations before making any necessary adjustments as needed. The PC then concludes the PREA Investigation or refers it to ARDOC's Internal Affairs for review/further investigation (if criminal in nature).

This auditor interviewed ARDOC's Internal Affairs Division (IAD) Manager, who shared that they are responsible for reviewing and further investigating all PREA allegations, reports, or incidents of sexual abuse. IA works with the *Arkansas State Police* during the investigative process. ARDOC's Internal Affairs Division (IAD) no longer require residents who allege sexual abuse to submit to an IAD administered **CVSA** "voice stress test" (polygraph examination or other truth-telling devices).

	They rather advise the resident of the test with the understanding that it is strictly voluntary. If a resident wants to be administered the CVSA, a consent form is given before proceeding forward with the test. ARDOC's Internal Affairs ARDOC's PC, who formulates an inmate notification (for sexual abuse) to be shared with the victim. Finally, this auditor requested to see a random selection of completed PREA Administrative Investigations within the last 12 months. ARDOC's designated Administrative PREA Investigators shared that there have been 1 sexual harassment PREA investigation in the past 12 months at WTRF. This was confirmed by ARDOC's PREA Coordinator, as well as ARDOC Assistant Reentry Area Manager and Reentry Area Manager for Contracted facilities. This auditor requested and reviewed the completed investigation (1 Substantiated Resident on Resident Sexual Harassment), to gain insight into the reporting style and investigation content. The reviewed investigation file submitted was neatly organized, had detailed and robust content from initial incident and interviews to evidence identification. Furthermore, the investigation reports had a detailed summary of the investigation. However, this auditor did not observe ARDOC's "<i>Determination of Outcomes</i>" cover sheet (which shares the outcomes of the PREA Administrative Investigation), which contains the required preponderance of evidence. This auditor recommended WTRF include their "<i>Determination of Outcome</i>" cover sheet with each concluded PREA Investigation report, to identify the preponderance of evidence outcome to the PREA Investigation. This auditor also recommended WTRF establish consistency of practice in producing complete PREA Investigation reports before compliance can be determined. This PREA auditor concluded that Wings to Recover Re-Entry Facility (WTRF) was not in compliance with PREA Standard 115.271. Corrective Action was required. During Wings to Recover Facility's (WTRF) Corrective Action Period (CAP), this auditor conducted and engaged in a series of meetings and correspondence with ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager, ARDOC's Site Based Agent for WTRF, and ARDOC's PREA Coordinator (PC). The goal was to discuss the recommended corrective actions needed to meet compliance with this standard. After the meetings and email correspondence, ARDOC's Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager submitted WTRF's 1 previously reviewed PREA investigation's FULL/ COMPLETE investigation packet (1 Substantiated Resident on Resident Sexual Harassment), which contained all the previously mentioned content, as well as its completed "<i>Determination of Outcome</i>" cover sheet. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.271.

Auditor Discussion

This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.272. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" #1A-27 as evidence of compliance with PREA Standard 115.272. An excerpt states, *"No standard higher than a preponderance of the evidence shall be imposed in determining whether allegations of Sexual Abuse or Sexual Harassment are Substantiated for administrative investigations."*

This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and concluded that it has the necessary language to align with PREA Standard 115.272.

This PREA auditor also reviewed ARDOC's "Coordinated Response Plan," which is a written prescription of the actions and conduct of all ARDOC facility level and agency level staff involved in incidents of sexual abuse and sexual harassment (amongst staff first responders, medical and mental health practitioners, investigators, and facility leadership). Excerpts from ARDOC's "Coordinated Response Plan" states,

DETERMINATION OF FINDINGS:

All sexual abuse allegations will receive an Internal Affairs investigation. The Internal Affairs Administrator, Deputy Director, Director, and Secretary will determine the investigative outcome for all sexual abuse investigations. There are three potential investigative outcomes for sexual abuse investigations:

1. **Substantiated:** Allegation was determined to have occurred
2. **Unsubstantiated:** Investigation produced insufficient evidence to make a final determination
3. **Unfounded:** Allegation was determined to not have occurred

While onsite, this auditor also interviewed 2 ARDOC Administrative PREA Investigators assigned to investigations at contracted reentry facilities. This auditor shared a scenario of a resident being sexually assaulted in the shower, and asked, *"What is the PREA Investigator's coordinated responsibilities?"* Both investigators knew their responsibilities of evidence collection, Miranda/Garrity rights, interviewing procedures, understanding victim trauma, and investigation report-writing protocols. The PREA Coordinator then reviews the findings and recommendations before making any necessary adjustments as needed. The PC then concludes the PREA Investigation or refers it to ARDOC's Internal Affairs for review/further investigation (if criminal in nature).

ARDOC's designated Administrative PREA Investigators shared that there have been 1 sexual harassment PREA investigation in the past 12 months at WTRF. Furthermore, the investigation reports had a detailed summary of the investigation. However, this auditor did not observe ARDOC's "*Determination of Outcomes*" cover sheet (shares the outcomes of the PREA Administrative Investigation), which accompanies ARDOC PREA Investigations and contains the required preponderance of evidence.

This auditor recommended WTRF include their "*Determination of Outcome*" cover sheet with each concluded PREA Investigation report, to identify the preponderance of evidence outcome to the PREA Investigation. This auditor also recommended WTRF establish consistency of practice in producing complete PREA Investigation reports before compliance can be determined. This PREA auditor concluded that Wings to Recover Re-Entry Facility (WTRF) was not in compliance with PREA Standard 115.272. Corrective Action was required.

This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.272.

	Auditor Overall Determination: Meets Standard
	Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.273. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" #1A-27 as evidence of compliance with PREA Standard 115.273. It states, <i>"The Victim shall be informed within thirty (30) days of the conclusion of the investigation."</i> <i>It shall be documented when the:</i> <i>a. Allegation has been determined to be Substantiated, Unsubstantiated, or Unfounded.</i> <i>b. Perpetrator is no longer posted within the Victim's unit.</i> <i>c. Perpetrator is no longer employed. d. Perpetrator has been indicted or convicted on a charge related to the Sexual Abuse.</i> <i>The obligation to inform the Victim shall terminate if they are released from custody."</i> This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and concluded that it has the necessary language to align with PREA Standard 115.273. This PREA auditor also reviewed ARDOC's "Coordinated Response Plan," which is a written prescription of the actions and conduct of all ARDOC facility level and agency level staff involved in incidents of sexual abuse and sexual harassment (amongst staff first responders, medical and mental health practitioners,

investigators, and facility leadership). Excerpts from ARDOC's "Coordinated Response Plan" states,

OFFENDER NOTIFICATION

PREA Coordinator: Upon notification of an investigative outcome of sexual abuse, the PREA Coordinator shall complete the following duties:

1) Send notification of the investigative outcome ("Sexual Abuse Notification Form") to the PREA Compliance Manager.

PREA Compliance Manager: Upon notification of an investigative outcome of sexual abuse, the PREA Compliance Manager shall complete the following duties:

2) Ensure victim receives notification of their sexual abuse investigative outcome provided by the PREA Coordinator."

While on site, this auditor interviewed 2 ARDOC Administrative PREA Investigators, who are designated to conduct PREA investigations at all ARDOC contracted Reentry Facilities. Each interviewed investigator knew their responsibilities regarding evidence collection, Miranda/Garrity rights, interviewing procedures, retaliation monitoring, and report-writing protocols, and evidentiary standards for administrative PREA investigations. ARDOC's PREA Coordinator also submitted copies of these 2 PREA Investigator's Specialized Training through ARDOC's "Sexual Abuse Investigations Training" (SAIT)."

This auditor interviewed ARDOC's PC, she shared that at the conclusion of all sexual abuse PREA Investigations, she completes the contents of the "Notice of Investigation Status" (resident notification), then emails it to the facility's PREA Compliance Manager (PCM). The facility's PCM is responsible for presenting/ delivering the resident notification to the resident who initially made the PREA allegation/alleged victim. Once the "Notice of Investigation Status" (resident notification) is presented/delivered to the resident, the resident signs, acknowledging receipt of the notification. ARDOC's PREA Coordinator further shared that the completed "Notice of PREA Investigation Status" (resident notification) is this uploaded in ARDOC's "eOmis" system.

This auditor requested to review PREA investigations within the past 12 months. ARDOC's 2 assigned PREA Investigators and ARDOC's Assistant Area Manager for Contracted Reentry Facilities shared that WTRF had 1 sexual harassment investigations within the past 12 months. This was confirmed by ARDOC's PREA Coordinator (PC), as well as ARDOC's Assistant Area Manager and Area Manager for Contracted Reentry facilities. This auditor requested and reviewed the completed investigation to gain insight into ARDOC PREA Investigator's reporting style and investigation content. The reviewed investigation file submitted was neatly organized, had detailed and robust content from initial incident and interviews to evidence identification. Furthermore, the investigation reports had a detailed summary of the investigation. ARDOC's Assistant Area Manager stated that if it was a sexual abuse case there would be a "Notice of PREA Investigation Status"

	(resident notification) within the completed file. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.273.

115.276	Disciplinary sanctions for staff
	Auditor Overall Determination: Meets Standard
	Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.276. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the “Arkansas Department of Corrections PREA Secretarial Directive (2025-02)” as evidence of compliance with PREA Standard 115.276. An excerpt states, <i>“a. Staff shall be subject to disciplinary sanctions up to and including termination for violating Sexual Abuse or Sexual Harassment policies.</i> <i>b. Termination shall be the presumptive disciplinary sanction for Staff who engage in Sexual Abuse. The former employee will not be eligible for rehire.</i> <i>c. Disciplinary sanctions shall be commensurate with the nature and circumstances of the acts committed and the Staff member’s disciplinary history.</i> <i>d. All terminations for Sexual Abuse, or resignations of Staff who would have been terminated if not for their resignation, will be reported to law enforcement agencies, unless the activity was clearly not criminal, and to any relevant licensing bodies.”</i> This auditor reviewed “ARDOC’s Secretarial Directive (2025-02)” and concluded that it has the necessary language to align with PREA Standard 115.276. While on site, this auditor interviewed ARDOC’s Area Manager and Assistant Area Manager for Contracted Reentry Facilities who shared that ARDOC’s and WTRF’s responses for substantiated outcomes of staff sexual abuse and sexual harassment investigations can range in various forms of disciplinary actions, up to termination and criminal referral. This auditor also interviewed ARDOC’s PREA Coordinator, who shared that once ARDOC’s Internal Affairs concludes/affirms that the investigation is substantiated for staff sexual abuse, they take immediate legal action, and termination is ARDOC’s presumptive response. After this onsite audit, this auditor contacted and interviewed ARDOC’s Internal Affairs Director (via ZOOM). He confirmed ARDOC’s “Zero Tolerance” policy for sexual abuse and sexual

	harassment, as well as the information shared by ARDOC's Area Manager and PREA Coordinator. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.276.

115.278	Disciplinary sanctions for residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center’s Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.278. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the “Arkansas Department of Corrections PREA Secretarial Directive (2025-02)” as evidence of compliance with PREA Standard 115.278. An excerpt states, <i>“a. Offenders may be disciplined for Substantiated incidents of Offender-on-Offender Sexual Abuse. If an Offender has pending disciplinary sanctions for Offender-on-Offender Sexual Abuse, consideration shall be given as to whether the Offender’s mental disabilities or mental illness contributed to his or her behavior when determining what level of sanction, if any, will be imposed.</i> <i>b. An Offender may be labeled as a PREA Sex Offender in eOMIS for any substantiated allegation of Sexual Abuse. The PREA Sex Offender precaution shall be approved by the facility PCM and DOC PREA Coordinator.</i> <i>c. Offenders may not be disciplined for Sexual Abuse of a Staff member if the Staff member consented.</i> <i>d. An Offender may be disciplined for reporting a false allegation of Sexual Abuse or Sexual Harassment only where the facility can demonstrate the false allegation was knowingly made in bad faith. A report made in good faith based upon a reasonable belief that the conduct occurred shall not constitute a false report or lying even if an investigation does not establish evidence sufficient to substantiate the allegation.</i> <i>e. An Offender may be disciplined for abusing the PREA Hotline. Abuse includes, but is not limited to:</i> <i>i Calling about a non-PREA related issue;</i> <i>ii. Repeatedly calling about the same allegation; or</i> <i>iii. Threatening the safety of Staff or other Offenders.”</i>

This auditor also reviewed “Arkansas Department of Corrections Administrative Directive (2025-04)-Inmate Disciplinary Manual” as evidence of compliance with PREA Standard 115.278. An excerpt states, “*PREA Charge = Any Rule Violation that is connected to the Prison Rape Elimination Act (PREA) and requires a response directed by the Department’s PREA Policy. The outcome for a PREA violation may direct a precaution to be entered into the electronic offender file indicating predator or victim identifications. This would include incidents of:*

1. *Sexual misconduct;*
2. *Rape or forced sexual act;*
3. *Masturbation in the presence of another;*
4. *Sexual threats;*
5. *Sexual harassment;*
6. *Demanding sexual acts in trade; and*
7. *Aiding or abetting in any of the above.*

Additionally, ARDOC’s Administrative Directive (2025-04) identifies the following acts are considered “**CLASS A**” penalty class behaviors. Class A behaviors are the highest disciplinary behaviors within all ARDOC’s facilities. The PREA related behaviors are as follows:

SEXUAL ACTIVITY CATEGORIES

Rape is a crime and may result in criminal prosecution for a Class Y Felony. If convicted, may result in a life sentence.*

This auditor reviewed “ARDOC’s Secretarial Directive (2025-02)” and “Administrative Directive (2024-04),” concluding that both has the necessary language to align with

	PREA Standard 115.278. While onsite, this auditor interviewed 10 randomly selected residents and asked about WTRF's rules and sanctions for resident-on resident sexual abuse or sexual harassment. All 10 residents were clear that sexual abuse and sexual harassment is not tolerated at ARDOC facilities, specifically WTRF. Each interviewed resident also stated that sexual abuse is not tolerated and is a "CLASS A" infraction. This PREA auditor also interviewed ARDOC's Area Manager for Contracted Reentry Facilities and PREA Coordinator. Both individually shared that WTRF's protocol on substantiated resident-on-resident sexual abuse investigations. Both were aligned with ARDOC's above-mentioned directives on resident sanctions for sexual abuse/sexual harassment. ARDOC's Area Manager for Contracted Reentry Facilities also shared that sanctions for residents may be removal from WTRF's program and transferred back to an ARDOC facility of higher custody/security. Finally, ARDOC's Area Manager for Contracted Reentry Facilities and PREA Coordinator shared that resident sanctions are commensurate with the nature and circumstances of the abuse committed, the resident's disciplinary history, and the sanctions imposed for comparable offenses by other residents with similar histories. Each also shared that the disciplinary committee does take into consideration any diagnosed/documented history of mental health/mental disabilities prior to making sanction determinations. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.278.

	Auditor Overall Determination: Meets Standard
	Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.282. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" as evidence of compliance with PREA Standard 115.282. An excerpt states, <i>"a. All Offenders who have been Victims of Sexual Abuse in any correctional facility shall be offered medical and mental health evaluations and, as appropriate, any necessary treatment related to Sexual Abuse. This includes timely and unimpeded access to emergency medical treatment and crisis intervention services, the nature and scope of which shall be determined by medical and mental health practitioners according to their professional judgment."</i>

This also includes timely and comprehensive information about emergency contraception, pregnancy testing, sexually transmitted infection testing and prophylaxis, and lawful pregnancy-related medical services deemed appropriate by the medical practitioner.

b. Mental health practitioners shall attempt to conduct an evaluation on all known Offender-on-Offender Perpetrators within sixty (60) days of learning of such abuse and provide treatment as deemed appropriate.

c. Current and previous Victims of Sexual Abuse shall receive any medical and mental health services related to the Sexual Abuse at no cost to the Offender."

This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and has concluded that it has the necessary language to align with PREA Standard 115.282.

While on site, this auditor conducted an exhaustive tour of WTRF and did not see a medical triage area or medical services at WTRF. This auditor interviewed WTRF's Facility Director who shared that WTRF primarily utilizes "Southwest Arkansas Regional Medical Center" for medical services for their residents, "Dallas County Medical Center" for SANE/SAFE services, as well as "Lumina" for mental health services for WTRF residents. ARDOC's Onsite Based Reentry Agent and WTRF's Program Coordinator assist residents in navigating the services WTRF residents need. WTRF's Facility Director further shared that medical and mental health decisions are made based on "Southwest Arkansas Regional Medical Center," "Dallas County Medical Center," and Lumina's mental health team's professional judgements.

Additionally, WTRF's Facility Director shared that WTRF staff work together to ensure that the resident victims receive appropriate medical and mental health care, as well as emotional support provisions. WTRF resident victims of sexual abuse receive unimpeded access to medical services with community partner hospitals for acute/serious medical services. Finally, WTRF's Facility Director shared that medical, mental health, and crisis intervention services are provided to the victims of sexual abuse without financial cost. WTRF's Facility Director further stated that residents, who are victims, are offered sexually transmitted infections prophylaxis, informed about emergency contraception, and provided follow-up medical services through the local hospital where the resident is transported.

Finally, this auditor interviewed a random selection of 10 residents, asking about the effectiveness of medical and mental health care. All 10 residents shared positive responses about the provision of support and assistance by WTRF and ARDOC team of staff. There was consistency in responses to "sick residents" turnaround time is within 24 hours.

This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.282.

115.286	Sexual abuse incident reviews
	Auditor Overall Determination: Meets Standard
	Auditor Discussion This PREA Auditor reviewed Wings to Recover Re-Entry Facility (WTRF) pre-audit evidentiary documents uploaded via PREA Resource Center's Online Audit System (OAS), as well as documents submitted through other electronic sources. This PREA Auditor also relied upon documentation from on-site interviews, as well as on-site documents/files reviewed and observations to determine compliance for Standard 115.286. Wings to Recover Re-Entry Facility follows the Arkansas Department of Corrections policies and submitted the "Arkansas Department of Corrections PREA Secretarial Directive (2025-02)" as evidence of compliance with PREA Standard 115.286. An excerpt states, <i>"All facilities shall conduct a review, ordinarily within thirty (30) days, at the conclusion of every Sexual Abuse investigation unless the allegation was determined to be Unfounded. An investigation shall be deemed to be concluded upon the review and approval of the investigation report by the Internal Affairs Division, Division Director, and the Secretary. The review team shall consist of upper-level management officials with input from line supervisors, investigators, and medical or mental health practitioners. The review team shall:</i> <i>a. Consider whether the allegation or investigation indicated a need to revise policies or practices to better prevent, detect, or respond to Sexual Abuse.</i> <i>b. Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; LGBTI identification, status, or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.</i>

c. Examine the area in the facility where the incident occurred to assess whether physical barriers in the area may enable abuse.

d. Assess the adequacy of Staffing levels in that area during different shifts.

e. Assess whether monitoring technology should be deployed or augmented to supplement supervision by Staff.

f. Prepare a report of its findings, including determinations made from sections a-e and any recommendations for improvement and submit the report to the facility head and PCM.

The facility shall implement the recommendations for improvement or shall document its reasons for not doing so."

This auditor reviewed "ARDOC's Secretarial Directive (2025-02)" and has concluded that it has the necessary language to align with PREA Standard 115.286.

While on site, this auditor interviewed ARDOC's PREA Coordinator (PC) and Assistant Area Manager for Contracted Reentry Facilities/PREA Compliance Manager (PCM). Both shared that *Sexual Abuse Incident Reviews (SAIR)* occur within 30 days of the conclusion of sexual abuse investigations. The SAIR team includes WTRF Facility Director, PREA Investigator, Assistant Area Manager/PCM, Area Manager for Contracted Reentry Facilities, the Reentry Administrative Investigator and Security Staff.

This auditor requested to see a random selection of SAIR's from completed sexual abuse investigations which occurred within the past 12 months. ARDOC's PREA Coordinator shared that WTRF has not had any sexual abuse investigations in the past 12 months. However, ARDOC's PREA Coordinator submitted ARDOC's "30-Day Sexual Abuse Incident Review" form used when review meeting occurs.

Additionally, ARDOC's Assistant Area Manager of Reentry Facility submitted an SAIR completed for a sexual harassment case. The form contained all the components which align with PREA Standard 115.286. The review questions within ARDOC's "30-Day Sexual Abuse Incident Review" included:

- 1. Identifying whether the allegation or investigation indicates a need to change ARDOC's policy or practice to better prevent, detect, or respond to sexual abuse.*
- 2. Identifying whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.*
- 3. Assessing the area in the facility where the incident allegedly occurred to assess whether blind spots or barriers in the area may enable abuse.*
- 4. Assessing staffing levels in that area during the shift at the time of the incident.*
- 5. Assessing whether there's a need for video/audio monitoring technology to*

	<i>supplement supervision by staff.</i> ARDOC's "30-Day Sexual Abuse Incident Review" form culminates to a findings and recommendations section, which determines need based on the above-mentioned assessments by the SAIR team. Finally, this auditor interviewed 10 randomly selected WTRF residents asking, "Have you reported or has there been any reports of sexual abuse or sexual harassment at WTRF since you've been here?" Each interviewed resident shared that they have not reported sexual abuse or sexual harassment, and do not recall any incidents of sexual abuse or sexual harassment occurring at WTRF. This PREA auditor concludes that Wings to Recover Re-Entry Facility (WTRF) is in compliance with PREA Standard 115.286.
